'Sock Hop' To Highlight Schiller Yule Activities

Schiller Recreation Center will hold its annual holiday "Sock-Hop" in the gymnasium on Tuesday evening, Dec. 29, from 8 p.m. to 11 p.m. The theme for the dance will be a "Sugar Plum" Dance.

The lobby of Schiller will take on the effect of a large living room, with its 10 foot Christmas tree gaily decorated and lighted. There will be a huge fireplace with glowing logs and electric candles and a miniature organ with angelic carolers atop the mantel. Two gleaming holly wreaths with lighted candles will hang from the ceiling and each door will be decorated in a different manner. The two French doors in the main lobby will represent carolers peering through the glass and singing Christmas songs, while the other doors of the lobby will be decorated to represent Christmas packages, a gingerbread house, holly wreath and a steaming tea kettle with the steam issuing forth the seasons greetings.

The gymnasium will be decorated with the sugar-plum theme, a canopy of candy colored streamers over the bandstand and large lighted peppermint sticks in each of the windows. Frosty the snowman will also have a place in the decor as well as several lighted Christmas trees.

The music will be played by Howard Mauger and his Orchestra, furnished through the courtesy of the Columbus Federation of Musicians in co-operation with the Music Performance Trust Fund. At intermission time entertainment will be provided by the "Melio-Notes," girls trio consisting of Charlotte and Charlene Highland and Martha Rader.

Refreshments will be served and a contest will be held to decide which boy and girl is wearing the loudest pair of socks or slipper sox.

No shoes will be permitted on the dance floor. A check room will be provided for coats and shoes.

The public is cordially invited, mon, pop, grandma, grandpa and the kids

CHRISTMAS SEAL BOOSTER — Odes Stephens, 1216 S. Ohio-av, recently discharged from Benjamin Franklin (TB) Hospital, is an enthusiastic booster of the 1959 Christmas seal campaign. He knows that Christmas seal-financed research has cut hospitalization time for TB patients more than in half. Stephens will hear Christmas carols at home this year instead of spinning records for fellow Benjamin Franklin patients.

Former Ben Franklin Dejay Spinning Platters At Home

"Disc Jockey Wanted" reads the sign on the control room window of Benjamin Franklin (TB) Hospital's radio station—WBFH.

The vacancy occurred when Odes Stephens, 1216 S. Ohio-av, WBFH's ace deejay was recently discharged after being hospitalized seven months with active tuberculosis.

This was the 24-year-old former truck driver's third bout with TB.

New drugs, found through Christmas seal-financed medical research, have drastically cut hospitalization time for tuberculosis patients. Seven years ago the average hospital stay was 19 months. Today, the average is eight months.

"Believe me, records sound a hundred times better when I'm listening to them in my own living room, with my wife, Ruby, beside me," declared the ex-platter spinner.

ON THE WAY—In model stage now, but closer to reality in 1960 will be the Columbus Metropolitan Senior Citizens Housing and Recreation Center. Mr. and Mrs. Samuel M. Orwig, 393 W. Ninth-av, (center) learn how many people their own age will benefit from the new facility near Sunshine Park. (He is a former president of the Sunshine Golden Age Club.) Describing the model are Russell Taylor, left, director of the Columbus Metropolitan Housing Association, and Nick J. Barack, city recreation director.

Center For Aged Coming In 1960

Will Provide Low Cost Housing, Recreation

Older folks are not being forgotten by planners for the future . . . at least in the Columbus Metropolitan area.

Probably one of the most spectacular constructions in the county in 1960 will be the Senior Citizens center at the eastern extreme of Sullivant-av. Its combined housing and recreation facilities will be open to the elderly on a county-wide basis.

The $2.5 million project will rise on a 3.7-acre plot already purchased. It will be cleared of houses in the next few months. If all goes well the center could be ready for use by autumn, 1961.

Planners have not veered much from their orginal concept of a year ago. They contemplate a park-like layout surrounding two buildings—one a 10-story apartment with 176 low-cost dwellings, the other a sleek one-floor recreation building.

Merger Of Ideas

The center is a merger of ideas which stemmed from a meeting in Mayor Sensenbrenner's office about 18 months ago. The mayor had been impressed with what he had seen in the way of apartments for the elderly on the West Coast. He asked Russell Taylor, of the Columbus Metropolitan Housing about the possibility of building something like it here.

N. J. Barack of the city recreation department was also present and told about the need for new quarters for some 700 Golden Agers who look to the city for help in whittling down their lonely hours. They now meet in the basement of Old Memorial Hall which is cramped, in need of repairs and is costly to maintain.

Barack suggested that the site north of Sunshine Park be expanded to accommodate a combination of the two needs. In the intervening month the last of 27 old properties has been appropriated and demolition bids will probably be advertised by Mar. 1.

According to MHA Director Taylor the new center will offer the following: In the high-rise building, 176 apartments for persons of low income, 65 years of age or older. Selection of residents would be on the basis of greatest need. Rentals would possibly run from $30 to $62 a month, including utilities. Half of the units would consist of living room, kitchen and one bedroom; the remainder would be divided between efficiency apartments and two bedroom units. Large parking lots would supply 80 percent off-street parking. The innerbelt runs nearby.

City To Staff Recreation

Director Barack said the recreation building is to be built with funds supplied from the MHA housing formula and $330,000 already alloted by the city.

It would feature an auditorium seating [illegible] to 600; a kitchen and adjacent area to feed 50, expandable to 400 in the auditorium. Basement rooms would be designed for games, TV, music, etc.

Use of the facilities would not be restricted to Golden Age clubs alone but would be open to all individuals. Recreation department personnel would staff the building.

One official summarized: "It won't solve all our problems but we think it is a step in the right direction. And other communities around the nation are bound to study it."

Reduced Fire Insurance Rates To Benefit Schools

Franklin County schools will be saved hundreds of dollars as a result of a reduction in school fire insurance rates as result of new rate schedules effective Dec 21

Donald G. Simmons, president of the Ohio School Boards Association estimates $640,000 will be saved by the state's schools in 1960 as result of the reductions which range between 25 and 30 percent.

The reduced rates apply to fire resistant and brick institutional buildings, such as schools, hospitals, libraries, etc. The reduction was brought about by the low fire loss experience in this classification of buildings according to the State Department of Insurance which announced the lower charges.

In a letter to school officials, Mr. Timmons stated that the Association had been working for two years gathering information on school insurance expenditures and fire loss in an effort to effect the rate change The study was conducted for the Association by Dr. Kenneth Crim, assistant superintendent of Montgomery County schools.

New Ruling May Mean End Of Football Preview Games

Football preview games may be a thing of the past.

This was made a definite possibility last week when officials of Ohio High School Athletic Association members schools convincingly voted to move up the first day of football practice to the third Friday in August.

At the same time, a new schedule for games was outlined limiting inter-school activity to the dates between Labor Day and the first Saturday following Thanksgiving.

The old regulation used to permit practice to start on Aug. 20.

Allowed to play a regular game the first weekend after Labor Day, the week when most schools reopen, many coaches are expected to drop their preview dates and schedule regulation tilts.

There are several reasons for this. Most coaches feel that preview games are no real help to their team. And it gives them a chance to play their regular schedule finishing before the cool weather sets in.

In addition, the new schedule makes available 12 weekend dates. While some schools won't change their schedule of games, there is a distinct possibility that many will pick up a game or two and play 10 or even 11 games.

So don't be surprised when it is suddenly announced that there won't be as many preview games as expected this fall. As far as I am concerned, these half-serious tilts merely made the agony of waiting for the real show to get underway even more unbearable.

Canton Timken's dream of coming to the state tournament will take some doing to be realized.

That was South High Coach John Colmery's comment last week after his Bulldog cagers just suffered their fourth loss in five starts to the undefeated Trojans.

"With our patched up lineup, we were ahead twice by five, but couldn't maintain it," Colmery pointed out.

Sizing up his own team's chances in the coming games Colmery added:

"Mid-year looks like our hope to be the team I thought we could. Don Jagerski lost 12 pounds in his illness and returns after the holidays. Al Wilson is recovering from hand surgery.

"Mitchell Swain, 6-3 East transfer, becomes eligible at mid-year. Meanwhile we'll try to be as strong as possible."

Newark, South's sixth cage opponent, was the fifth school boasting an undefeated mark going into the game with the Bulldogs.

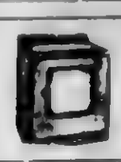
Gas Fumes Kill South Side Woman

A South Side widow, Mrs. Mary Stevison, 110 Concord-st, was found dead in her home from carbon monoxide poisoning, early Sunday night by Columbus police.

The police were notified by a long-time family friend, Donald Ward, after he tried to awaken her Ward said he visits her weekly to run errands for her. When police arrived they gained entrance to the small frame dwelling by kicking in the front door



According to reports, Mrs Stevison was sitting in a chair in the living room where there was a small gas stove. The door to the living room was cl[illegible]

A carbon monoxide test made of the gas stove by Fire Lt. Albert D. Ferrand showed it was giving off enough of the deadly gas to cause death within four hours. The body was removed to University Hospital for further study.

Mrs. Stevison is survived by two sons: Mark, a patient at Columbus State Hospital, and Robert of Cleveland.

Services were held at the Graumlich Funeral Home, Wednesday. Burial was in Mifflin Cemetery, Gahanna.

Three South Siders Spend Holiday Near The Equator

Three South Side travellers enjoyed an exciting holiday, but a "white Christmas" was impossible for them, because their journey took them close to the Equator. Ruth Swisher, 582 Siebert-st, with Lucille and Ruthie Walston, 476 Whittier-st, departed on Dec. 20 for New Orleans, where they left their automobile and boarded a plane for Costa Rica. In Costa Rica, Miss Swisher and Mrs. Walston are enjoying a reunion with their sister, Eileen Di Franco, who resides in that small country while her husband is engaged in government work there. After the reunion, the Columbusites will return to New Orleans in time to spend New Year's Eve in that Louisiana city. Then they will start the homeward trek northward. Due to Eileen's globe-trotting husband, the Swisher family has had some interesting trips . . . one of which was to Italy when there. The mother of the three women, Mrs. Ray Swisher of the Siebert-st address, is on the ailing list, incidentally, so that's a hint for the card-minded.

Another ailing member of the community is Mrs. A. K Graumlich, who was a patient in Mercy Hospital the last report we had about her. Mrs. Graumlich is the wife of the well-known funeral director and the mother of the busy Mary Mason.

We didn't mean to slight two members of the Clark family, birthday-wise, last week, so belated greetings to Jim Clark, as of Dec. 13, and to his big sister, Wanda, on Dec. 23. The Clarks reside at 1042 Lockbourne-av.

It's time once again to send anniversary and birthday greetings to the Frye family of 1660 S. Fourth-st as Jan. 1, 1960, brings the 26th year of wedded life for Judy and Dohrman, and birthdays for Dohrman and his son, Robert. Jan. 1 is also the birthdate for Helen Branscome, now a resident of Parsons-av, formerly of Goethe-st. Eleanor Mays, 516 Forest-st, has a Jan. 3 natal day, while Betty Porzik, Hinman-av, celebrates on the fourth of the month. Jan. 5 is "candles and cake" day for Josephine Poeschel, 329 E. Jenkins-av, and our "old" sidekick Marge Hoptry, grows older on Jan. 6. Marge resides at 280 Southwood-av.

We didn't get to talk to him personally, but we saw Roger Brown, now a marine, sailing around the South Side last week. We don't know how long he'll be home on furlough, but we're glad to know he was able to make the trip after his long siege in the hospital for an infection.

The Weisner family of 308 Southwood-av, has spent the past week in Indiana, visiting relatives.

The Camp Fire Girl office will begin taking reservations for weekend camping groups from September through December, 1960, on Jan. 4. We don't know any of the details, but the Camp Fire Girl schedule showed a Horizon Club Christmas brunch slated for Tuesday, Dec. 29. Another group that met on that date was the Franklin County Christian Endeavor Union, which had a holiday banquet planned for 7 p.m.

The last day of the year means "birthday" to three of our listed children, while the remainder of the kiddies will celebrate in the brand new year of 1960. Celebrants we know about are these . . . Michael Hunter, January 3; James Burchett, Jan. 5; Richard Gaulke, Jan. 3; Richard Ellis, Dec. 31; Susan McFadyen, Jan. 5; Kay Crego, Jan. 2; Terry Bradley, Jan. 4; Darrell Hughes, Jan. 6; Charles O'Neill, Jan. 2; Billy Bean, Jan. 1; Roy Cassady, Jan. 3; Janet Eagon, Jan. 4; Danny Cornett, Jan. 3; Marlin Harrington, Dec. 31; Richard Woods, Dec. 31.

Trudeau Guild 25 will meet on Wednesday, Jan. 6, in the home of Mrs. Lorraine Rskin, 1713 S. Sixth-st.

Lennie and Ed Bornshine, 1623 Oakwood-av, spent their Christmas holiday with their daughter, Donna, who is now a resident of Florida.

Mr. and Mrs. J. V. Wilson, 1395 S. Sixth-st, visited their daughter, Imogene, Brown, in Birmingham, Mich, during the holiday season.

Mr. and Mrs. Joe Cherryholmes, 618 Markison-av, had as their holiday guests their son and daughter-in-law, Rev. and Mrs. Ed Cherryholmes, from Ypsilanti, Mich. The younger Cherryholmes returned to the Wolverine state on Dec. 28.

And now, may we wish a healthful, happy 1960 to all our readers? May each of you enjoy the finest year you've ever experienced.

Ohio will have a part in the erection of Indiana's new State Office Building. South Church To Install New Pastor

REV. D. L. DERRICK

Dr. Herold Monroe, of Cleveland, general secretary of the Ohio Christian Missionary Society, will be guest speaker Sunday, Jan. 3, when Rev. Dwaine E. Derrick is installed as pastor of South Church of Christ at Woodrow-av and Bruck-st.

The service will be held at 2.30 p.m.

Rev. Mr. Derrick, 31, who attended Freed-Hardman College at Henderson, Tenn., comes to Columbus South from Sunman Community Church, Sunman, Ind. A native of Ohio, he also has held pastorates at Cincinnati and Acton, Tenn.

The Trojans, noted for their pressing offense, trailed the Bulldogs after the first quarter, 11-8, but managed a 25-22 halftimetime lead and were ahead 48-32 when the final period got under way.

Bill Young was high scorer for the Pups, meshing 14 counters, while Gene Harper connected for 12. Dick Mikes, Timken forward, was top gunner of the night with 17 counters.

LITTLE MISS 1960 — Honors and gifts galore greeted the arrival of Phyllis Ann Lowe, daughter of Mr. and Mrs. Teddy G. Lowe, first New Year's baby in the city, and, of course, in the South Side. As winner of the South Side Leader Stork Derby she received prize gifts and services from area merchants.

Lowe Baby Captures Stork Derby Crown, Prize Gifts

First citizen of the year around our end of town, was also the first arrival in the city on Jan. 1. She made her debut at 12:07 a.m. at Doctors Hospital, weighing in at five pounds, 13½ ounces.

Little Phyllis Ann Lowe, the daughter of Mr. and Mrs. Teddy G. Lowe of 817 Ann-st, claimed first baby of the year honors in the city as well as in the community.

South Side merchants joined in presenting a congratulatory shower of gifts for the Stork Derby winner and her family.

Lowe, 28, is a fork-lift operator for a beverage firm. The baby is the couple's third child.

Children's Hospital Is First Child Defect Center In Nation

Dedication Opens '60 Dime Drive

Dedication of the first New March of Dimes-sponsored Birth Defects Study Center was held at Children's Hospital this week. The initial dedication took place Monday at Children's Hospital.

The National Foundation is focusing national attention on a serious childhood health problem that has not received the medical attention it deserves.

With a grant of $49,500 to Children's Hospital, The National Foundation is establishing the first of a projected network of birth defects clinical research centers. The purpose is to combine care for birth defects victims with research and teaching. Preventives will be sought and new and improved treatment techniques will be developed and demonstrated to medical personnel who will put them into practice elsewhere.

The project is made possible by public contributions to the New March of Dimes. The opening of the 1960 campaign was marked during ceremonies dedicating the Birth Defects Study Center Monday morning.

Director Named

Director of the center is Dr. William O. Robertson, department of pediatrics of Children's Hospital and instructor in pediatrics, Ohio State University School of Medicine. The Columbus project will concentrate on clinical study of congenital malformations of the central nervous system.

Child abnormalities offer many complex treatment problems about which not enough is known. Before the development in recent years of improved surgical treatment techniques, few children born with such defects lived beyond infancy.

At the Birth Defects Center, a team of medical specialists has been organized to combine their knowledge and skills in the care and treatment of these patients. Members of the team at Children's Hospital include a neurosurgeon, pediatrician, orthopedic surgeon, physiatrist, psychiatrist, physical therapist, nurse and medical social worker and statistician.

Clinics Held

The Birth Defects Study Center already is holding weekly clinic sessions for patients with birth defects of the central nervous system well enough to live at home. Care of these patients must continue for many years and often involves rehabilitation and home care procedures as well as repeated operations. The center project will be concerned with organization of long-range total-care programs, systematic studies of patients with these defects for long periods of time, development of better methods of early diagnosis and critical evaluation of treatment procedures.

With the Columbus center and future birth defects centers, The National Foundation hopes to achieve comparable victories in improving the art of healing for victims of congenital malformations.

O'Connor Speaks

Basil O'Connor, president of the health organization which this month is seeking $64 million for study and treatment of birth defects, and arthritis in addition to continued work in polio, was one of the speakers at the dedicatory ceremonies. After the plaque was unveiled, he said:

"The New March of Dimes opens today. Its history waits to be written. Here at Children's Hospital in Columbus we begin the first page of the first chapter of what will be a mighty volume. As presi-

Two New Area Schools Are Planned

By BETTY DAFT

Columbus School Board in a busy, first meeting of the year session, elected officers, raised salaries, approved the 1960 appropriations measure, and let contracts on the long-awaited administration building.

Board members also tentatively identified two sites on the South Side as locations for future schools.

A new junior high is planned within the next few years, and an elementary, to be finished in time for occupancy in September.

Site selected for the junior high building is a 12-acre tract on the southeast corner of High-st and Southgate-dr.

The building is part of the planned five-year school construction program, and will get under way when the need for a junior high in the area becomes apparent.

A small elementary building, to be ready for occupancy in September, will be built on eight acres of ground, not far from the proposed junior high site.

The tract is located 1500 feet south of Southgate-dr, and 1500 feet east of High-st, and lies along the west side of Eighth-st between Hilock and Stockbridge-rd.

All Salaries Raised

All 3500 of the city's school employes received salary raises, including teachers, administrative personnel and non-professional employes.

Supt. Harold H. Eibling's pay was increased to $20,500.

The annual appropriation measure was approved, calling for an expenditure of $30,337,555 in the coming year, an increase of $2,583,506 over the 1959 appropriation.

Contracts, totaling $630,919 for construction of the new administration building to be built just west of the existing structure at 270 E. State-st, were let.

General contract went to Sheaf Construction Co. for $402,449; plumbing to J. F. Oelgoetz Co., $30,650; heating, ventilating and cooling, M. Kuempel Co. for $131,370, and electrical contract to Electrical Contractors Inc., for $66,450.

The building is scheduled for completion by early 1961.

Tuition Rates Listed

Monthly tuition rates raised by the board for students living outside the city school district now are kindergarten, $10.37; grades one through six, $20.73; seven through nine, $31.74; and 10 through 12, $35.73.

Central Occupational School, $35.73; Third Street School For Girls, $44.96, and special schools for crippled, defective hearing and sight saving, $32.38.

Board members also voted to hold a special session Tuesday, Jan. 12, 4:30 p.m. to consider bids on the sale of $8 million in bonds to finance the 1960 construction program.

SANDUSKY-ST EXPRESSWAY, SOUTH, TO BE READY IN SEPTEMBER

SOUTHWEST EXPRESSWAY — This is a view that will be seen by drivers who will use the new expressway coming in from the Frank-rd-Jackson-pk area. The southwest expansion of the Sandusky-st expressway is scheduled to be finished by Sept. 30, 1960, according to engineers with the State Highway Department. At the present time the new expressway is open as far south as Greenlawn-av. Let's Face It!
Dismal Start For Bulldogs

Lady Luck Doesn't Seem To Know South Basketeers

How bad can things get?

South High School basketball Coach John Colmery hopes he knows the answer. Because if he doesn't, some really dark days loom ahead for his Bulldog cagers.

The Pups dropped their fifth of six starts last week to Newark, mustering only 30 points and fouling excessively in their worst defeat of the season.

Injuries have constantly plagued the South Basketeers since big Don Jagerski was knocked to the floor in the opening game at Newark. Since then, both Jagerski and Al Wilson have been in bed with two-week sieges of flu. Wilson also went through surgery on his hand.

On top of that, senior co-captain Paul Barton decided he could do more for his teammates cheering from the sidelines than playing and bowed graciously from the scene.

It's been rough at South High.

INJURED

Al Wilson . . . 6-3 junior . . . figured big in South High Coach John Colmery's plans suffered finger injury that required surgery . . . played against Newark with rubber pad over lanced finger . . . has to wait for injury to completely heal before reaching potential.

Unique Mixed Language Yule Card Brings Greeting

Though the holiday season is now in the past, the memories are still vivid ones, and Christmas cards are part of the memories certainly. A clever one sent from Costa Rica (Eileen Di Franco being the sender) just must be shared.

Here 'tis . . . 'Twas the night before Christmas and all through the Casa not a creature was stirring. Caramba! Que Pasa? The stockings were hung con mucho cuidado in hopes that St. Nicholas would feel igadoobl tS e hoa3 nowi feel obligado to leave a few cases aqui' and alli for Chico and Chica (and something for mi.) Los ninas are snuggled all safe in their comas (Some in vestidos and some in pajamas.) Their little cobezas all full of good things they esperan que old Santa will bring. Santa is down at the corner saloon muy borracho since mid afternoon. Moma' is sitting beside las ventanas shining her roiling pin para manana when Santa will come en un manner extrano lit up like the Star Spangled Banner cantondo. And Mama will send him to bed with a right Merry Christmas to all, and to all, a Goodnight.

Clever, what? Eileen was a Morrill-av resident in her South High School days, incidentally.

Word from another former Morrill-av resident, Danny Driscoll, tells us that he is now leading a rock 'n roll band in California. Danny is the nephew of the South Side Leader's Isabelle Coslett. A highly original Christmas card was sent to friends of the Vanscoy family, 1412 S. Fifth-st. A little red felt sock, containing two charms, had this little note, "May your stockings be filled with all the charms of an Old Fashioned Christmas." We imagine the postal employes had comment to make about the card that Kathy Melsop sent . . . it was nearly 14 inches long! Everyone of our cards were beautiful and so appreciated, but these mentioned were on the unusual side PLUS the fact we have a column to write and everyone's too busy to call and tell us about their activities!

Mrs. Colvin, of Donaldson-st took advantage of the holiday season to visit relatives and friends in eastern Pennsylvania. She should soon be returning from her two week visit.

The South High basketball team will once again plunge into its schedule with two dates this week. On Jan. 8, they meet Aquinas at that school, and on Jan. 9, will host Eastmoor.

Birthdays that occur in the second week of the new year are these . . . Beverly Chenault, Jan. 9; Nancy Fitzpatrick, Jan. 10; Johna Moore, Jan. 12; Tahlea Speakmon, Jan. 7; Brenda Workman, Jan. 9; Sonja McCormick, Jan. 13; Paul Hahnert, Jan. 13; Gary Binegar, Jan. 9; Howard Raffeld, Jan. 11; Lila Lee Claffey, Jan. 7; Jeanette Lee Shields, Jan. 10.

A Camp Fire Girl group, together since the young ladies were little Blue Birds, who then progressed through Camp Fire and Horizon Girls for ten (nearly eleven) years as a group, held the first of what is hoped to be an annual Christmas reunion in the home of one of the leaders, Mrs. Michael Skobrak, 1593 Oakwood-av. Mrs. Glenn Buller is the other leader. Attending the reunion were Mary Beth Whitacre, Carole Murphy, Sally Paulus, Jeannie Straub, Priscilla Dicke, Betty Skobrak, Nancy Buller, Linda Junk and Judy Marte. The groups' Camp Fire name is Re-Hi-Go (Reach High Goals). Four of the girls are seniors in high school, and four are college freshmen. Carol Murphy is married, tho we can't remember her new name!

A small group of Ohioans, including the Gadabout and the Irishman, will be attending an informal dinner at Capital University's Troutman Dining Room, Jan. 9, at 6 p.m. Following the dinner, the group will attend the Cap-Wittenberg basketball game, where they will be introduced to the audience. The reason? 'Cause they're the parents of the basketball players. (We're looking forward to Jan. 9, for its a "first-time" experience for this old gal!) The Fighting Lutherans also have a home game on Jan. 12, with Kenyon.

Adult birthdays at this time of the year . . . Kathrine Lawson and I-know-who, Jan. 7; Pauline Fleckner and Vivian Smith, Jan. 9; Mary Cahill, Jan. 11; Beulah Clark, Jan. 13; and Southwood's Alice Lacey, an early "Januaryite."

A combination birthday and New Year's Eve party was hosted by Helen and Clem Fisher on Dec. 31. Bill Kaufman was the honored birthday guest.

The Women's Guild of St. John's E and R Church installed their new officers for the coming year at 1 p.m. yesterday, Jan. 6. Officers are Mrs. Robert Karrer, president; Mrs. Arthur Welch, first vice-president; Mrs. Reginald Vernon, second vice-president; Mrs. Carl Teeters, secretary; Mrs. Carlton Long, treasurer.

Don't forget the weekly Wednesday dinners, from 5 to 7 p.m., have once again been resumed at the Moose Hall, 36 W. Sycamore-st. We don't know next week's menu, but we're sure it will be an excellent meal. $1 pays for an adult meal, 50 cents for children.

Trudeau Guild 10 will meet in the early evening on the night of Wednesday, Jan. 13 in the home of Mrs. William Hoptry, 280 Southwood-av. The hostess will serve light refreshments while the chairman, Mrs. Herb Hampton, conducts a brief business meeting. Following the meeting, the members will attend the RKO Grand Theater in a group.

The round of social activities associated with the holiday season included the younger teenage set and one such group was entertained by Jim Lyle, 408 Thurman-av on New Year's Eve. His guests were Lynn Chambers, Jerri Hampton, Carla Jividen, Sally Edwards, Ralph Denney, Tom Flocken and Pat Carey. The same Barret Junior High students, plus Tom Lutz, were guests in the home of Carla Jividen, 197 Frebis-av, on Saturday, Jan. 2.

The 1960 calendar we used to remind us of various South Side group monthly activities became passe about one week ago, so would the secretaries or publicity chairmen be kind enough to send us 1960 data on meeting times etc., for the new year? Such lists are a big help and wonderful timesavers too, in constructing a column such as this. We'd appreciate it, deeply.

dent of the National Foundation, I speak for the millions of contributors who have made possible this first birth defects study center in the United States."

O'Connor then continued by saying "Here will be sought, the answers to one of the most serious child health problems of our nation. Each year, 250,000 American infants are born defective. That is why The National Foundation, which sponsored the work of scientists who solved the secrets of polio, has chosen birth defects as one of the major targets of its new program."

Pioneering Effort

Mr. O'Connor concluded his speech to the radio, television and press with "this is a pioneering effort, a pilot project for other centers to come. Here at Children's Hospital, we dedicate the first birth defects study center to the children—the children of today who will benefit from expert treatment and the children of tomorrow who may be saved from crippling."

Dr. William O. Robertson, program director of the new center, said in response to Mr. O'Connor's message: "We have been given a tremendous opportunity and challenge to do productive research and to provide the best care for children with defects of the central nervous system. This requires a highly skilled team."

The plaque was unveiled by David Purdy, 2, of 3870 Bolton-av, who is a victim of open spine and excess fluid on the brain, who also has clubfeet as a result of the spinal condition. Young David symbolized at the ceremonies both the treatment needs of birth defects patients and the hope that the new National Foundation grant program offers for future victims of prenatal defects.

Demonstration Given

Also present at the ceremonies were Dr. William S. Clark, director of medical care of the National Foundation; Dr. Martin P. Sayers, chief of neurosurgery of Children's Hospital and Dr. Earl Baxter, chief of staff of the hospital.

The dedication ceremonies were followed by a patient demonstration program during which Dr. Robertson and Dr. Sayers and a medical team presented several small patients with birth defects from the Columbus area to illustrate medical care problems.

During the demonstration they explained what the new Birth Defects Study Center, established by the New March of Dimes, will try to do.

Pedestrians out walking after dark should wear something white or light-colored, according to the Columbus Automobile Club. Pedestrians also must remember to cross only at intersections.

CHEMICALS IN FOODS ARE NOT NEW

The practice of adding "chemicals" to food is a very old one. No doubt it began when man first learned to preserve his meat by putting salt on it. Through the centuries other methods of food preservation were invented.

During the past half-century the science of food chemistry has made tremendous progress. The growing, processing and packaging of food, so that it can be transported for thousands of miles and remain in good condition for months or years, is one of the wonders of modern civilization.

Chemical additives or "food additives" as they are now being called, have brought about great improvements in the American food supply. Unnoticed by many of us, our food supply has been going through an industrial revolution. With what results on health is the question many are now asking.

PUBLIC HEALTH SAFEGUARDS NECESSARY

Food and Drug Administration scientists appraising the situation in the mid-1950's knew that several hundred of these additives were being used. They knew also that some of those in use had not been thoroughly tested for safety. Under the law (the Federal Food, Drug and Cosmetic Act) as it was prior to Sept. 1958, the Food and Drug Administration could not stop the use of a chemical simply because it was questionable or had not been adequately tested.

It was necessary to be able to prove in court that the chemical was poisonous or deleterious. That took many years of feeding tests on different kinds of animals. Obviously, the law had to be changed so as to prevent an untested chemical from being tried out on the public.

A NEW LAW FOR CONSUMER PROTECTION

After eight years of extensive study by Congressional Committees, the Food Additives Amendment to the Federal Food, Drug and Cosmetics Act was signed into law on Sept. 6, 1958. It became fully effective for all new food additives six months from that date. An additional year was allowed for completing tests of chemicals already in use prior to January 1,

Jan. 1, 1958, in the absence of any reason to believe the chemical unsafe.

HOW THE NEW LAW WORKS

Food and chemical manufacturers are now required to run extensive animal feeding tests **before** they are marketed. Results of these tests must be submitted to the Food and Drug Administration. If Food and Drug Administration scientists are satisfied the additive will be safe, its use will be permitted. The law also places a limit or "tolerance" on the amounts of additives that may be used.

The law specifically states that no additives may be permitted in **any amount** if the tests show that it produces cancer when fed to man or animals, or by other appropriate tests. It also prohibits the use of any chemical in any amount which would result in consumer deception.

You can be sure your food and drug inspectors will continuously be on the lookout for foods containing any additives not cleared by Food and Drug Administration under the new law.

So, an important thing for all of us to learn about chemicals in food is not to be alarmed by the word "chemical," but to remember that foods themselves are made up of chemical compounds—fats, proteins, carbohydrates, vitamins, minerals, animo acids, and so forth. We can be grateful that our food supply will have the watchful eye of Food and Drug Administration in the future.

INCOME TAX PAX

Planning Can Bring Savings To Average Tax Reporter

EDITOR'S NOTE: This is the fifth of a series of articles which will appear in this newspaper relating to the filing of income tax returns. These articles are being prepared by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.

Maybe you think these columns don't apply to you because you work for wages of $5,000 per year and all your taxes are paid by withholding. If you itemized your deductions, they would not amount to more than 10 percent, so you take the tax table and come out about even each year. Suppose your wages are $5,000 and you are married. No children. Two exemptions. Your contributions, interest, taxes, medical expenses, miscellaneous expenses, union dues, etc., all amount to about $450 per year. You can't win. Better take the tax table and call it even.

Still, a little tax planning may effect a substantial tax saving. Here's how. Pay two years' contributions, two years' interest, two years' taxes, if you can, two years' medical expenses, two years' union dues, etc., etc., in 1960. Pay everything in sight in 1960. This could give you itemized deductions of, say $900. Your tax on the tax table would be $656. By using the long form with all these deductions, your tax would be $590. A saving of $66.

In 1961, of course, you don't pay anything that might be deductible that you can possibly avoid. Then, when you file your 1961 return, you use the tax table. Then again, in 1962, you pay two years' expenses in the one year, to the best of your ability to do so.

Careful timing of your payments can effect considerable tax savings for you.

Now is the time for you to look over your situation very carefully and decide what you are going to pay this year and what will be put over to 1961 or 1962.

BIBLE COMMENT

Faith Is Like Auto Brakes, Revolution

Why do people talk as if "faith" were something wholly alien to ordinary human reasoning processes?

Faith is something we utilize every day of our lives: faith in the brakes of our car, faith in the weatherman's forecasts. It is a simple way of accommodating ourselves to things which we cannot check constantly in person.

Faith is our acceptance of facts unproven by ourselves.

The Bible is an account of hundreds of "tests" by others which we accept. Allowing for changes in the language and allowing for symbolization, the Bible can be accepted on its face as an account of the meaning of God.

None of us were present when Christ fed the thousands. None of us stood before the gates of the tomb when He arose from the dead.

Like the validity of the brakes of our autos, or the laws of chemistry, we cannot check these things ourselves. But others have.

There is not a man living today who saw the French storm the Bastille, nor witnessed the surrender of the British to the armies of Washington.

These facts we must accept —allowing for the necessary distortion of translation and the variation in points of view. Yet we know that these events did take place, because we are now living under a culture whose roots visibly spring from these great social high points of history.

So with events of Biblical times.

Birds Enjoy Cafeteria At Home Of Columnist As Winter Arrives

INSIDE ON THE **Outdoors** By ROD COCHRAN

According to the birds, winter is really here.

They do not pay much attention to the calendar, but seem to make up their own minds about the situation right after the first of the year. The reason I know this is because activity at our bird feeding station has picked up noticeably in the past few days.

All during November and December, months when humans think birds ought to be fed, our outdoor cafeteria does some business, but not as much as you would expect. As the holidays approached, natural foods seemed to become exhausted and the fun began outside our window.

Nuthatches come to the feeder in pairs. Few people realize that these birds are paired throughout the winter. If they are not in sight of each other, they will keep in contact with their throaty, frog-like "beeps." Nuthatches are great eaters of sunflower seeds. They will take them and secrete them away in bark crannies for future use. The only thing wrong with this strategy is that squirrels find most of them and eat them first.

Chickadees are almost the traditional birds at winter feeders. A snow storm will not halt their feeding activity. Chickadees like to pick at suet, and also go for bread crumbs and sunflower seeds. Titmice often feed with chickadees.

Members of the woodpecker family come runnin' for a free meal. Being insect and insect egg eaters, they pick at the suet almost exclusively, although a big handsome red-bellied woodpecker has been taking sunflower seeds from our feeder. Downey woodpeckers are regular customers, and their cousins the hairy woodpeckers come too. Once in a while a flicker will stop by for a meal.

Cardinals Prized Guests

Cardinals are probably the favorites of most people who feed birds. They are colorful, and sometimes shy. The more difficult it is to attract a bird to our feeder, the more prized it becomes to us. Cardinals fall into this category, for they are evidently rare in our neighborhood. A pair came to the feeder last year off and on, but I have not seen any yet this winter.

Bluejays are the noisy eaters; they always tell you when they are around. They usually eat sunflower seeds while scolding everything in sight, but when it is really cold and snowy out they will eat suet too. Juncoes like to eat in crowds, and come to the feeder in flocks. Some people say that juncoes are drab, but to me they appear to be wearing finely tailored gray flannel—very distinctive clothes.

Song sparrows are rather solitary feeders, and will be the first to visit you in the gray of dawn and the last in the evenings of short winter days. Wrens stay with us all winter long. Two Carolina wrens have been making regular trips to the suet, and I saw a winter wren at the feeder a couple of days ago.

From now on, until spring, the feeder will be a busy place. There is hardly any nature activity more fascinating than watching an outdoor cafeteria from the comfort of our living room window.

Pheasant, Rabbit Season Open 'Til January 16

Ohio hunters may legally take pheasants and rabbits through Jan. 16, on 117 public hunting areas throughout the state. Quail may be taken during the same period, but only on two areas, Indian Creek, Brown County, and Delaware Area, Delaware County.

The regular statewide season for quail and pheasant ended Dec. 9, while that for rabbit concludes Jan. 4.

Pheasant and rabbit hunting is prohibited only on the following state-owned lands: East Harbor, Ottawa County; Guilford Lake, Columbiana County; Independence Dam, Defiance County; Kiser Lake, Champaign County; Mt. Gilead Lakes, Morrow County; Madison Lake, Madison County; Lake White, Pike County, and Magee Marsh, Ottawa and Lucas Counties.

Ohio's game bird season officially comes to a close on Feb. 25, when the ruffed grouse season ends. Hunting and trapping of muskrat and mink closes Mar. 15.

Fair Tickets Now On Sale

They may be secured by writing or contacting Findley DeWolfe, secretary, Franklin County Agricultural Society, 302 Avery-rd, Hilliard. Price of the tickets is $2.

Legion Loses Cash, Whiskey To Burglars

American Legion Post 249 was poorer by $200 and 50 bottles of whisky this week following a break-in and burglary early Saturday.

The thieves broke into an elevated window at the east side of the 2222 Sullivant-av building.

They paid for their loot in blood, however. Police found bloodstains at the scene, where one of the intruders evidently cut himself.

Motorists should keep themselves as well as their cars conditioned for winter driving, says the Columbus Automobile Club. Winter driving requires different driving techniques—especially when streets and roads are slippery. Accelerate slowly when slippery conditions exist. On snow or ice, test the traction occasionally by lightly touching the brakes.

OLD MARION AREA NEWS

Local Girl Scout Troop Leader Dies

By Elizabeth Smith
HI. 3-1184

Our deepest sympathy of the neighborhood to the family of Jessie Walters Ruch, wife of Stephen Ruch, who passed away Tuesday, Dec. 29 at Mt. Carmel Hospital. She will be missed by her countless friends in this neighborhood. Jessie organized the first Girl Scout Troop in the community and was active in Girl Scout work until the past year, when her health forced her to give up active work, but she still remained a member, and was always interested in the activities of the troop, through the years, and was a committee member when the troop disbanded last year.

Mr. and Mrs. Roscoe Turner of Colton-rd entertained relatives from Maysville, Ky., on Tuesday, and then for the past weekend Mr. and Mrs. Turner visited with Mrs. Turner's family, near Maysville, Ky.

Vicky and Diane Turner have just recovered from the chicken pox, which seems to be going the rounds among the youngsters of the area.

Cathy Reeb, daughter of Mr. and Mrs. Howard Reeb, woke up with the Chicken Pox on Christmas Day.

Richard, Pat and I returned Sunday evening from spending the holidays with my parents, Mr. and Mrs. Louis McQuiniff and my brother Harry and his family, in Tampa, Fla. Dad is convalescing from a heart attack which put him in the hospital on Thanksgiving Day. When we left he was able to be out of bed for a short time about twice a day, so there is still a long period of recuperation for him. Mother and Dad both asked me to use the column to thank all their many friends for the beautiful get well and Christmas cards they received. It is just impossible for her to acknowledge all of them. So thanks to all of you who sent them cards, they were much appreciated and enjoyed.

Mr. and Mrs. Ralph Boren and boys spent the Christmas weekend with relatives in Portsmouth. David stayed with his grandparents until Wednesday, when Mr. and Mrs. Grant Boren, and Mrs. Starnes and Linda Starnes brought him back to Columbus, and then on Thursday they returned home, taking Dennis with them. On Sunday Ralph, Barbara and David met them in Chillicothe where they picked up Dennis and brought him back to Columbus.

Juanita Malloy fell down the stairs at her home on Woodrow-av on New Year's Day. She suffered some painful bruises and considers herself fortunate that it wasn't a more serious fall.

Our sympathy to the family of Fred Keplinger on Rumsey-rd, whose mother passed away last week and was buried on Thursday.

Fred Keplinger has been ill with the flu this past week.

Jean Ann Keplinger went to the hospital on Sunday for a tonsillectomy to be performed Monday. We wish for her a speedy recovery.

Becky Foreman celebrated her third birthday on Sunday, Jan. 3. Her grandparents, Mr. and Mrs. William Foreman and Mr. and Mrs. Richard Smith, with Lois and Bill Foreman, Bob and Johnny Foreman, Pat Smith and Linda Berger and her brother, Ronnie all helped her celebrate with ice cream and cake on Sunday evening. Becky is the daughter of Margie and Dick Foreman.

Little Sharon Port has been ill for the past few days.

I'm hearing from some of the mothers that we have some new bowlers in the Junior League at Rainbow Lanes on Saturday morning that are doing quite well. Mr. Prindle, manager of the lanes has told me that he will have the scores for me for the column next Monday.

Let's start this new year with a real good column. I'm willing to try, if you'll call me with the news. This column covers such a large territory that there should be no problem getting news. I know it's being read all over the Old Marion Area, so why not some news from other areas beside by own?

Buckeye Post's Holiday Event Rated Success

Most successful Christmas parade and party in many years was held Dec. 18 by Buckeye Post 1598, Veteran of Foreign Wars, according to Adjutant Garland L. McDonald, 511 Woodbury-av.

McDonald said many people offered valuable assistance . . . especially the Hurricane Majorette corps, "Mr. and Mrs. Santa Claus, the post Color Guard and Harvey L. Lemon of the Columbus Buckeye Drum and Bugle Corps who acted as "Flippo's Brother."

A host of youngsters enjoyed treats and cartoon movies.

McDonald said all VFW members are welcome to visit the home at 1550 N. Fourth-st.

"The huge national debt our younger generation will inherit should keep them from one indulgence—ancestor worship."—Wall Street Journal.

TEENAGERS TO TAKE LOOK AT THE 'ISMS'

Our government and others will be studied in "What Is Ism?", this year's topic at the Y-Teen public affairs conference.

The session will be held at the YWCA on Saturday, Jan. 9 from 10 a.m. to 2:30 p.m. All teenagers are invited.

Speakers will be Florence Worrell, executive director of the Columbus YW; Ralph Readout, American history teacher at Westerville High and Florence Denton, Columbus lawyer.

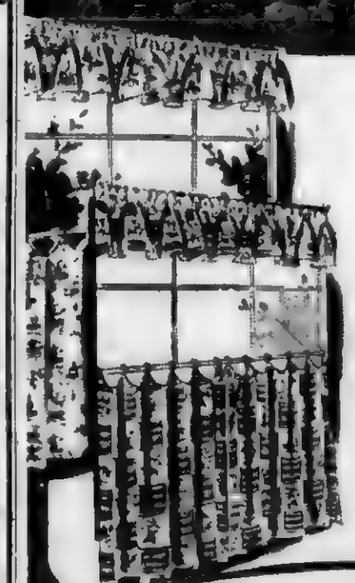
Kline Hamilton will show films on communism.

Fees of 75 cents include lunch and registrations. Betsy Blakemore of the conference committee said applications can be obtained from all government teachers and Y-Teens.

Dog Motel To Feature Beds, Rugs, Music, Pool

Dr. Herbert J. Cobbs, a Waukonda, Ill., veterinarian, is building a motel for dogs in which each canine will have his own individual room, with bed, a rug on the floor, music, radiant heating and a common swimming pool.

Dr. Cobbs has purchased five acres of land. The land alone cost $45,000, and when the kennels are completed the total cost will be about $150,000 Dr. Cobbs expects to have it completed in less than a year.



The prices for boarding a dog, he admits, will be rather high, about $5 a day. But it will be worth this amount for dog owners who know they can leave their pets for a day or a week or a month with a clear conscience.

Hello!

Flowers charm and delight the new mother. She isn't allowed many visitors and time goes so slowly until the arrival of a beautiful arrangement of flowers. The dreariness of the room disappears, and she glows with a feeling of warmth and love at being remembered. Our flowers for the hospital are priced from $3.50 and up, and you have a choice of cut flowers, plants or dish gardens.

Congratulations to many new parents — the Robert Hinebaughs, Donald Bells, Francis Merrimans and John Cains who have baby daughters — the Robert Crumms, Edward Bransons, Elva Roths, and John Whittakers who have sons. Congratulations on recent anniversaries to Mr. & Mrs. Ralph Stedman and Mr. & Mrs. Kenneth Olbert, and on the 50th anniversaries of Mr. & Mrs. Ray Barnhart and Mr. & Mrs. Guy Davidson.

Sioux Indian Enjoys Working With Youth

By Roger Swaney

Among Schiller Park Recreation Center's staff is a Sioux Indian who devotes his time to teaching Indian crafts and lore. Matoska, or better known to South Siders as Bob Gillespie, 1483 Belmont-av, has resided in Columbus since 1946. He is a member of the Sioux Cheyenne Tribe of Indians.

Gillespie was raised on the Pine Ridge, S. D. Sioux Reservation where he was taught a wide variety of skills by his elders. According to Gillespie, it is an honor to be taught the Indian crafts and lores by the older generation. He was one of a few to be so honored.

The feathers on his head dress and the art work of the belt and moccasins were earned through meritorious deeds that he accomplished.

Has Wide Training

In summing up, a few of the many arts taught by Gillespie were Indian dancing, singing, original Indian ceremonies, camp fire ceremonies, tracking, sneaking, hunting. This only marks a few of the many abilities that were given to the Indian brave.

Gillespie prides himself on being the first Indian to graduate from a college from his tribe. He graduated from Ohio State University.

Enlisting in the Navy during World War II, Gillespie has four years service, serving both in the Atlantic and Pacific.

Every summer Gillespie returns to his native land in South Dakota where he attends the Sioux conferences and acts as counselor to his tribe. This is a time set aside each year where the tribe unites to discuss problems and future plans for the coming year.

Gillespie is active in many youth groups. He has worked with children in the Boy Scouts, Girl Scouts, Cub Scouts, Camp Fire Girls, church organizations and is active in the Indian Guide Program. He said "I like very much working with boys and girls, teaching them different Indian crafts and lores."

Teaches Dance

At Schiller Recreation Center, Gillespie has a class in arts and crafts and in Indian lore. He also has an Indian Dance Team that participates in several local program.

Along with his work with the South Side youth groups, Gillespie still finds time to be with his family.

Water Survey Committee Start Is Urged

The Development Committee for Greater Columbus today urged the Franklin County Regional Planning Commission to activate a Water Survey Committee to continue work begun in the Commission's recent "Water Resources Report."

The new committee would devote special emphasis to a detailed site survey for future reservoirs serving Greater Columbus.

As suggested by the Development Committee's Water and Sewage Committee, the Water Survey group would be empowered to retain consulting engineers and operate as did the Commission's Sanitary Survey Committee in producing the Master Plan for Sewers and Sewage Treatment in 1954.

The Water and Sewage Committee, chaired by C. Carlton Hartley, also recommended that all public agencies involved in water supply planning fix the Upper Scioto River Basin as the proper area for intensive water study since it is "the area which so vitally concerns the well-being and prosperity of our own country," according to the Regional Planning Commission.

The Committee report climaxes an intensive investigation of the factors involved in water planning in keeping with the committee's objective of promoting a long-range plan for water supply for the Greater Columbus area.

The committee said that as a group of representative citizens is was concerned with stimulating and precipitating the formulation of a long-range plan leaving to planning and engineering experts the task of preparing the detailed plan.

The committee, however, suggested certain elements of water supply which should be studied thoroughly in the course of drafting the comprehensive water supply plan.

In addition to the detailed survey of future water reservoir sites, the committee recommended ground water resources be fully investigated and "some consideration should be given to using wells for industrial processes where little or no treatment is required."

Turning to water treatment facilities, the committee noted that the opening of the Big Walnut treatment plant has permitted start of an improvement and rehabilitation program at the Dublin Road plant. After these improvements are completed, the committee said the long-standing proposal for either abandon-

RESTORATION MADE—Dr. and Mrs. Carl Iuler, 693 City Park, in an effort to restore South Side home to the old German flavor, yet having the comforts of home ended up with this (top picture). The home was restored inside as well as out yet keeping all the comforts of home. The Iulers used their own ideas in the restoration. The bottom picture shows the courtyard at the rear of the house showing an aspect of the German flavor yet supplying many hours of relaxation and enjoyment in privacy. Surrounding the courtyard are flowering foliage and clinging vines on the bordering brick wall. Interior pictures of the restored home can be found on page eight.

South Side Studies Old World Look

Residents and homeowners of the South Side are still hoping for the restoration of the German community back to the old country flavor.

Approximately 200 homeowners and interested residents took part in a meeting last Sunday at Schiller Recreation Center to make plans for the restoration of a section of South Columbus.

Highlighting the meeting was the planning by a board of officers. Frank Fetch, a South Side homeowner, is working with local residents in accomplishing this feat.

Fetch said that the section they are interested in restoring is from the Scioto River east to Fifth-st and from Livingston-av south to Deshler-av. This according to Fetch would be the most appropriate area of the South Side to restore as the homes are already of the old German look.

Would Be Scenic

With little effort Columbus might well boast of a section of the city as several other United States cities boast of their scenic tourist attractions, many feel.

Some of the restored areas in the nation are the French Quarter in New Orleans, the Marble Steps of Baltimore; the colonial section of Williamsburg, Va., the Spanish section of St. Augustine, Fla.

South Side homeowners such as Frank Fetch, David Early and Mrs. Carl Iuler, all of whom own homes in the South Side, are backing the committee to bring this restoration about.

Mrs. Iuler, 639 City Park said that little effort on the part of South Siders to restore their homes to the old world effect. She, along with other local residents, feels, this will be a great asset to Columbus in drawing tourists to see the community.

An example of what can be done is the home of Mrs. Carl Iuler, wife of the late Dr. Carl Iuler. She is the third generation of a German family here in the United States and states after living in Arlington and Bexley she feels more at home in the South Side due to the atmosphere of the old world flavor that it offers.

Plans are now being completed by Mr. Fetch to form a board of directors, which will be announced at a later date. Another meeting is in the process of being planned for the restoration plans.

With cobblestone streets, brick houses bordering the sidewalks, iron fences, high brick walls with clinging vines, all of which already exist in the South Side, these homes give possibilities in getting back the old time flavor.

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Meats and Poultry—Chuck roasts, round steak, Boston butts, picnics, fryers, large eggs.

Vegetables—New cabbage, carrots, head lettuce, sweet potatoes, turnips.

Fruits—Oranges, grapefruit, apples, frozen orange juice, canned cling peaches.

POT ROASTS TOP BUYS

Many Cuts—Chances are good that you'll be having an old-fashioned pot roast for dinner this Sunday. Chuck, center blade cut, round bone and English cut pot roasts are top buys this weekend in many supermarkets.

Some stores are featuring several other cuts of beef—boneless round steak, sirloin, rib, ground beef, and beef stew.

Fresh pork continues to be a leading meat choice. Fresh picnics and smoked callas also have special price tags in some stores, along with pork loins. Those who like lamb will find reasonably priced lamb shoulder roasts. Now is the time to take advantage of low lamb prices as they are expected to increase in the weeks ahead.

Poultry—as usual—is a good buy. Though fryers are somewhat higher in price, they are still a good choice. Eggs deserve attention for January meals. Prices are reasonable, quality is high and the large size, liked by most people, is in especially good supply.

Vegetables—The vegetable situation is looking up. Reports indicate that recent damage to the tender crop wasn't as extensive as first anticipated. Barring any more unfavorable weather, the supply of Florida vegetables may soon be back to normal. Cabbage harvest in Texas is in full swing, which means better quality new cabbage at lower prices. Head lettuce is lower in price. Brussels sprouts are a good value. Endive, escarole and radish supplies are abundant.

It's the Citrus Season—Spotlighted on the winter fruit counter are oranges, tangelos, tangerines and grapefruit. Forecasters for the citrus crop say supplies of oranges and tangelos will be larger this year than last, grapefruit supplies will be about the same, and tangerine supplies will be smaller. However, when all added together, there'll probably be more citrus fruits available than the last three years.

The tangerine season is short, so enjoy them now. In another week or so they'll disappear for another year. California Navel oranges are of excellent quality and prices are lower than during the holidays.

What is a Tangelo?—The citrus fruit is still so new on our markets that many people are asking what it is and what it tastes like. This is a hybrid fruit developed from the tangerine and grapefruit. It looks much like an orange. The flavor is a combination of many citrus fruits. It's good for eating as is, in fruit cups and in salads. It is available from November through March.

Ohio's New Boat License Law Becomes Effective

Ohio's new boat licensing law became effective Jan. 1, 1960, although it will take some time to put its provisions into full operation, according to James D. Wells, who will serve as acting administrator of the new Division of Watercraft.

"We are striving to get this newly created division into working order as quickly as possible early in 1960," Wells said. "However, it will require some weeks to implement licensing procedures, arrange for and distribute license forms and boat plates and make preparations for handling an estimated 400,000 registrations. It is difficult to see how any pattern of enforcement can be attempted until Ohio boaters have had an opportunity to secure their licenses and become familiar with provisions of the law."

One of the first responsibilities of the new division will be to submit Ohio rules and regulations to the U.S. Coast Guard for review and approval from the standpoint of compliance with the Federal Boating Act of 1958. "Rules and regulations cannot be officially formulated and adopted, however, until after the effective date of the Ohio law on Jan. 1," Wells said.

"Temporary regulations will be adopted immediately after the effective date of the law," the acting administrator pointed out. "Sometime in February a formal public hearing will be held to develop permanent rules and regulations in compliance with both Ohio and federal laws." License agents may not be able to secure license certificates and boat plates until "sometime in March" due to production problems involved in securing some items, Wells said.

Before the division is fully functioning, the following must be accomplished: (a) secure supplies of license certificates, forms and other material for distribution to agents, (b) secure metal boat plates, (c) designate agents for all counties of the states, (d) hold a formal hearing on rules and regulations after legal notice has been given in newspapers and (e) establish a complete record-keeping system and set up accounting and distribution procedures.

The annual license required under the law approved by the General Assembly will be valid on all public waters of the state. Fees established are: unmotorized boats (canoes, rowboats, rafts, barges, kayaks, except sailboats), $1; outboard motor of less than 25 cubic inches piston displacement, $3; outboard motor of more than 25 cubic inches piston displacement, $4; sailboat, $3; sailboat with outboard motor under 25 cubic inches displacement, $6; sailboat with outboard motor over 25 cubic inches displacement, $7; sailboat with inboard motor (s), $7.50; inboard boat with motor of less than 100 horsepower, $7.50; inboard boat with motor of 100 horsepower or over, $10; outboard motor for use exclusively on rented or borrowed boats, $3. In addition, the license agent is authorized to make a 25-cent charge for preparing the certificate.

Ohio State Stops Farm, Home Week

Discontinuance of Farm and Home Week at The Ohio State University and its replacement with more programs for special interest groups has been announced by Chester S. Hutchison, assistant dean in charge of short courses for the College of Agriculture and Home Economics.

The new approach recognizes the trend which has been growing in recent years toward numerous short courses, conferences, institutes, and other special meetings throughout the year rather than the single Farm and Home Week. More than 90,000 persons attended these special events and meetings sponsored by the College last year, Dean Hutchison said.

Farm and Home Week was sponsored jointly by the College, Agricultural Extension Service, and Ohio Agricultural Experiment Station, which will continue to cooperate in sponsorship of special interest activities. Originally called Farmers' Week and held in midwinter, the event in recent years has been limited to three days and has been held in late March between academic quarters at Ohio State.

Extra Tax Forms, Booklets Found At Branch Libraries

No need to rant and rave if you spilled the ink bottle on your income tax return forms or if your official copies haven't arrived in the mail.

All branches of the Columbus Public Library have extra copies of the "more popular" income tax forms. In Hartley Newspapers' areas these are the Hilltop branch at 2959 W. Broad-st; Hilltonia branch, 3953 W. Mound-st; Franklinton branch, 940 Sullivant-av; Parsons branch, 945 Parsons-av; and Whitehall branch at 4371 E. Broad-st.

Besides the new 1040W return, a streamlined version of the standard form for reporting wages and salary income and not more than $200 of interest and dividends, the library has the 1040A card form for less than $10,000 total income, with instructions; the standard form 1040; and Schedule C of 1040 for reporting profit or loss from business or profession.

A limited number of instructions for forms 1040 and 1040W are also on hand. U. S. Government publications "Tax Guide for Small Business" and "Your Federal Income Tax" are available for on-the-premises use of patrons.

Other unofficial but helpful publications are also available for reference and home loan.

BIBLE COMMENT:

Christianity Doesn't Need Any Bombs

The Bible makes unpleasant reading sometimes.

It can be annoying. Its words serve to remind us of our mistakes. They outline out petty hatreds — putting them into black and white words that we can see, and be ashamed of.

Perhaps that is why so many of us seldom—or never read this Book.

Consider this thought that appears in three places in the Bible:

"They shall beat their swords into plowshares and their spears into pruning hooks; nation shall not lift up sword against nation; neither shall they learn war any more."

This passage carries all the the significance of a command to each person who reads it.

But have we done anything to make it mean about?

Have we merely sat back, content to leave peace negotiations up to the diplomats. Or have we, through our churches and civic organizations let it be known that truly "war has become too serious a business to be left to generals?"

Nobody wants war. Men differ, however, in their ideas of the meaning of peace.

"Peace with honor," and countless other rhetorically phrases have led millions to their deaths.

There can be no peace unless Christian men and women everywhere work for a form of international order which has no place in it for armies, generals, munitions makers and cheap phrase makers.

Atrocities, murder and pillage have been condoned for thousands of years under the guise of "military necessity." Christians have been derelict in their obligation for centuries to stop this carnage because of confusion or helplessness.

The meaning of the Bible's words are clear and unequivocal: The time has come for people in all nations to unite in peace. Christianity needs no bombs to spread its word. It does need the resolution of its disciples once and for all to end the greatest scourge to mankind.

Ruffed Grouse Are 'Jet Fighters' Of Upland Game Bird Squadrons

INSIDE ON THE Outdoors By ROD COCHRAN

Tom Maggard, West Jefferson, feels that grouse hunting in southern Ohio hills is about as tough as any type of hunting we have.

Tom told me this recently, and said he'd had a successful hunt several days previously. "I don't feel a bit guilty about taking every opportunity I can to get a grouse," he added.

Tom's brother also has been to a southern county seeking grouse, and one day had nine shots without touching a feather.

Ruffed grouse are the jet fighters of the bird world. They get up and go right now, as the man said. Pheasants are big, lumbering bombers by comparison. If you had a pretty successful season on ringnecks and are proud of your shooting, all your hats will fit again after a single grouse hunt. There is plenty of time for this "head shrinking" process to take effect, for the grouse season is open until Feb. 28. Grouse numbers are up this year over the 1958-1959 season, according to the Division of Wildlife.

True Test for Hunters

It's sad but true that not many hunters in this area are all 'round upland gunners. Bob white quail made monkeys, for the most part, of hunters all over the state this past season. We can hold our own anywhere when it comes to pheasant hunting. The grouse department is weak again for most of us, and leaves room for improvement.

Any dyed-in-the-wool bird hunter will tell you that a well-trained pointing dog is needed for full satisfaction from your sport. Grouse hunters are no different, and look for a slow, relatively close ranging dog that works the terrain carefully. Often, old dogs that have slowed down and have the experience to use their heads instead of their feet, make excellent grouse dogs.

Hunter Teamwork Helps

But what of the hunter who does not own a bird dog? Well, he can get in on the grouse hunting fun too. It is best to hunt in twos or threes, and most experienced hunters walk towards the heads of small valleys. By hunting a valley, they do not necessarily stay in the valley bottom. One hunter should stay fairly close to the bottom, and another should hunt part-way up the hill. If a third man is in the party he should hunt farther up the hill. Hunters walk parallel and keep within sight of each other.

If no grouse are flushed, then hunters move farther up on the hillsides, or even hunt the ridge tops. By changing elevations, hunting the sides of hills protected from wind, or by beating through sunny slopes on cold days, an experienced party will eventually find grouse.

The cover in good grouse territory is brushy and dense. You would not want to hunt in a mature forest, and you should not waste your time on briar patches in abandoned fields where you would look for quail. The best description of grouse range is "pole stage" timber spotted with some larger trees, and with plenty of green briar thickets, wind-falls and other jungles.

They'll Try Your Nerves

Without a doubt, grouse provide some of the sportiest shooting we have. A lot has been written about them, and they have been called "feathered bombshells" and all the other phrases that writers borrow from one another. Actually, nothing can prepare your nervous system for the bursting flight of a ruffed grouse. Old timers get buck fever at least once a year, and beginners think they are seeing things.

You seldom see grouse on the ground, but I like to visualize them in all their quietness and alertness as explosions waiting for a reason to happen. And I like to be that reason.

Baked Goods Kept Fresher By Freezing

There is an advantage in freezing rolls, even for as short a period as 24 hours, according to a recent U.S.D.A. study. This way, rolls that have been bought or baked for use next day can be kept fresher than if they are stored at room temperature.

U.S.D.A.'s scientists recommend that cinnamon and dinner rolls be wrapped in cellophane soon after baking to prevent moisture loss, and then be frozen and stored at zero degrees Fahrenheit for 24 hours. After defrosting they'll be twice as fresh as rolls kept at room temperature. Rolls so treated can be kept in frozen storage for two months without serious loss of freshness.

When defrosting, keep the rolls covered to prevent moisture loss. Defrosting the rolls, particularly cinnamon rolls in a place that is somewhat warmer than room temperature, also helps to maintain freshness, the study showed.

Career Meet Set For Feb. 6 At Ohio State

All schools in Franklin County have been sent information on a Career Conference in Agriculture and Home Economics, which will meet at 9 a.m. Saturday, Feb. 6, on the Ohio State University campus in Columbus.

Invitations have been extended to high school students, parents, teachers and guidance personnel.

The morning conference will provide information on college programs and opportunities in both agriculture and home economics.

Those attending the agriculture session will meet at the Agriculture Administration Bldg., 2120 Fyffe-rd, on the west campus. The meeting for those interested in home economics will take place at Campbell Hall, 1787 Neil-av, on the east campus.

The conference is sponsored by Ohio State's College of Agriculture and Home Economics.

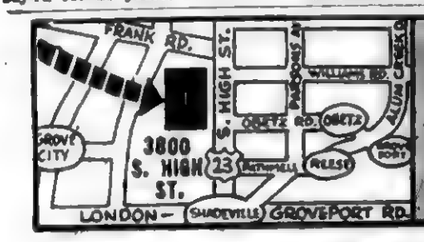
Farm Bureau Membership Drive Started

January 11-18 is the week that many of Franklin County's farm leaders will be out contacting their neighbors to enroll them in the Franklin County Farm Bureau Federation for 1960, according to Glenn Lackey, president of the Franklin County Farm Bureau.

Kick-off date for Franklin County was Jan. 11, when your neighbors started off toward their goal of at least 800 farm families for this year in Franklin County.

Franklin County Farm Bureau Federation is a part of the Ohio Farm Bureau Federation and the National Farm Bureau Federation.



LAFB Has Chance For Top Base Honors

Lockbourne Air Force Base is a top contender for Strategic Air Command "Base of The Year" honors, base officials have reported.

FAMILY STUDY IN LIVING ROOM

LIBRARY—Restricted to one end of the living room is the setting of a library. The desk,chairs and oil painted murals add a touch of German flavor to the setting of the living room. The book shelves at the left were once a door. With the touching up of some old furniture and addition of a color scheme to blend in with the other decor the interior restoration could very easily and inexpensively be made.

GERMAN FLAVOR SUPPLIES FAMILY LIVING

LIVING ROOM — The large wood-burning fireplace adds a touch of comfort to the living quarters. This room is done in provincial setting. At the right leading off from the living room is the music room with a baby grand piano. The windows of the living room overlook the City Park and Stimmel-st, yet the highness of the sills affords privacy to the occupants.

DINING IN OLD WORLD FLAVOR

FAMILY DINING — Blending provincial furniture in with German trimmings and decor makes the small family dining room an enjoyable eating area, yet remains in its original German taste. The artistic crystal chandelier and silver service placed on small serving tables in the room aid in formal dining when needed. A small paneled window in the dining room gives a view of the cobblestoned street along the side of the house yet supplies maximum privacy for dining.

For the boys Jerry Hart won high honors with a 1766 total. He set his total by a 592, 574 and 600.

YMCA Inter-Church Cage Season Opens

Twenty-two teams, representing 12 of the community's churches, opened their 1960 South Side "Y" Inter-Church basketball season last week at Barrett Junior High School.

Tuesday Junior Boys

In the feature game of the evening, Frebis Church of God defeated Livingston Methodist, 29-16 with Clarence Bowen leading the scorers with 15 points. Larry Clifton led Livingston's attack, closely followed by Kenny Hettrig.

In other games Ohio Avenue EUB downed Southwood Church of Christ and Emmanuel Lutheran outscored the representative of St. Paul Lutheran. J. Leist was the big man in Emmanuel's victory, while Ohio smooth cagers showed all around scoring power.

Girls' League

Thurman Methodist, Ohio Avenue EUB and St. John E&R scored opening night victories in the distaff division. Carol Stout and Evelyn Mullins hit the nets for 11 and 9 points respectively in Thurman's win over Emmanuel. A ten point effort by Linda West highlighted the Lutheran's play.

An air tight defense by the Ohio-av lassies led them to a close victory over Livingston Methodist and an eagle eye forward, E. Leupp of St. Johns led the saints to Victory Lane in their game with South Methodist.

Wednesday Junior Boys

Old man upset appeared on the scene as Oakwood Methodist used its height edge and teamwork to surprise the highly favored St. John E&R five. Nagy led the scoring with an 11 point high scorers for the evening.

total for Oakwood while Mike Fischer's six was top for the Mound Streeters.

South Methodist showed real scoring power in downing Jack Stephen's St. Paul E&R quintet. John Whitacre and Tommy Lutz paced South's victory drive while Don Cramer stood out for the Gates Street "angels."

Intermediate Boys

High class sportsmanship high lighted play in this division as St. Paul E&R, Oakwood Methodist and Washington-av EUB forged to the front as the race for championship honors got under way. St. Paul E&R proved red hot in the second half to eke out a decision over South Methodist.

Oakwood Methodist presented a well balanced attack in winning over St. Paul Lutheran, and Washington-av EUB showed those assembled a near perfect defense and well oiled offense in sending the young warriors from Southwood Church of Christ down to defeat. Mike Jacobs (21), Tom Noble (20), and Stan Roberts (15) were

FORTUNES TURN

South Captures Two In City Loop Play

Apparently settled down after a seige of injuries and illnesses, South's basketeers posted two City League victories last weekend downing Aquinas, 50-46, and turning the tables on Eastmoor, 56-42.

The Bulldogs gained an early advantage on the host Terriers leading 14-8 and 26-22 at the end of the first and second quarters respectively.

Aquinas evened the count at the start of the fourth period at 38 all and it took a 12-point effort by the Pupe to outdo the Aquinas crew.

Bill Young was the big cog in the South machine against Aquinas netting half of his team's 50 points. Don Jaegerski, returned to action after a bout with the flu and several injuries, helped the Bulldog cause with 10.

South jumped on top of visiting Eastmoor and coasted most of the way in its best overall performance of the season.

Young, weakened by the flu, couldn't maintain his usual pace against the scrappy Warriors and was replaced by Jim Kerns.

Jagerski again turned in a creditable performance for the Pups ringing the hoop with 15 counters while Gene Harper pumped in 13. Kerns, who made a fine showing in his relief role, netted eight.

South — Young, 11-3-25; Kerns, 2-0-4; Gauke, 1-0-2; Jeraterski, 5-0-10; Gregory, 0-2-2; Harper, 1-3-5; Lee, 1-0-2. Totals 21-8-50.

South Side Youth Hurt While Playing In Alley

David Lee Lloyd, 5, 96 Reeb-av, son of Mrs. Clara Lloyd, suffered injuries last week when he ran into the path of an oncoming car while playing near a dead-end alley near his home.

He was treated at Mercy Hospital and released. Last reports state that he is in good condition at his home. The driver was not held.

Every good citizen should support the church of his choice; civilization owes much to organized religion.

INCOME TAX TAX

Money Lost In Family Loan Can Be Taken Off Taxes

(Editor's Note: This is the sixth of a series of articles which will appear in this newspaper relating to the filing of income tax returns. These articles are being prepared by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.)

Do you have some bills that you are never going to collect? If so, take some action now to show that they are uncollectible and claim the bad debt on this year's tax return.

Loans to relatives or friends can be deducted as bad debts. However, they are always given very close scrutiny and you should be prepared to prove the money was in fact a loan; that you have made every reasonable effort to collect, and that it was in no way, shape or form, a gift.

You cannot get a bad debt deduction simply because you do not choose to force collection. Turn those bad accounts over to your attorney or collection agency for action. Do it now if you want to deduct the bad debts this year.

Your bad debts are deductible if—

(1) A valid debt actually was made in 1959 or existed Jan. 1, 1959 and something happened in 1959 that made you believe the debt never will be collected.

(2) The amount of the bad debt must have been included in your income, or been a part of your capital. You cannot have a bad debt deduction for uncollectible wages, fees, rents, etc. If you are a merchant and have a bad debt arising from sales or services, you cannot deduct the bad debt unless you have included the sale in income.

If you are in business, your business bad debts are deduced together with your other business costs, on separate Schedule C of the tax return.

If your bad debt is a personal debt, the deduction is made on separate Schedule D of the tax return as a short term capital loss. Such losses cannot be deducted from other income in an amount over $1,000 per year. However, they can be deducted from capital gains in any amount.

If you have a bad debt loss of more than $1,000, take $1,000 this year and carry the balance over to 1960. You can deduct $1,000 per year for the next five years, if your loss amounts to that much. You can take it all in any year that you can deduct it from your capital gains.

WNR Executive To Speak Before Weekly Publishers

Warren E. Grieb, general manager of Weekly Newspaper Representatives, Inc., of New York City, will speak at the Friday luncheon meeting of the Advertising Club of Columbus in the Pick-Fort Hayes Hotel on "Who Is Ahead in the Numbers Game?"

WNR President Frank Forbes, publisher of the Riverhead (Long Island) News-Review, will also attend.

Grieb, who attended the University of Wisconsin and was graduated from the Northwestern University School of Commerce, has been associated with the selling of national advertising space in weekly newspapers since 1946 when he started as a salesman.

Weekly newspaper publishers in Franklin County have been invited to attend the luncheon session.

South, Marion-Franklin Square Off Friday

St. Mary Meets Untested Hamilton Twp. Aggregate

by Bill Rush

South's rejuvenated Bulldogs and Marion-Franklin's off-again, on-again" Red Devils will battle for the mythical South Side sectional championship Friday night in the Pup gymnasium.

St. Mary also plays an important game traveling to the home of the Hamilton Township Rangers in a Franklin County League fray. Only other game on the South Side docket sends South to West Saturday night.

Apparently on the comeback trail after losing five of their first six games, South's Bulldogs walloped Aquinas and Eastmoor in a real uprising last week.

With Don Jagerski well enough to play, the Pups again had considerable strength under the backboards resulting in smoother team play throughout the game. For the first time, South committed fewer fouls than either of its opponents.

Shooting percentages also jumped, with the Bulldogs hitting for 42 per cent in the Aquinas scrap and 32.4 in the Eastmoor tilt.

Bench strength is also improved, with Ken Kerns, Terry Foster and Tom Sims showing marked improvement. So impressed by Foster's performance last week was Coach John Colmery that he said the 6-3 junior must definitely be given consideration as a starter.

Even with all these points in their advantage, however, the upstart Pups still have to beat the jinx which is seemingly holding over this year's team.

Three of the starting five were absent from school this week with the flu and Coach Colmery said that seven of the 12 team members were afflicted with one injury or another.

Both South and Marion-Franklin have the same number of wins to their credit. South has beaten Delphos St. John, Aquinas and Eastmoor. Marion has whipped Franklin Heights, Grove City and Eastmoor.

While this was figured as a big year for South, Coach Rich Colmery was prepared to guide his Red Devils through a season of rebuilding.

A youthful squad, lacking real experience, Marion has also been at a disadvantage when playing against a squad with height.

St. Mary, which saw its Franklin County League hopes go down the drain last week, will be meeting an unknown quantity at Hamilton Township.

Although Hamilton posts an impressive 5-3 record, the Rangers have posted only a single win in the Franklin County League. That came over Dublin.

New Albany and University both have overpowered the Rangers. New Albany's Eagles have also defeated St. Mary and the Ramblers have yet to meet University.

Red Devils Drop Third To Linden

Lack of height again proved costly to Marion-Franklin last week as the host Red Devils suffered their third City League defeat at the hands of Linden McKinley, 66-38.

Linden jumped on top 19-13 at the end of the first quarter and lengthened the lead as the game progressed.

Only one Red Devil scored in the double figures. That was Dick Reese who netted 13 points. Bill Spahn was tops for the Panthers with 24 counters.

LINDEN — Spahn 11-2-24; Zimmer 1-2-4; Troutman 6-0-12; Farrington 2-0-4; Burleson 1-1-3; Fadis 1-1-3; Bowman 5-1-13; Moore 0-2-2. Totals: 28-9-66.

MARION-FRANKLIN — Enyart 0-3-3; Daniels 1-0-2; Fischer 1-3-5; Reese 5-3-13; Judy 2-0-4; Leddy 1-0-2; Mosley 2-0-4; Crabtree 1-4-6. Totals: 13-13-39.

Undefeated Albany Bests Rambler Five

Undefeated New Albany gained a first quarter advantage, then led all the way in overpowering St. Mary, 60-44, Friday night in a Franklin County League tilt played on the losers' floor.

Joe Tanner led the Ramblers with a 12-point effort while co-captain Ken Sauer netted 10 in St. Mary's losing cause. Bob Allen was tops for New Albany with 23.

St. Mary won the reserve game in a squeaker, 29-26.

NEW ALBANY — Allen, 10-3-23; Boothe, 1-1-3; Thompson, 4-2-10; Wilson, 5-6-16; Cherry, 0-1-1; Cooper, 3-1-7. Totals—23-14-60.

ST. MARY — Tanner, 4-4-12; Spurlock, 2-1-5; Montler, 4-0-8; Parker, 0-3-3; Sauer, 4-2-10; Schmitt, 0-2-2; Gray, 2-0-4. Totals — 16-12-44.

Barrett Cagers Win 50-10 Over George C. Beery

Barrett Junior High School opened its doors Monday, Jan. 4, to continue classwork after the Christmas holidays. The month of January will see a great amount of review and testing to get ready for the first half-year's grade cards.

The Barrett basketball team played the George C. Beery team on Barrett's floor, Tuesday, Jan. 5. Barrett won by a final score of 50 to 10.

Barrett was scheduled to play Hilltonia on its floor, Tuesday, Jan. 12. On Thursday, Jan. 14, Barrett will go to Champion Junior High School for a stiff non-league workout.

Cruisers End Losing Skein Over Marion

A five-game losing streak came to an end for Groveport last week as the Cruisers upset City League rival Marion-Franklin, 54-42, on the winner's court.

It was Coach Glenn Scott's first victory since taking over the head coaching reins of the Cruisers earlier this year.

After trailing 8-7 at the close of the opening stanza, Groveport managed a 22-17 half-time lead, stayed ahead 33-31 at the close of the third chukker and ended the game with a 21-point final effort.

Leading the Groveport assault was Don Sears who meshed the twine for 21 points. Jim Sims also contributed 11 points to the Cruiser cause. Larry Crabtree was high for Marion with 15.

South, Marion-Franklin Square Off Friday

St. Mary Meets Untested Hamilton Twp. Aggregate

by Bill Rush

South's rejuvenated Bulldogs and Marion-Franklin's off-again, on-again" Red Devils will battle for the mythical South Side sectional championship Friday night in the Pup gymnasium.

St. Mary also plays an important game traveling to the home of the Hamilton Township Rangers in a Franklin County League fray. Only other game on the South Side docket sends South to West Saturday night.

Apparently on the comeback trail after losing five of their first six games, South's Bulldogs walloped Aquinas and Eastmoor in a real uprising last week.

With Don Jagerski well enough to play, the Pups again had considerable strength under the backboards resulting in smoother team play throughout the game. For the first time, South committed fewer fouls than either of its opponents.

Shooting percentages also jumped, with the Bulldogs hitting for 42 per cent in the Aquinas scrap and 32.4 in the Eastmoor tilt.

Bench strength is also improved, with Ken Kerns, Terry Foster and Tom Sims showing marked improvement. So impressed by Foster's performance last week was Coach John Colmery that he said the 6-3 junior must definitely be given consideration as a starter.

Even with all these points in their advantage, however, the upstart Pups still have to beat the jinx which is seemingly holding over this year's team.

Three of the starting five were absent from school this week with the flu and Coach Colmery said that seven of the 12 team members were afflicted with one injury or another.

Both South and Marion-Franklin have the same number of wins to their credit. South has beaten Delphos St. John, Aquinas and Eastmoor. Marion has whipped Franklin Heights, Grove City and Eastmoor.

While this was figured as a big year for South, Coach Rich Colmery was prepared to guide his Red Devils through a season of rebuilding.

A youthful squad, lacking real experience, Marion has also been at a disadvantage when playing against a squad with height.

St. Mary, which saw its Franklin County League hopes go down the drain last week, will be meeting an unknown quantity at Hamilton Township.

Although Hamilton posts an impressive 5-3 record, the Rangers have posted only a single win in the Franklin County League. That came over Dublin.

New Albany and University both have overpowered the Rangers. New Albany's Eagles have also defeated St. Mary and the Ramblers have yet to meet University.

Red Devils Drop Third To Linden

Lack of height again proved costly to Marion-Franklin last week as the host Red Devils suffered their third City League defeat at the hands of Linden McKinley, 65-39.

Linden jumped on top 19-13 at the end of the first quarter and lengthened the lead as the game progressed.

Only one Red Devil scored in the double figures. That was Dick Reese who netted 13 points. Bill Spahn was tops for the Panthers with 24 counters.

LINDEN — Spahn 11-2-24; Zimmer 1-3-4; Troutman 6-0-12; Farrington 2-0-4; Burleson 1-1-3; Fadis 1-1-3; Bowman 6-1-13; Moore 0-2-2. Totals: 28-9-65.

MARION-FRANKLIN — Enyart 0-3-3; Daniels 1-0-2; Fischer 1-3-5; Reese 5-3-13; Judy 2-0-4; Leddy 1-0-2; Mosley 2-0-4; Crabtree 1-4-6. Totals: 13-13-39.

Undefeated Albany Bests Rambler Five

Undefeated New Albany gained a first quarter advantage, then led all the way in overpowering St. Mary, 60-44, Friday night in a Franklin County League tilt played on the losers' floor.

Joe Tanner led the Ramblers with a 12-point effort while co-captain Ken Sauer netted 10 in St. Mary's losing cause. Bob Allen was tops for New Albany with 23.

St. Mary won the reserve game in a squeaker, 29-28.

NEW ALBANY — Allen, 10-3-23; Boothe, 1-1-3; Thompson, 4-2-10; Wilson, 5-6-16; Cherry, 0-1-1; Cooper, 3-1-7. Totals—23-14-60.

ST. MARY — Tanner, 4-4-12; Spurlock, 2-1-5; Montler, 4-0-8; Parker, 0-3-3; Sauer, 4-2-10; Schmitt, 0-2-2; Gray, 3-0-6. Totals — 16-12-44.

Barrett Junior High School opened its doors Monday, Jan. 4, to continue classwork after the Christmas holidays. The month of January will see a great amount of review and testing to get ready for the first half-year's grade cards.

The Barrett basketball team played the George C. Beery team on Barrett's floor, Tuesday, Jan. 5. Barrett won by a final score of 50 to 10.

Barrett was scheduled to play Hilltonia on its floor, Tuesday, Jan. 12. On Thursday, Jan. 14, Barrett will go to Champion Junior High School for a stiff non-league workout.

Cruisers End Losing Skein Over Marion

A five-game losing streak came to an end for Groveport last week as the Cruisers upset City League rival Marion-Franklin, 54-42, on the winner's court.

It was Coach Glenn Scott's first victory since taking over the head coaching reins of the Cruisers earlier this year.

After trailing 8-7 at the close of the opening stanza, Groveport managed a 22-17 half-time lead, stayed ahead 33-31 at the close of the third chukker and ended the game with a 21-point final effort.

Leading the Groveport assult was Don Sears who meshed the twine for 21 points. Jim Sims also contributed 11 points to the Cruiser cause. Larry Crabtree was high for Marion with 15.

TO MAKE SURE

Herbert, a lovestick but suspicious sailor, bought his girl some stationary.

"Will that be all?" asked the clerk.

"No," the sailor replied, "just to make sure, print 'Dear Herbert' on each sheet!"

Former South Siders Have 50th Wedding Anniversary

The ill health of Mrs. Homer Doty, former Columbus resident, has put a quietus on any large scale planning for a memorable golden wedding anniversary celebration, so Willa Davis, the daughter, has a request for her former Columbus friends and neighbors. The request is for a card shower on her parents' Jan. 20 50th anniversary. The Dotys, life-long South Siders until their California move over five years ago, now reside at 9414 Woodruff, Temple City, Calif. It would be a pleasant surprise for Mr. and Mrs. Doty, and Willa would appreciate the thoughtfulness tremendously.

The two basketball schedules at our disposal show that South High School and Capital University each have two games within the week. South's opponents on Jan. 15 will have only a short distance to travel, for they are the neighboring Marion-Franklin squad. On Jan. 16 the Bulldogs meet West on the Cowboys' home court. Cap's team will engage Denison at Granville on Jan. 15, and host Akron at home on Jan. 20.

Siebert PTA will meet on Jan. 20 at the school. Teachers will discuss grades, grading and homework. Following the panel discussion the audience will participate in a question and answer session.

Chapter 206, Women of the Moose, will hold the regular meeting at 8:00 tonight. Gladys Norris and her committee, the Child Care Committee, will be in charge of the evening's program. Senior Regent Mabel Gregory will preside at the enrollment ceremony. Refreshments will conclude the meeting. The Hospital Committee, under the chairmanship of Lucy Brown, is in charge of the Wednesday, Jan. 20, dinner at the hall, 36 W. Sycamore-st, 5 to 7 p.m. Fried chicken, mashed potatoes, gravy, tossed salad, coffee and sheet cake are on the menu for $1 for adults and 50c for children.

It's now appropriate to call Helen Souder "Grandma" and has been since Jan. 3. The arrival of the wee daughter of "Bud" and Beverly Merriman at Mt. Carmel Hospital brought this about. The Souder grandparents live at 1717 S. Third-st and the Merrimans reside at 65 Delray-rd. Mr. and Mrs. Dick Merriman, uncle and aunt of the seven pound, two ounce girl, of 1548 S. Fourth-st, celebrated their first wedding anniversary last Thursday, Jan. 7.

Received just a mite too late for last week's column was the item about the holiday company that was entertained at 2718 Shelley-dr, home of Pearl and Florence Southall. M/Sgt. Virgil Cox, his wife, Royale, and their five children were visitors for three weeks at the Shelley-dr residence. The visitors made the trip from Southern Pines, N. C., where Cox is stationed. Visiting the Southall home Christmas Day were Mrs. Southall's mother and grandmother, Marjorie Witter and Pauline Wilson, Albany, O. While in Columbus Mrs. Wilson visited her son, Tom, S. Eighth-st. Five generations of the family were in Columbus that day, an interesting fact, we believe. Mrs. Southall receives belated birthday greetings for yesterday's natal day.

John Rogers, 393 E. Gates-st, entered Mt. Carmel Hospital last week for observation, to determine if surgery were to be performed.

Darline Bevens and Gloria Gallicchio will be co-hostesses for a bridal shower for Mrs. Don Wilson, Jan. 16, 8 p.m., at 1538 S. Fourth-st. The former Marian Gallicchio and Mr. Wilson were married Dec. 26, 1959.

Michael Montler, 1868 S. Sixth-st, celebrated his 16th birthday on Jan. 11. Michael is a student at St. Mary's High School.

Knowing how warm-hearted the Leader readers are, we hope many of them will take a moment to send a cheery card to Stanley Weiss, Room 111, Grant Hospital. Mr. Weiss is fighting a losing battle with a malignancy, which he is very much aware of, so he has little to be cheerful about in this new year. He has already lost an eye in his illness and has undergone several surgeries. Receiving cards is about the only pleasure he has left, so do think about it, won't you?

Mary Circle of Oakwood Methodist will meet at 7:45 tonight at 908 Studer-av, home of Mrs. Edward Barber

Birthday cakes with candles are eagerly anticipated by these youngsters: Elizabeth Coleman, Jan. 15; Susan Rausch, Jan. 17; Sandra Cook, Jan. 18; Jack Newberry, Jan. 17; Larry Bowen, Jan. 19; Jeffrey Henry, Jan. 20; Susan Poczik, Jan. 17; Jerry Waugh, Jan. 16; Jerry Moore, Jan. 15; Joyce Castle, Jan. 20; Garry Cornett, Jan. 19; Norma Marcum, Jan. 19; Ida Marcum, Jan. 16; Sandra Sayre, Jan. 14; Lonnie Williams, Jan. 17; Betty Lynn Fugate, Jan. 16.

Adult birthdays include those of Mary Russell, S. Sixth-st, Jan. 14; Helen Fisher and Lona Swartz, Jan. 15; Betty Justus and Mrs. Hiser, Jan. 17, and Jewel Castle, Jan. 19.

Alpenroesli, Swiss Ladies' Aid Society, will celebrate its 70th anniversary Jan. 16 with a banquet at the Maennerchor at 6:30 p.m. Dr. Galen Starr Ross will be the speaker. Master of ceremonies will be Bernard A. Hodapp. Three women will be honored, who have been members for 50 years or more. They are Mrs. Marie Meyers, Mrs. Hilda Duerler and Mrs. Ursula Widmaier. Entertainment for the evening will be provided by the Swiss Singers with their native songs, by dance pupils of Keith Lovewell and Frank's Polka Trio.

SWAN CLUB DISTRIBUTES BASKETS

NEEDY AIDED—A fitting climax to the Swan Club activities for 1959 was the distribution of 45 baskets of food to 20 needy families. The club members look forward each year to this event and many enjoyable hours are spent in packing and delivering the baskets to all sections of town. "Now!" Lyle is shown above working with the baskets. The Christmas basket committee of Harry Lamberson, Ed Sullivan and Lou Brown did a fine job of making sure that all baskets were complete. The Swan Club's newly-elected officers for 1960 are president, Harry Lamberson; first vice-president, Jim Warner; second vice-president, Bob Lillis; secretary, George Shadwill; treasurer, Bill Fritz; sergeant-at-arms, Dick Traphagan; first year trustee, Wade King; second year trustee, Ray Lamberson; third year trustee, Ed Bellman, Carl Haag; athletic director, Paul Junk; executive board, Don Gearen, Walter Blackburn.

ment of the Nelson Road treatment plant or its maintenance on a standby basis can be carried out, should a cost study prove this latter course feasible.

Concerning the water distribution system, the committee urged that present surveys for elevated storage tanks be extended to include study of similar tanks in all parts of the city not presently served by tanks, and that continuing study be devoted not only to replacement of existing lines but to the tying in of lines to new areas in such manner as to bolster service to existing areas as well.

While confining its basic study to water supply problems, the committee also considered the benefits to be derived from multiple-purpose planning and recommended "any future study evaluate the benefits to be derived from those various functions (such as recreation, conservation, power generation, flood control) and make recommendations according to these findings."

Concurrently with this detailed engineering study the committee recommended that "investigations be undertaken to determine if it is feasible and practical to establish a new conservancy district based either on the Upper Scioto Basin or the entire Scioto River watershed." The committee stated this action should be taken because the conservancy district law seems to offer the most opportunity for a comprehensive approach to water planning.

In conducting its study, the committee met with a number of leaders in water planning, including Grover Clements, now Director Emeritus, Harmon Merwin, now Director, and Roland Holmes, Water Planner, of the Franklin County Regional Planning Commission; Ralph J. Peters, executive director, Ohio Water Survey Committee; Allen Pretzman, secretary, and Clifford T. Lindblom, engineer, Scioto-Sandusky Conservancy District; Floyd C. Redick, former Service Director, and the late Mr. Paul C. Laux, Water Division Superintendent, City of Columbus; Mr. Bryce C. Browning, secretary-treasurer, Muskingum Conservancy District; Mr. Ben K. Bare and Mr. Tahlman Krumm, of the engineering firm of Burgess & Niple; and Mr. C. C. Chambers; Chief Engineer, Miami Conservancy District.

Committee members include Hartley, chairman, Arvin J. Alexander, Roy Brenholts, H. G. Dill, Edmund A. Donnan, Henry A. Flaharty, Ernest G. Fritsche, J. Parker Garwick, Nye Grant, L. A. Guzzo, Paul L. Jones, Robert K. Levy, Allen W. Lundstrum, Roger W. Loveless, Jack C. Merritt, Paul W. Norris, Edward Slowter, Alden E. Stilson, and Don E. Weaver.

Franklin County Fair Gets Top Recognition

For a long time we have been quite close to the Franklin County Fair and have felt that the fair deserves a lot of support of residents of our various communities.

It is quite pleasing to learn that the Franklin County Fair of this past summer has been adjudged the best county fair in the state and been so recognized by the Ohio Fair Managers Association.

Members of the Fair Board are to be complimented on this high honor and should set their goals higher for an even better fair in 1960 and succeding years.

Anyone Else Feel This Way?

During the past week our youngsters have had an opportunity to witness some 50 or more murders and killings . . . via television.

If they go to the movies they have still further opportunity to see the most torrid presentations of sex, adultery, extra-marital relations.

Isn't it high time for vociferous objections to the type of TV programs and movies being forced on us today? We'd enjoy an opportunity to print all the letters we can receive on this subject. If you have some feelings on the subject why not let us help you shout it to the housetops that "We've had enough!"

FLOOD STRUCK YEAR AGO THIS WEEK

NORWOOD PARK—Wreckage from the flood of January 1959 that caused tremendous damage is still seen in some local areas. This midget auto track at Norwood Amusement Park is one vestige of the raging waters that hurled from Alum Creek. Floor damages totaled approximately $15,000 to the E. Main-st amusement park. Also ruined in last year's flood at the park was the newly built miniature golf course. Six thousand dollars was spent to restore it. More than 50 loads of gravel were hauled in to fill the washed out areas of the park to make it ready for the spring opening. This is only one of many remaining sights in the city that bring back unpleasant thoughts to residents who were driven from their homes by swirling waters.

CSSO Will Back South High-st. Parking Ban

Board OKs New Sites For Schools

Official approval of sites for two new Southside schools was given by the School Board at its Tuesday meeting.

A 12-acre tract on the southeast corner of High-st and Southgate-dr will be the site of a new junior high building, to be constructed during the current five-year building program, but not in 1960.

An elementary school will be built on eight acres of land located along the west side of Eighth-st between Hillock and Stockbridge-rd.

The building will be ready for occupancy in September.

City planning commission approved the board's site choices at its Jan. 13 meeting.

School Board also raised salaries of visiting home teachers from $2.50 to $3 an hour.

Planning Commission Shows Future Project

Council of South Side Organizations acted Thursday to write a letter to City Council to ban parking on the S. High-st viaduct. At present, parking is permitted on the north half of the viaduct.

The CSSO plans to back up the Marion-Franklin Citizens Association who have already begun to act on the situation. William Neno, CSSO president, plans to write a letter this week to city council.

Those present said this is a traffic hazard when cars are parked on the narrowed area of the viaduct.

Another traffic problem in the South Side is traffic lights. The safety committee was assigned the job of contacting proper authorities regarding a better traffic light set up at Whittier and High-sts and the installation of a caution light at Koebel and Lockbourne-rds.

Recreation

The recreation committee is expected to take action on a letter received from the Southfield Civic Association requesting support in obtaining recreation facilities at Clarfield School for use of residents in the Southfield sub-division.

Ed Brand, chairman of the recreation committee reported that the Schiller Park Advisory Committee is working on another panel type meeting to discuss the juvenile problem in the community.

Brand also reported that letters are being prepared to send to all high schools in the area, inviting them to use the Band Shelter for mid-week concerts at the park.

In new business, the executive committee presented an idea that the organization sponsor a "Clean up - Paint up" campaign. This was referred to the Education Committee for further study.

Slum Clearance

Guest speaker for the evening was Sam Boyd from the City Planning Commission who explained the advantages of slum clearance in the city. Each member was presented with a series of maps showing future plans as well as plans already in the making.

Some of the important points brought forth in his discussion

NEEDLEWORK CHAMPION—Mrs. Julia Rogers, 393 E. Gates-st, has won needlework championship honors since before 1947. During this time she has won at least one honor each year on a national basis. In 1951 she won National Grand Champion in the art of Needlework. The National Competition was held in Chicago. Comprising her awards she has over 300 ribbons, over 50 certificates and seven trophies, including one for her National Grand Champion. Along with her fascinating hobby she also prides herself in raising a fine family of five children.

South Side Resident Holds National Championship Honors In Needlework

Mrs. Julia Rogers, 393 E. Gates-st a South Sider most of her life, has put her grade school activities into a valuable hobby for herself. Mrs. Rogers, who started out crocheting in her grade school days has advanced her hand craft to national honors. She holds the National Grand Champion award in Needlework.

Mrs. Rogers has over three hundred ribbons, seven trophies, including one National trophy, and several certificates in varied fields of needlework.

She is a native of Austria, Hungary and needlework was part of their schooling in her native country. Coming to the United States when she was 16, her first big thrill was to visit the needle work counter of one of the local dime stores. Since then she has continued her hand craft hobby to national fame for herself.

First Big Win

Her first big win came when she entered a table cloth in the National Competition in Chicago and won a three-day all expense paid trip to Chicago and $500. The tablecloth was an original design of hers. She later sold it to Woman's Day Magazine.

Mrs. Rogers stated that she does not like to use patterns from books. She would rather work up a design of her own.

Thus far she has made several hundred pieces of finery varying from chair sets to hand crocheted curtains and table cloths. Most of the designs that she uses are of her own.

Other than crocheting she likes to listen to good music and spends time with her son who is afflicted with cerebral palsy.

Construction Work

When asked what she has in store for the future she said, "My only big aim is to display my work at exhibits other than county fairs. She further said, "I think that if the schools in America would encourage this in classes it would tend to lessen the percentage of juvenile delinquency. Doing something

OUTSTANDING CITIZENS — Two members of the South Side YMCA were given honors on behalf of the YMCA at the annual YMCA banquet at St. Paul's E&R Church, Monday, Jan. 18. The two who received plaques for outstanding service in the community were Angelo DiGiola, 3233 Parsons-av, and Evelyn Buchner, 2800 Castlewood-rd. Mr. DiGiola, who has a greenhouse on S. Parsons-av, has supplied many hours working with the youth of Y Park and planting shrubs and trees at the park. Mrs. Buchner, a school teacher, has given her time to the aid of youth and grownups as well to be of any service needed. Both, according to "Cap" Hoover have given diligently to the service of the community, church and the YMCA organizations.

Over 200 At Annual South Side YMCA Fete

South Side Branch YMCA kicked off the National YMCA week Monday in the community with their 42nd Annual YMCA Dinner. The dinner got underway at 6:30 p.m. with Dave Harris, Chaplain of South High School Hi-Y offering the invocation.

Following the dinner the introduction of elected members of the Board of Management of the South Side Branch YMCA was done by E. P. Becker, chairman of the nominating committee. Judge Dean Straus-baugh administered the oath to the following men following the introduction. C. L. Dumaree, E. M. Findlay, J. W. Gwynn, C. C. Brown, O. R. Woodyard, Jr., all incumbent members and a new member to the board, C. B. Beard.

Highlighting part of the evening's activities where everyone got into the picture was the singing of old favorites.

The Junior Boys Optimist Glee Club, a co-sponsored vocal group of the Optimist Club International and the South Side Branch YMCA, conducted by Paul Ward, offered four selections at the dinner, The boys numbered 37 strong.

Leaders Honored

Recognizing outstanding community leaders topped the award program. Two members of the South Side received outstanding achievement awards for volunteer service with the YMCA and to the community. Evalyn Buechner, local school teacher and Angelo DiGiola, S. Parsons greenhouse operator received the meritorious award.

C. L. Dumaree, chairman of the board who introduced the speaker of the evening handed a moment of laughter to the group when R. L. Hepner, Master of Ceremonies, told a story of Dumaree having a nickname of "Dummy" Dumaree.

C. Neilson Griffith, principal speaker for the evening spoke on "A New Look At The 3 R's." He defined the 3 R's as reason, resources and responsibility. Combining humor and factual information, Griffith explained why all three are essential in everyday living.

Recognition Service Set By Scout Council

Protestant Relations Committee of the Central Ohio Council, Boy Scouts of America, is planning a council-wide recognition service for all Scouts who have earned the Protestant Church Award during the last two years.

The service will be conducted at the Broad Street Presbyterian Church, 760 E. Broad-st, beginning at 2:30 p.m. Sunday, Feb. 7. All Cub Scouts, Boy Scouts, and Explorer Scouts, together with their parents, leaders and friends are invited to the one-hour ceremonies.

The program will be a part of the celebration of National Boy Scout Week, which begins on Feb. 8 and lasts through Feb. 12.

Rev. G. Weir Hartman, executive director of the Columbus Area Council of Churches, will be in charge. Dr. Harold Yocum, president of Capital University, will speak briefly to the Scouts.

Other features will be directed by Rev. A. L. Roth, pastor of the Hillcrest Baptist Church and David Morris, son of Mr. and Mrs. Thomas R. Morris, 171 S. Roys-av. Scouts of the Hilltonia EUB Church will usher, while other Scouts will conduct the opening exercises.

The West High School Youth Choir will sing under the direction of Miss Edith White. The organist will be Mrs. Walter Lange.

"Many other local activities will have even greater significance this year," said district spokesman Robert G. Meade, "inasmuch as the Scouts are celebrating 50 years of service. The entire year of 1960 will be known as "Scouting's Golden Jubilee Year."

Telethon Will Boost Dime Drive

Over 19 Franklin County chapters of the March of Dimes are co-sponsoring a star-studded New March of Dimes Telethon over WTVN-TV, Channel 6 beginning at 10:30 p.m. Saturday, Jan. 30 and continuing through the night to 5 p.m. Sunday, Jan. 31.

Nationally known stars of stage, screen and network television will combine their talents with top area entertainers in the all in-person Telethon.

Virginia Graham and Leslie Uggams, frequent visitors on the Jack Paar TV show, will join other nationally prominent entertainment celebrities on the benefit show. The stars will be flying into Columbus from New York and Hollywood especially for the New March of Dimes Telethon.

USDA experiments with pelleted and chopped alfalfa hay fed to sheep showed that pelleting can increase body and fleece weights without increasing feed consumption.

Water Division Distributing Reports On Flood Of 1959

The third report on the Jan.-Feb. 1959 floods in Ohio (Circular 418) is now being distributed by the Ohio Division of Water, one of the units active in its preparation. It is being sent to planning commissions, county and city engineers, consulting engineers, soil conservationists, universities and the State Library, which will distribute them to all public libraries.

Because of the need to act promptly in performing the field work and the office computations pertaining to flood-peak discharge, about 30 U.S. hydraulic engineers from all sections of the county were assigned to Ohio for a three-month period. Others cooperating were the Ohio Division of Highways, the Miami Conservancy District, the city of Columbus and the U. S. Corps of Engineers.

In addition to the stream-gauging records and flow measurements and other information summarized in the report, flood-damage studies, flood-crest profiles, maps of inundated areas and other investigations were undertaken. Results of all these surveys were not available for this preliminary report, which is to supply information of a technical nature for immediate planning to thwart future floods.

The first division report was a narrative, describing the damage by watersheds. The second, "Flood Control in Ohio," gave the status of all existing and proposed flood control improvements. A third report by the state, "Meteorology of the Storm," will be ready soon.

A fourth will contain a series of flood profile charts.

Base Families Get Polio Shots

Polio shots will be given to Lockbourne Air Force Base families in the Base Hospital Clinic Feb. 8, through Feb. 12, from 7:30 a.m. to 5:30 p.m.

Families desiring shots should report to the Family Clinic with their immunization records. No appointments will be necessary.

Time intervals for polio immunizations are: second shot, one month after first; third shot, 7-12 months after second; last shot, one year after third.

Canine Census Now Underway Throughout Area

A census of dogs in Columbus, Bexley and Franklin County is now being conducted by officers of the Humane Society of the City of Columbus. The survey is for the purpose of recording all dogs owned in the county and making sure that all are licensed.

In addition to being licensed all dogs must be immunized against rabies. The Boards of Health of Columbus and Franklin County also require that all dogs be re-immunized every 12 months if the regular type vaccine is used, and every three years for dogs which have been inoculated with the new type chick embryo vaccine.

This census will continue until it is completed in all these areas. Owners whose dogs have not been licensed will be required to purchase licenses and pay a $1 penalty if the license had not been obtained by the deadline of Jan. 20.

Youth of South High Church will be hosts on Sunday afternoon and evening to the South Side Inter-Church Council which includes all the youth of the South Side churches. This will be the Annual Birthday Party with decorated tables for each month. A potluck supper at 5:30 p.m. will be followed by entertainment furnished by the youth groups of the various churches. Two hundred youth are expected to take part in this program.

Joseph Maeder, 91 years old, has made the first household move of his long life. Mr. Maeder was born and reared at his old home at 1720 Moler-rd. He and his daughter, Helena have recently moved to 1231 Seymour-av. Anyone who has lived in one community 91 years must have a lot of stories of progress and activities of the community.

Richard and I celebrated our 29th wedding anniversary on Sunday by taking the youth group of South High Church to the District EUB Youth Rally at Westgate Church. The group brought home the attendance banner by having 45 in attendance.

4-H Club Leaders Praise Work Of Late A. B. Graham

The great respect held for Albert B. Graham, 91, of 150 Clinton Heights-av, founder of the 4-H Club of America, is indicated in statements given to Hartley Newspapers by various 4-H and agricultural leaders in Franklin County.

Mr. Graham, an internationally known humanitarian, died Jan. 14 in Sheri Lou Nursing Home, Worthington. He suffered a stroke last Dec. 12. Funeral service was held Saturday evening at Southwick Funeral Home.

Comments made by various farm and 4-H leaders on his passing included the following:

• • •

Jim Mills: "Mr. Graham had an unyielding faith in young people. He liked them and they liked him. His early work with pig clubs and corn clubs laid the foundation for an educational program with farm families.

The 4-H Clubs of America and many other countries serve as his living monument. It is a challenge to us to continue his faith in the goodness of young people."

• • •

Mrs. Henry Karrer, Dublin, "He was a grand old man . . . dedicated to the 4-H program . . . helping boys and girls."

• • •

Mrs. Harry Halliday, Hard-rd, Worthington, "I was very sorry to learn of his passing. It was wonderful that he received recognition while he was living . . . Our youngsters took flowers to him . . . He would talk to them and inspire them to do the best they could . . . He was never satisfied with half way effort . . . Mr. Graham was an inspiration to both adult leaders and the children."

• • •

Mrs. Lee Schleppi of Westerville, who was active in 4-H Club work for 32 years and had five daughters enrolled in the work: "I always had the greatest respect for him. Whenever his name was mentioned the eyes of the adult leaders and children would light up to hear anything about him . . ."

• • •

Mrs. Ira Le Moreaux of 4181 Harlem-rd: "Mr. Graham was a great inspiration to everyone who knew him . . . His humbleness impressed me . . . He always had time to talk to the youngsters."

• • •

George Sanyard, 166 Acton-rd, "I feel that he left impressions which are unmatched by few people . . . he laid foundations for education of youth which are unique and long lasting . . . He maintained an active interest in 4-H work as long as he lived . . . Many persons are not aware of the great debt we owe Mr. Graham for his work with youngsters."

• • •

Cecil Smith, Agricultural Extension Service: "He was a pioneer in his field, probably one of the greatest individual forces to advance the well-being of agriculture. His work with youngsters was outstanding . . ."

The Agriculture Department says more than 700 volunteer and professional entomologists are watching for insect pests.

It is largely upon this small army that the government depends in keeping destructive insects from getting a big foothold and causing widespread crop damage. These entomologists are a part of an insect survey and detection system maintained through Federal and State cooperation.

Jonathan Alder Story Fascinates Historians

HIS HOME — Jonathan Alder's original home was this log cabin which is preserved in Madison County where he was the first white settler. Alder injured his leg near this cabin and almost starved to death in a deserted cabin before two youngsters found him one winter morning.

by Bob Wunderlin

One of the most fascinating stories emanating from the pages of early Ohio history is the one revolving around Jonathan Alder, whose cabin and grave is located just a few miles west of Columbus.

Jonathan Alder was eight years old when he was captured by Indians during the Revolutionary War. Spared from torture and perhaps even death through the intervention of a kindly Indian chief who thought he would some day make a great hunter, Jonathan spent 24 years with the redskin tribe before returning to his home and family.

Jonathan Alder is buried about 18 miles from Columbus' Broad and High-sts in Madison County.

The inscription on his tombstone reads:

JONATHAN ALDER
First White Settler in
Madison County.
Born Sept. 17, 1773
Taken by the Indians in
1781.
Returned to His
Mother in 1805.
Died Jan. 30, 1849
Age 76 Years.

For those interested in visiting this bit of Ohioana the best route to take is route 40. About half a mile east of West Jefferson, the Plain City-Georgesville-rd knifes across the National Highway.

Turn north, continuing across the railroad track, past the imposing buildings of the Battelle Institute, on down the mild S-curved road with its "Narrow Bridge" signs, clean white barns, neat rural houses, well-kept farms, grazing cattle and scurrying pigs.

Just 3.7 miles north of Route 40 you come to the Alder Chapel. On the chapel grounds stands the original Madison-County home of Jonathan Alder.

Adjoining the grounds is the cemetery, maintained by the Jefferson Township fathers of Madison County. Here is the grave of Jonathan Alder.

This cabin originally stood one mile north of the cemetery at the intersection of Lucas-pk and East-pk. (East-pk is now called the Plain City-Georgesville-rd.)

The cabin originally stood on the southwest corner of this intersection.

Born in New Jersey

Jonathan Alder was born in New Jersey, about eight miles from Philadelphia. When seven, his parents carted him off to Wythe County, Virginia.

The following March, in 1782, as Jonathan and his brother David were hunting for a mare and her colt that had wandered off, a small party of Indians captured them.

David ran but Jonathan was captured on the spot.

"At length," Jonathan told friends later, "I saw them returning, leading David. One of the Indians was holding the handle of a spear. The arrow end of the spear was imbedded in David's body. As they approached me, one of the other Indians stepped over and grasped David while another pulled out the spear. As David sank to the ground, the Indians grabbed me by the wrist and hurried me on. Shortly afterward I saw one of the barbarous wretches shaking blood off of what I knew was David's scalp!"

They marched on through the woods and at sundown stopped for the night in a small clearing. Jonathan slept through the night, utterly exhausted.

A noise awakened him. The sun was up and he saw the shadow of an upraised arm with a tomahawk on the ground beside him. Jonathan turned as the Indian poised, ready for the kill. Jonathan smiled.

Surprisingly enough, the Indian chief lowered the tomahawk, gazed at the young captive for a long time, and then patted him on the head.

Intended To Kill

Years later he told Jonathan that he had intended to kill him that morning but his smile and coal black hair had caused him to change his mind and attempt to make a good Indian out of the youngster.

Jonathan was forced to "run the gauntlet," however, and fortunately suffered only minor injuries during this ordeal.

The homesick lad "cried his heart out" almost every day.

His father, a chief of the Mingo tribe, was called Succohanos. His Indian mother was called Whinecheob. His sisters were simply Mary, Hannah and Sally.

Succohanos and Whinecheob had lost a son. Jonathan was his "replacement." From the start they told him that some day they hoped to enable him to rejoin his people.

He ran, fished, hunted and swam with the youngsters of the village. One day he almost drowned. "The act of drowning is nothing," he said later, "but the coming back to life is distressing."

Diet Was Poor

The Indian diet of meat and hominy, with very little bread and practically no salt, left him subject to fever and ague.

He was taught how to handle a rifle and became an expert shot. He always returned to camp with game.

In 1795 the treaty with Wayne became effective and hostilities between the Indians and the white man stopped. "I can now lie down without fear and rise up to shake the hand of both the Indian and white man," Jonathan gloated.

In 1796 Lucas Sullivant and his surveying party came down Big Darby Creek. Alder and Sullivant became great friends. Sullivant was fascinated by Alder's story of captivity and life with the Indians.

Alder married an Indian maiden.

He took over some land and began farming like the white man.

He sold milk and butter to the Indians; horses and pork to the white settlers who were coming in. He acquired more and more property in the Amity and West Jefferson area.

One day a salesman came through the area and heard Jonathan's story. He dwelt on the fact that Jonathan could remember living near a lead mine and that he could recall watching the men dig ore. He remembered a family named "Guillon" living nearby.

The salesman then recalled that he and his father had once stopped at the house of "Guillon" in some part of Virginia.

When Moore—the salesman—went back through Virginia, he wrote posters and tacked them on trees and fences and bulletin boards throughout the area, asking if anyone had any knowledge of a young boy kidnapped by Indians.

Not long afterward Jonathan received a letter from his brother, Paul. He was overjoyed. His mother and brothers were still alive, the letter said.

Left Indian Wife

But the Indian wife presented a problem. She did not want to travel, so Jonathan, following Indian customs, bought his freedom from his wife for 14 cows, seven horses and household goods.

Jonathan kept two horses, the swine, and $200 in a small box. His "separated" wife saw the box, demanded it and its contents since it was hers before they had married. Jonathan yielded.

Alder arrived at his brother's house the Sunday after New Year's day. Without letting his family know who he was, he asked for food and lodging for himself, Moore, and their horses.

For several hours he watched his family. His brother he did not recognize. He knew his mother by the mole on her face but found it hard to believe that this lady with the snow-white hair was the mother he had last seen with raven black hair.

Neighbors were soon invited in and one of the young ladies remarked that "he looks very much like Mark."

Jonathan realized that he was about to be "discovered" and ran to his mother. "My! How you have grown!" she greeted.

After spending some time with his family he returned to the banks of Big Darby to cultivate his land. He looked like an Indian, he acted like an Indian, and sometimes thought like an Indian.

He was respected by all his fellow townsmen. He was known to be kindly and honest.

He died on Jan. 30, 1849, and was buried in the Harbage-dedicated cemetery. Later his cabin was transported to its present site through the courtesy of the Stuckey family, who donated it to Jefferson Township.

And today, thousands of visitors annually turn off the national highway and down the Plain City-Georgesville-rd to get a look at a very real part of the exciting history of the Buckeye State.

PIONEER RESTS—This is the grave of Jonathan Alder at Foster Chapel Cemetery on Plain City-Georgesville-pk. Alder died in 1849 after spending most of his life in captivity.

Ticklers — By George

"Smile, please!"

East Was Wet, West Was Wet Only Year Ago

Week Of Misery, Destruction, Not Easily Forgotten

LIKE VENICE—Only streets of water were visible in this January 1959 view of the intersection of Beechwood-rd and Virginia Circle-dr W. in Whitehall. Many new homes were isolated and some residents reached their homes via rowboats. In some cases, the water came within one inch of entering the first floor level of the homes. The swirling waters reached hubcap level on autos parked in side drives.

SUDDEN REFUGEES—During nightmarish Jan. 21 and 22, some 2600 families in the greater Columbus area were routed from their homes. Schools, churches and other civic buildings became refuges for hundreds of wet, tired, hungry and bewildered families. This young family was snapped in the Naval Reserve Training Center on Sandusky-st.

FLOOD DIKE—Taking no chances with another flood like the one last year, the owners of this East Side home have had a giant dike built entirely around the rear of the house in the past year. Bliss Run, which flooded many homes in the area in 1959, runs along the back edgs of this lot. The dike reaches heights of nearly 10 feet in places. The large home features cherry-paneled party and family rooms in the basement which could easily be ruined by heavy flood waters.

BEFORE AND AFTER RESTORATION—The Big Walnut Creek Chesapeake and Ohio Railway bridge near Reese Station is pictured one year ago when it collapsed during the flood and in present operating condition. The inset picture of the collapsed bridge is shown by courtesy of Dale Robinson, Reese Station.

DAMAGE IN MILLIONS—People made the best of it while waiting for the water to recede. The family pleasure boat (above) was pressed into vital transportation duties in this scene near Central and Brehl-ave. Several partly submerged cars can be seen in the background. Some 100 cars were covered in the West Side alone.

THEY MADE NEWS—Welfare agencies, including the National Red Cross, moved into the Federal disaster area to distribute emergency food and clothing and later helped rehabilitate homes. In the lower picture (above) crews worked night and day to buttress Dry Run Levee. Hardly known by anyone earlier, Dry Run suddenly became the talk of the town when it broke out and flooded the West Side.

CEREALS HAVE IMPORTANT PLACE IN FAMILY DIET

How much do you spend each month for cereals? Usually, breakfast cereals take a small share of the family's food budget but are one of the best food buys from the standpoint of economy and nutrition. Perhaps your problem in buying cereal is deciding "which one." A recent count of the types and package sizes of breakfast cereals displayed on the shelves of one large Columbus food store totaled 73. Rationally, you base your decisions on relative food value, time for preparation, cost, of family preference—or a mixture of these.

Cereals are Different—Today's cereals are quick and easy to cook. Modern processing methods—steaming, milling, rolling—have reduced or eliminated the long cooking time of cereals. For convenience; cereals are grouped into three types:

1. **Uncooked**—the husks are removed, the grain may be ground, cracked, or broken up. Oatmeal and cornmeal are examples.
2. **Partially Cooked**—these have been steamed but need some further cooking. Rolled oats and rolled wheat are examples.
3. **Ready-to-Eat**—these have been completely cooked at the factory. They may be flaked, puffed, or baked into a dough and then crumpled or shredded.

The Dollar You Spend for Cereal—For the most part, cereals require a lot of processing before you buy them. Such costs as moving grain from the farm, manufacturing it into products the consumer wants or will buy, packaging and selling costs—all must come out of the dollar you spend for cereal.

Many of today's cereals are vitamin enriched. The label on the package will tell you what you are paying for. The label must state the kind of grain used as well as what has been added or subtracted. The protein in cereals is, of course, vegetable protein. That is th reason for putting plenty of milk over your cereal—the animal protein in the milk makes the cereal protein more useful to your body.

If Cost is Your Guide—You may compare the cost per ounce of cereals to determine your best value. An ounce of cereal is considered an average-size serving. To find the cost per serving, divide the number of ounces in the package into the price. Cooked cereals usually cost less than ready-to-eat cereals. Cereals in small containers cost more per pound than cereals in large containers. Sugar-coated cereals generally have a higher cost-per-serving than the plain cereals.

If You Share In Support, Deduction In Tax Possible

EDITOR'S NOTE: This is the last article of a series, which has appeared in this newspaper relating to the filing of income tax returns. The articles have been issued by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.

Do you contribute to the support of a dependent, but cannot claim him because you do not furnish over one-half of his support?

If your dependent can qualify in all other ways except that you do not furnish over one-half of his support, then perhaps this will help you.

Where two or more persons contribute more than 50 percent to the support of a dependent and each could claim the dependent except for the fact he did not contribute more than 50 percent of the support, then one of the contributors can claim the dependent provided:

(1) The taxpayer claiming the dependent contributed over 10 percent of the support, and

(2) Every other one who contributed over 10 percent to the support agrees not to claim the dependent for 1959.

Angus Show, Sales Revived

The Ohio Angus Association Show and Auction Sales has been set for March 28 at the Ohio State Fairgrounds, John Hennigh, secretary of the Ohio Angus Association has announced.

It will mark the first time since 1956 that a state Angus show and sale have been held at the fairgrounds.

One of those agreements, Form 2120, must be signed by each person (other than yourself) who contributed more than 10 percent to the support of the dependent. The agreements must be filed with your return claiming the deduction for the dependent.

In other words, suppose that you and your three brothers each contributed 25 percent of the cost of supporting your mother. By agreeing among yourselves, any one of you can claim the dependency credit for any year that the others are willing to sign an agreement, Formt 2120, that they will not claim it. You can take turns, or one can claim it every year. You cannot prorate the credit between you. One must claim the full credit.

Now is the time to consult with the others contributing towards the support of your dependents and agree among yourselves on who is going to claim the deduction this year and who is going to file declarations that they are not claiming the deduction.

Charity Show Set To Open On March 5

The Fourth Annual Dispatch Charities Garden and Flower Show will be held Mar. 5 through Mar. 13 at the redecorated Horticulture Building on the Ohio State Fairgrounds.

This year's theme will be "Early American" and leading local landscapers, florists and nursery men will display beautiful garden and floral exhibits.

Groups cooperating with the Dispatch in the show's presentation are the Columbus Landscape Association and the Columbus Allied Florists. In addition to this, state and city departments are aiding with the show. The state and city will have garden displays, as will the Garden Clubs of this area.

Poppa Weaver Will Appear On TV Show

We're back . . . by popular request of many Hartley Newspaper readers, the weekly television log will again be included in your community newspaper.

Starting this week, the highlights and top shows will receive advance attention in this special section. The four-page Idle Hour Guide has been designed so that it may be taken from the newspaper, folded, and placed by your television set all week.

Although some of the highlights are missing from this week's schedule, they will be included next week making your Hartley Newspaper Tele-Viewer the number one connection between you and your television entertainment.

If you have ideas for the improvement of this page or new features that might be added, please let us know about them.

Charlie Weaver, alias Cliff Arquette, has another surprise up his rumpled sleeve for doubting Thomases who didn't really believe he really had a Mama.

Last fall, the rustic sage of Mt. Idy, Ohio, introduced his celebrated letter-writing Mama for the first time when he took her to Hollywood to meet Cousin Ernie Ford.

Now he's going to introduce the man Mama's writing letters about—Poppa Weaver. Poppa will meet Ernie on the Ford Show in color, Thursday, Jan. 21, at 9:30 p.m., over WLW-C, Channel 4.

Poppa Weaver has a special reason to look forward to his public debut. For years now, Mama has been talking about him in the letters which Charlie has read to millions of TV viewers and which were collected for postority in his best selling book.

And now Poppa will have his day. For the first time, he'll have the chance to speak his own piece.

Sports feature of the week will be the middleweight championship bout between defending champ Sugar Ray Robinson and challenger Paul Pender over WLW-C, Channel 4, Friday night at 10. This will be the regular telecast of the "Cavalcade of Sports," with Jimmy Powers as the commentator.

A real treat for science fiction fans that crosses old borders of fiction, but keeps its feet on the reality of today will be featured on WTVN, Channel 6, this Sunday, at 5 p.m.

The day Before Tomorrow is a new film based on Jules Verne, writer of several science fiction stories of yesteryear that have been made into movies recently. In the film the departed Verne will be taken on a guided tour of the army guided ballistic missile lab at the Aberdeen Proving Grounds in Maryland.

Another Sunday highlight of WTVN will be the finals of the Bing Crosby Golf Tournament that will be broadcast from 5:30 to 7 p.m. Bing and Jimmy Demaret will be the key commentators.

A new weekly public affairs series FYI, spotlighting a wide range of topical issues and recurring problems giving them the meaning and significance to the average viewer will be telecast from WBNS-TV, Channel 10, Sunday at 11 a.m.

Two films of note will be shown Sunday on WBNS. The Shirley Temple Theater will show "Captain January" at 12:30 telling a delightful story of a little orphan who is cared for by an old lighthouse keeper. The other, "Fighting Seabees" featuring John Wayne is a drama of the formation of the tough seabees and of their valuable work in the Pacific, will be shown at 2 p.m.

For the sports minded, WLW-C will carry NBA professional basketball Saturday afternoon showing the Philadelphia Warriors in action against the Detroit Pistons. A ten-round bout between light-heavyweights Henry Hank, Detroit, and Jesse Bowdry, St. Louis, will be shown on the Wednesday Night Fights from Chicago Stadium over WTVN.

Premiere of the new weekly series, World Wide 60, will be featured over WLW-C Sunday. NBC Newsman Frank McGee will be host to the program beginning at 9:30 p.m. The first feature will be "Castro's Year of Power," a penetrating study and appraisal of Cuba under the regime of Fidel Castro. NBC newsmen will examine various phases of Cuban life since Castro became premier.

Lenexa, Kan. — The volunteer firemen of Lenexa recently tumbled from their beds and rushed into the subfreezing weather eight times in one night — on false alarms.

The next morning firefighting citizens hurried to the fire station seven times before a telephone lineman finally brought peace to the town.

Fire Chief Bert Gast explained that a short in a telephone line sounded the whistle atop the firehouse every time the station phone was used.

Bible Comment

Christian Life Is Personal, Not Selfish

Christianity is an intensely personal philosophy but not a selfish one.

One characteristic of a deep Christian outlook is a belief in self-examination.

Consider the episode in the Bible when Christ comes upon a crowd bent on stoning an accused adulteress (John viii, 7, 11):

Said Jesus: "He that is without sin among you, let him be the first to cast a stone at her. " . . . And they which heard it, being convicted by their own conscience, went out one by one, beginning at the eldest even unto the last."

which marks the true Christian.

Confronted with the need to judge another man, he will first judge himself. In a chain-reaction fashion, all Christians then by come to understand themselves more fully in the light of Christian philosophy.

It was this self-inspection which even the most sinless disciples of Christ undertook — even as they were being led away to martyrs' deaths.

To them, and to all Christians, an uncorrupted life existed as a phenomenon which man never truly experienced on this earth, but the reflection of which is visible in a thousand different utterances of God's creation.

INSIDE ON THE Outdoors By ROD COCHRAN

That warm, spring-like weather last week turned many thought toward the coming fishing season. Here are some tips on tackle tinkerin' that will help pass a winter evening or two, and will pay off on your first fishing trip of the year.

Lightly lubricate ferrules on your rods—both the insides and outsides. Any light grease will do.

Assemble your rods and move them briskly through the air, noting any loose spots and checking for noises. If a ferrule is loose, remove and re-seat it.

Inspect guides and tip-top with a magnifying glass, for worn places, cracks or breaks. Replace any defective piece.

Check rod windings for abrasion or wear. Apply touch of varnish or clear finger nail polish to resurface.

Spin fishermen should disassemble the drag mechanism and clean and lubricate all parts. Casting reels, if properly cared for, need no service. If you're doubtful, however, about the condition of a casting reel, dismantle it, clean and lubricate.

Inspect Condition of Lines

Well-used lines should be replaced. If a line is relatively new and the reel spool full, then discard the first 10 or 15 feet of line. To remove the "corkscrew set" from monofilament line, the end should be secured and then the line run out an average casting distance. The line is then pulled with a smooth, increasingly strong pull. Hold a few moments, then rewind.

Fishing lures should be checked for needle sharp points and dull points should be honed. Check finish and apply varnish or paint to refinish lures. Paint in pressurized cans makes this an easy job—some fishermen carry these paints with them to change the colors of a lure while fishing.

Check finish on all spoons and spinners—polish and touch up with kitchen scouring powder where dull. The brighter surface will attract more fish.

Brush up on knot tying.

These 10 hints will help you get off to a good start come spring. Nothing is more frustrating than to go fishing with gummed up equipment — your casts will not be as long or as accurate, and you will lose fish from dull hooks and rotted line.

Now is the time to get ready to go fishing.

MARKS ANNIVERSARY — The Benfield Avenue Church of Christ (Disciples) 261 Benfield-av, is entering its 26th year of service. The church that once started out with only a handful of members has grown by leaps and bounds. The bigger percentage of the work done on the new section of the church was donated by members of the church who are skilled in varied fields of construction. Rev. Karl Henry Dawson, present pastor of the church, finds little time for personal recreation and relaxation as his duties to his congregation call him to all parts of the church district. The neon cross at the top of the church belfry lights the way of worship to many of the people in the South High-st area.

Benfield Church Enters 26th Year Of Service To The Community

The Benfield Avenue Church of Christ (disciples) was begun in 1933. A small group of men and women from the South Church of Christ, seeing a need for a new church in the present area of Benfield, started a Sunday School. Mr. and Mrs. Ben Dodson, Mr. Ashton, Mrs. Grace Black and Joseph Daab were among those who helped with the new Sunday School that was held in the old Fornof School building.

The corner stone of the new church building was laid in 1935. There were around 20 charter members when the cornerstone was laid, some of whom are still living and active in the church at the present time.

About 1946 a building fund was started to build an annex to the original structure. In 1956 the building was completed, dedicated and occupied. The annex houses the minister's study, nine Sunday School rooms, wash rooms and Junior Church facilities.

Lots Purchased

A little over a year ago two lots were purchased on Deering-rd to expand parking facilities as needed.

The Benfield congregation has been served by seven pastors, including the present pastor. The first pastor, Rev. Joseph Daab, served the congregation for many years. Other pastors who served the congregation were Rev. Dale Hefflefinger, Rev. Richard Felton, Rev. D. M. Thomas, Rev. Dana S. McDonald, Rev. William B. Venrick, and as ad interim pastor, Rev. Clarence D. Mulkin.

Rev. Richard Felton, who served the congregation for five years, is now associate secretary of the Ohio Christian Missionary Society. The Ohio Christian Missionary Society is the organ of the Brotherhood of Disciple Churches in this state. Rev. Felton is also well known for his evangelistic work throughout Ohio.

The present pastor, Rev. Karl Henry Dawson, has been serving the congregation since August 4, 1957. Prior to coming to Benfield, he had served as pastor of four Jackson Country rural churches—Fourmile Christian Church, Byer Christian Church, Corinth Christian Church and Hamilton Christian Church. He began his ministry in Athens County under the able leadership of Rev. Gilbert Courtney, minister of Hocking Valley Parish Unity.

Holds Area Post

At the present time, Rev Dawson is vice president of the Columbus Area Ministerial Association and secretary-treasurer of the active South Side Ministerial Association. He is 37 years old, married and the father of three children.

The present active membership of the church is about 250. The church sponsors a scout troop, sea explorer unit and a cub pack. The "Well Baby Health Clinic" of the Columbus Health Department is held twice each month for those in the area who are in need of the service. The church is a member of the Columbus Area Council of Churches and supports many mission and community efforts.

The people of the Benfield Congregation prayerfully approach their part in a growing community, and seek to lift up Christ and His way of life to all people.

With God's help and sincere hearts the congregation looks ahead.

St. Mary Seeks Third Loop Win Over Bucks

South, Marion Quints Face Comeback Attempts Friday

Unpredictable St. Mary, currently holding down sitxh spot in the Franklin County League with a 3-2 mark, tackles highly regarded University Friday in the South Side's highlight game.

The Ramblers, possessing a fine 7-3 overall record, can't seem to win the big ones in the league and have lost to conference pace-setters Canal Winchester, New Albany and Dublin.

In other South Side games Friday night, South's Bulldogs attempt to get back on victory trail hosting North and Marion-Franklin travels to the dangerous home range of the West Cowboys.

After meeting the Little Bucks Friday, the Ramblers have their work cut out for them in the next five days challenging Aquinas Saturday and treking to Lancaster St. Mary the following Tuesday.

Coach Tony Lavelle's Ramblers still have three conference games remaining on their schedule and none look like pansies. In addition to University, St. Mary has yet to play highly regarded Rosary and Academy.

There's a lot of fumbling going on in the County League and it's still possible for St Mary to claim one of the top slots even though a championship is probably out of reach.

"Half a loaf is better than none at all," South Coach John Colmery commented early this week reflecting on last weekend's win-lose performance by his Bulldogs.

"We are happy we beat Marion-Franklin, but West definitely put us out of the City League race," he commented. "We will do the best we can from here on and will try to end as high in the standings as we can."

To reach the team's maximum ability, "we must be healthy several weeks in a row," Colmery pointed out. "We faded physically in the West game. Our lack of condition showed."

As if Lady Luck hasn't snubbed the Pups enough already this year, forward Don Jagerski was handed another taste of tough luck in the encounter with the Cowboys when he was accidently kicked in the arm.

He missed Monday at school with a badly swollen arm and Colmery had to mark him as a question mark starter against fourth-place North.

Hart Makes High Score At Schiller

Schiller Recreation Center Saturday morning Bowling League, bowling at Parsons Recreation, was paced last week by high rolling Jerry Hart who rolled games of 225, 205 and 243 for a 673 series.

Other high scorers for the Center were Ken Schumacher with a 555 series, Pete Crosetti with a 216 and 535 series, Jim Short rolling a 527 series, Chuck Pyle who rolled a 211 single, Bob Frost bowling a 208 and Wayne Rutherford rolling a 202 single game.

The Boys JATC team rolled a high single game of 969 with the Egore Five rolling high three game honors of 2780.

Ruth Watson paced the girls with a 173 single and a 495 in the series. Her team also captured team honors with a 923 and 2725 series.

West Defense Too Much For Bulldogs

South's chances of rebounding back into the City League title picture were severly jarred Saturday night when a defense minded West crew handed the Bulldogs their third conference loss, 70-51, on the winners court.

After the first quarter ended in a 17 all tie, West spurted ahead of the Pups 33-26 at halftime and held a big 53-39 edge as the final stanza got underway.

Strong point of West's victory machine was a good defense which limited South to 22 action goals and held leading scorer Tom Lee to 13 points. Al Young and Don Jagerski also hit the double figures netting 12 and 10 points respectively.

Ken Hartranft led the West offensive attack with 16 counters.

South Side Inter Church Cagers Remain Undefeated

Only eight teams out of the twenty-two participating in the South Side "Y" Inter-Church basketball leagues have managed to remain in the undefeated class despite the fact that only two sets of games have been played.

Tuesday Junior Boys

Rocky Roshon led his Ohio-av EUB teammates to victory over the highly touted Frebis Church of God five to remain in a first place tie with Emmanuel Lutheran who scored a win over Walter Steffen's Livingston Methodist boys. Leist and Crist were the big guns for Emmanuel while Allan Cook played best for the Methodist hoopsters. In the final game on the card, St. Paul Lutheran nosed out Southwood Church of Christ in a real thriller-diller. Jack Davis was the top scorer with three field goals and a foul shot to his credit.

Girls' League

Sharen Boquist and Diana Lamp scored 16 and 14 points respectively to help Ohio-av EUB roll over Thurman Avenue Methodist, while St. John E and R kept their record unblemished by out-scoring Emmanuel and South Methodist tasted sweet victory for the first time by beating Livingston in an overtime battle. Carolyn Stout, Linda Bateman, Linda Koetz, Barb Nicholson and Beth Hoffman all played outstanding games.

Wednesday Jr. Boys

Oakwood Methodist's "Blue Wave" swept into undisputed first place by downing South Methodist in a tussle for the league's top spot. Jan Nagy proved to be the big difference with a twelve point second half scoring spree. St. John E. & R. bounced back into the winners column by downing the scrappy quintet from St. Paul E & R. Sam Shannon and John Koetz starred for St. John, while Don Martin and Ronnie Nincehelser paced the St. Paul attack.

Intermediate Boys

St. Paul E & R's offense clicked on all five as the Saints downed Southwood Church of Christ. Karl Goezinger had one of his real good nights and took league scoring honors with 22 points. Oakwood Methodist continued to look good as seven of their players scored in their win over South Methodist. Mike Jacobs played best for South, both on offense and defense.

Jim Cripe and Doug Pritt proved to be the sparkplugs in Washington EUB's scoring machine in their solid win over St. Paul Lutheran.

Marion-Franklin Beaten In Two Games Last Week

sank deeper into the City League standings last week losing to Columbus South and Columbus Central.

The Red Devils were first humiliated by Central, 94-48, early in the week, then thrown for a 78-46 setback by South Friday evening.

Richard Reese was high point man for the Devils in both encounters, scoring 13 points against South and another 10 at Central. Bill Leddy also scored 10 in the scrap with the Buccaneers.

Hard luck Marion-Franklin South had three regulars which scored in the double figures. Ron Foster, Jim Kerns and Al Young combined for 49 of the Pups' 78 counters.

Marion now stands 1-5 in City League action, tied for the loop's seventh position.

PUTURE HELIPORT?—Adapted from a blueprint, this is a diagram of the Heliport proposed on W. Whittier-st. City Police Auto Pound presently occupies the site.

Heliport Project Given Approval By Authorities

Program To Provide Service For 200 Miles

Columbus Municipal Airport authorities have agreed on the type of heliport they hope to see built in the city.

The plans have been approved by the Federal Aeronautics Agency.

If the proper financing comes through, the plan provides for facilities to handle air helicopter service to cities within a 200-mile radius of Columbus. The present police auto pound on W. Whittier-st, just north of Greenlawn Dam, has been singled out as the most likely spot for the heliport.

The Columbus project qualifies under a Federal Works program in which U.S. funds would be matched by an appropriation from the city. Willingness of existing airways to subsidize the operation is also important, Bolton said.

Four In U.S.

To date there are four such commercial heliports in the United States. They supply both passenger and cargo service. According to Jack Bolton, superintendent of Columbus Municipal Airport, this future facility would be valuable for carrying passengers to and from the municipal airport as well as for commuting to other nearby cities.

Traffic control would be under the direction of the FAA.

Other than the four heliports now in use commercially, there are several government and independent heliports also in use. Among the better known ones are President Eisenhower's heliport at the White House, the Pentagon heliport and the New York Port Authority roof-top heliport. According to E. L. Whelan of the Helicopter Council, these devices are a refreshing escape from crowded city traffic. They also are safer in many respects, he said.

Centrally Located

The planned heliport in Columbus will be centrally located, yet far enough away from residential and commercial buildings to supply safe landing and take-off.

Protests Against Crime Shows On Television and Radio Voiced

EDITOR'S NOTE: Three persons have added their "we've had enough" to last week's comment in "The Spectator" column that too many murders and killings are being forced on the public through television and

These people objected to the crime stories, the torrid presentations of sex, adultery, extra-marital relations.

If you have some feelings on the subject, we will welcome the opportunity to print your letter. Here's what others have already said:

Dear Editor:

You may add my name to the list of those who have had enough of crime, violence and lurid sex on TV.

We do not have a direct problem in our home as our children are small and we simply do not permit them to watch unsuitable programs. But I feel their lives may be endangered on the streets or playgrounds by older, unstable youths who have been TV-educated to get their "kicks" by beating, molesting or even killing another person.

The real need is for positive moral and spiritual training in the homes. Since this seems to be so scarce, we must remove as many negative influences as possible.

I would be glad to support any concrete plan that would clean up television and movies and thereby halt the decline of morality in our country.

—Mrs. Kenneth Adams

Dear Editor:

Much has been said lately concerning the causes of juvenile delinquency.

I always have and still maintain that a goodly portion of "juvenile" delinquency stems from "adult" delinquency.

Murder and sex comes cheap

Century-Old Church Looks To Future

TOWER OF FAITH—The towering century-old church with the gold cross on top that can be seen from several sections of the city has played host to hundreds of worshippers since its beginning. Trinity Lutheran Church at Third and Fulton-sts stands with open doors and a warm welcome to the worshipper. With the clearing away of aged buildings, Trinity Lutheran still remains to welcome those who are without a place to worship.

The Trinity Lutheran Church, 404 S. Third-st is going into its 113th year of service to the South Side this year. The church is knows as a famous landmark in downtown Columbus with its tall spire topped by a golden cross. It has been a church home for several generations of Columbus families, but it is also a haven for travelers away from the familiar parish of childhood and youth.

In January, 1847, a group of Lutherans withdrew from St. Paul's Church (then at Mound and High-sts). A year later in January, 1848, Trinity was organized with Rev. W. F. Lehman as the first pastor. The main objectives of these first 44 members were listed in the new constitution: that the preaching and teaching at Trinity must always conform to the confessional writings of the Evangelical Lutheran Church, and that the pastor must always maintain his synodical affiliation.

The congregation worshipped in several temporary locations, and finally, in April, 1856, land was purchased at the corner of Third and Fulton-sts. In July, the cornerstone of the church was laid. The new building was dedicated Dec. 20, 1857. At this time 310 persons were listed as members.

Share Talents

Trinity Lutheran Church has sent sons to the ministry, daughters to the parsonage. Its people have represented many professions and trades and have generously shared their varied talents in service to the church.

The three bells of Trinity, which ring out at every service, were placed in the tower that was built in 1876. In years to come the church built, erected, organized and acquired many things that are now history but still have a place at the church.

These historical highlights and their dates are: In 1852 the first choir director was employed. In 1862 the first organ tian Day School was established. In 1893 the first parsonage was built. 1902 the chancel, the high alter with the statue of Christ, the sacristy and organ chamber were built and art glass windows depicting scenes from the life of Christ were set in place.

In 1917, new pews were installed. In 1933, a new $13,000, 3 manual Kilgen pipe organ with over 2,000 speaking pipes was installed.

The years from 1946 to 1956 was a decade of much change and activity, a heating plant was modernized, stairways built, rest rooms added, church redecorated, parking lot blacktopped new parsonage bought, old parsonage made into office space and women of the church organized. In March, 1957, Pastor Harold S. Goers was installed as minister of Trinity. In 1958 religious broadcasting from Trinity began over radio station WMNI and later in the year a complete new lighting system was added to the church.

Under the devoted guidance of Pastor Goers, the church and congregation look into a future full of promise.

Only Memories Are Left For 91-Year-Old Resident

'YE OLD SCRAPBOOK'—Sitting in his rocker at his new residence is Joseph Maeder, 91, 1631 Seymour-st, chuckling as he reminisces over days past. Happy and settled in his new home, yet longing for the old homestead in which he was born and lived all of his life until just a few months ago, Joseph Maeder can still bring back days of his childhood by leafing through the pages of the family album.

By Roger Swaney

Moving from the home in which he was born wasn't as bad as Joseph Maeder, 91 year old native of the South Side had expected.

Joseph Maeder and his daughter are now residing in their new home at 1631 Seymour-st. The former house was at 1720 Moler-rd. It was bought by his parents 101 years ago when they came from Germany.

Even though yearnings still come back to mind for the old homestead, Maeder isn't treading on strange ground. As he sits in his overstuffed chair looking out the front window of their new home, he can feast his eyes on the ground where he first learned to garden.

The soil can no longer be turned by a plow as the community's growth has filled the one time farmland, but the memory still lingers in his mind as if it were only yesterday.

During his younger days Maeder served as a township trustee for six years and a township clerk for two years. Although farming was his main interest he still had a yen for politics. For many years he remained active in the township assisting wherever needed.

He likes to bring back the memory of when he was six and seven when he used to follow the corn planter and drop pumpkin seeds in the the cornfield. He also prides himself on the large turnip fields that his family had on their Moler-rd farm.

Several years ago, the numbering system on houses in his area was changed. It was a letdown for Maeder, as the number on their house then bearing 1868 Moler-rd corresponded with the year in which he was born.

At the age of 91 he has never had any serious illness. He casually jokes around saying "I am still a young boy" with a gay chuckle.

Joseph Maeder and his daughter Henelr were reared in the St. Mary's Catholic Parish. Later they transferred to Corpus Christi Parish where they are the oldest living family in the Parish.

BARRETT JR. HIGH NOTES

Student Teacher Has Had Experience In Many Jobs

Craig Simpson of Ohio State University, who is just now doing student teaching at Barrett Junior High School, is a typical example of the mature person with a rich background of work experience who chooses to become a teacher.

Simpson completed apprenticeship and became a journeyman instrument maker in Glasgow, Scotland; served a two-year hitch as instrument technician in the British Army during World War II and was discharged with the Craftsman rating after the war; went to Canada in 1951, worked as instrument man in Toronto, did logging and construction labor in Vancouver, B.C., and aircraft instrument work in Edmonton, Province of Alberta.

He left Canada for Ohio State University in 1955, has been a student there since that time, and will graduate from Ohio State University's College of Education this spring.

Besides his academic classroom work and summer-time carpenter work, he has been doing part-time work for WOSU-TV, making sets and properties.

Simpson did the sets for the eighth grade health-science course being offered at 9 a.m. daily for the Columbus and Franklin County schools by WOSU-TV, Channel 34.

After graduation from Ohio State University Mr. Simpson hopes and plans to make a life work of teaching in the public schools of Ohio, an area to which he is suited by industrial and educational background.

Barrett Netters Win

Barrett Junior High School's basketball team played Starling Junior High School Tuesday afternoon, Jan. 19, on Barrett's floor and won by a final score of 57 to 17. The score by quarters was:

Starling	2	4	9	17
Barrett	11	30	46	57

Ron McDaniel with 16 points was high scorer for Barrett, followed by Middendorf (14), Schundelmeir (9), McGhee (6) and Mouser (5). Bivens, Skeen and Pharr divided the remainder of Barrett's score points.

The win was a team victory. Barrett's players showed superior defense, excellent rebounding and good all-around floor play and ball handling.

Evans of Starling made six points for his team and Scales made six.

On Tuesday, Jan. 26, Barrett met West Junior at West, with both teams undefeated at the beginning of the game. First place in the South section depended on this game.

On Tuesday, Feb. 2, Barrett plays Eastmoor at Barrett.

Musicians Visit Barrett

The brass quintet of the Columbus Symphony Orchestra visited Barrett Junior High School Thursday morning, Jan. 21, and played an assembly program of compositions and arrangements especially well suited to the brass instruments and to that combination—two trumpets, horn, trombone and tuba.

Robert Hiteshoe, first trumpet, acted as manager, leader and master of ceremonies.

The program was deservedly well received. The musicians enjoyed the audience, and the audience enjoyed the music.

Eastern Motor Dispatch Opening Twelfth Terminal

Eastern Motor Dispatch (EMD) will start the second quarter century of its existence Jan. 30 when it dedicates a new 40-door terminal in Elizabeth, N.J., H. H. (Pat) Buel, president, announced today.

Started by Buel in 1934, the firm now has 12 terminals, one of which is at 1215 W. Mound-st, together with the company headquarters.

The new one in Elizabeth, modern throughout and located on a three one-half acre paved lot, will be an operation and sales headquarters for EMD's Eastern Division. The company, a general commodity carrier between Ohio and the East Coast recently opened a new terminal at Pittsburgh.

EMD now has three terminals in the New York City manufacturing area.

A pneumatic tube system in the center of the Elizabeth warehouse speeds the transfer of freight between trailers and EMD's pickup and delivery fleet. A teletype system connects Elizabeth with Columbus and EMD's other 11 terminals.

Company officials from Columbus headquarters who will participate in the opening ceremonies include President Buel, William F. Stone, William P. Downey, Miss Marguerite Buel, William E. Rance, Richard Stone and Tremper Longman.

Got a hankering for a German-type meal? The Harmony Glee Club Ladies are planning a sauerbraten dinner for Sunday, Feb. 7 at the club house, 435 E. Kossuth-st, from 12 till 3 p.m. We told Mrs. Kramer, publicity chairman, that we would go into full details in the next edition, but we thought it only fitting to mention the dinner this week. Most folks still are recuperating from all the holiday sweets - eating, and sauerbraten sounds pretty good!

Get-well and cheer-up cards are appropriate for two hospital patients this week. Ethel Messer and Louise Fulton Ethel is in Grant Hospital, tho we don't know her room number. Louise, who was so active in PTA, church, clubs, etc, before moving to Grove City, was scheduled to check into University Hospital last Sunday, then to have surgery on Tuesday. Naturally, since this is written prior to her entry, we have no room number to share.

While thinking of hospital patients, may we thank all the kind readers who took the time to send a card to Mr. Weiss? His daughter reports he was overwhelmed that so many folks took the time to send him a card. He particularly enjoyed the thoughtful little messages that were written on many of them. Thanks!

World Is Playground For More Sportsmen

INSIDE ON THE **Outdoors** By ROD COCHRAN

It was a cold, rainy morning, almost typical of what central Ohio gets from the weather-man this time of year. In a word, it was gloomy. But along comes a brightly colored booklet in the mail called "Outdoor Vacations For Sportsmen," and the sun was shining from Africa to Alaska — and in central Ohio too.

As outdoor sports become more and more popular there are more services offered to take care of the demand. Now a travel agency-type service is available to help plan trips specifically for sportsmen. All you need is the time and money to take a 45-day safari in Africa, a three-day wild turkey hunt in Arkansas, or spend seven days fishing Bermuda waters, or a week in Manitoba for northern pike, lake trout and walleyes. Whether you want to shoot ducks in Canada or the tropics, fish for salmon or bass, hunt lions or bears, someone will now help you achieve your trip of a lifetime.

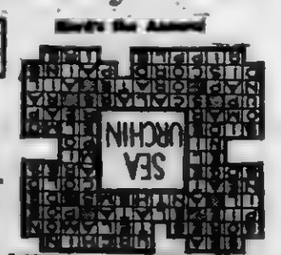
Exotic Trophies Appear

The size of the world is shrinking as transportation speeds up. Sportsmen are determined to sample the outdoor thrills in far away places. It is a common practice for men and women from this area to travel great distances for hunting and fishing. If you do not believe this, talk to Max Shipley, 705 S. Ogden-av, well-known taxidermist. He receives trophies from all over this continent, and from some others—all from central Ohio sportsmen. I'll never forget the day I walked in his shop and stumbled over two huge elephant tusks, newly-shipped in from Nairobi, East Africa.

Trophies from all over the western states and Canada are commonplace in Max's shop. Big fish come from the far north to Florida. "Ohio deer heads, however, can hold their own with those from any other area," Shipley says. "The Buckeye Big Bucks Club will soon honor another group of sportsmen who shot record deer in Ohio." Shipley is president of this club.

Getting back to traveling sportsmen, E. L. (Buck) Rogers, 103 Guitar Bldg., Columbia, Mo., who is sponsoring the new service, reported that the need has existed for some time for help in putting hunters and fishermen in the hands of the top outfitters and guides in the world. Rogers does not feel it is wise to leave what may be the one big trip of a lifetime to chance.

The 101 trips described in the Outdoor Vacations catalog represent a variety that I have never seen assembled before. Individuals can obtain details by mail, or can work with a local travel agent. This service is about as convenient and complete as it can be made.



Many years ago it was the seed catalogs that brought the first hints of spring, and helped pass the dreary winter days. Then the fishing tackle catalogs became the "dream books" of sportsmen. Now comes the dream outdoor vacation to keep pace with the age in which we are living.

Kossuth-st, from 12 till 2 p.m. We told Mrs. Kramer, publicity chairman, that we would go into full details in the next edition, but we thought it only fitting to mention the dinner this week. Most folks still are recuperating from all the holiday sweets - eating, and sauerbraten sounds pretty good!

Get-well and cheer-up cards are appropriate for two hospital patients this week. Ethel Messer and Louise Fulton. Ethel is in Grant Hospital, tho we don't know her room number. Louise, who was so active in PTA, church, clubs, etc, before moving to Grove City, was scheduled to check into University Hospital last Sunday, then to have surgery on Tuesday. Naturally, since this is written prior to her entry, we have no room number to share.

While thinking of hospital patients, may we thank all the kind readers who took the time to send a card to Mr. Weiss? His daughter reports he was overwhelmed that so many folks took the time to send him a card. He particularly enjoyed the thoughtful little messages that were written on many of them. Thanks!

Harmony Glee Club Ladies Plan Sauerbraten Dinner

Got a hankering for a German-type meal? The Harmony Glee Club Ladies are planning a sauerbraten dinner for Sunday, Feb. 7 at the club house, 435 E. Kossuth-st. from 12 till 3 p.m. We told Mrs. Kramer, publicity chairman, that we would go into full details in the next edition, but we thought it only fitting to mention the dinner this week. Most folks still are recuperating from all the holiday sweets - eating, and sauerbraten sounds pretty good!

Balmy weather, with 80 degree temperatures, were enjoyed by Lillian and Judy Ryan on their Florida vacation. The residents of 816 S. 17th-st were in Ft. Myers, according to their colorful postal card.

Newly-installed officers of Maree Social Club of Southern Way Chapter 467, OES are Mable Ohde, president; Lera Moore, vice-president; Sarella Smith, secretary and Louise Brown, treasurer.

Congratulations to bowler Ron Castle, of South High School, holder of the highest three-game total at the Jewish Center. The 18 year-old posted a 725, 15 pins more than the five year high of 710.

Birthdays in the not-telling their age department include Ronnie Cook, Feb. 2, Melvin Penrod, Feb. 3, also the birthdate of Gary Etchel, Vonda Wesner, Jan 29, Eddy Day, Jan. 30; Ellis Wesner, Jan. 31

Trudeau Guild 25 will meet on Feb. 3 at 8 p.m. Hostess will be Mrs. William Kaufman.

Duplicate dates of Jan. 29 and 30 will find South High School and Capital University cagers busy, and further coincidence, neither team will be appearing at home. The Bulldogs trek to Linden on the 29th, then to East on the 30th.

The Capsters meet Hiram at Hiram tomorrow night then travel to Alliance, where they tangle with Mt. Union on Saturday.

Senior Regent Mabel Gregory will preside at the 8 p.m. business meeting tonight at the Moose Hall, 36 W. Sycamore-st. On Sunday, Jan. 31, Chapter members of 206 will attend the mid-winter conference at Worthington, where Chapter 1427 will be the hostess chapter. Mrs. Ethel Bryant, 422 Darbyhurst-rd and Mrs. Mary Winegar, 771 Carpenter-st, will receive their red stolls in recognition of four years of service as members of the College of Regents. Mrs. Nellie Begien of Chapter 206, will be investiture officer. Also representing Chapter 206 will be Senior Regent Mabel Gregory, in charge of the enrollment ceremony. Julie Schneider and Ann Regner, honor escorts.

Get-well and cheer-up cards are appropriate for two hospital patients this week. Ethel Messer and Louise Fulton Ethel is in Grant Hospital, tho we don't know her room number. Louise, who was so active in PTA, church, clubs, etc, before moving to Grove City, was scheduled to check into University Hospital last Sunday, then to have surgery on Tuesday. Naturally, since this is written prior to her entry we have no room number to share.

While thinking of hospital patients, may we thank all the kind readers who took the time to send a card to Mr. Weiss? His daughter reports he was overwhelmed that so many folks took the time to send him a card. He particularly enjoyed the thoughtful little messages that were written on many of them. Thanks!

Coming birthdays bring excitement to these area youngsters . . . Stephen Brigner, Jan. 31; William Burchett, Jan. 29; Jimmy Shankle, Feb. 2; Carla Harris, Jan. 31; Jerry Jackson, Jan. 30; Brenda Elkins, Jan. 31; Callie Sue Humes, Jan. 29; Elizabeth Adams, Feb. 1; Elizabeth Thompson, Feb. 3; Karen Sue Allen, Jan. 31; Donald Tigner, Jan. 31; Lori Allman, Jan. 29; Jimmy Buchan, Jan. 30; David Wiechers, Jan. 30; Anna Lynette LaRue, Feb. 3.

Congratulations to one of our younger friends, Linda Junk, who will be installed as Honor Queen at the Semi-Annual Installation of Job's Daughters, Bethel No. 8.

Delicious nut rolls, kifles and other exciting baked goods will be on sale at St. Ladislas' bake sale this Sunday, Jan. 31, from 8:30 a.m. to 12:30 p.m. The women of the parish are sponsoring the bake sale. (For something different in the baked goods department, be sure to try their nut rolls. We are not sure of the spelling, kalach, but we are sure of the taste . . . good, good, good!)

Mrs. Ida Hysell, vacationing in Florida, had the mishap of falling and breaking her ankle. For the card-minded, her address is 6680 Bay-st, St. Petersburg, Fla.

PTA Notes . . . the annual luncheon of South High's executive board and room representatives, honoring the school personnel, will be an affair of noon today. The executive board will meet at 2 p.m., following the luncheon. Also meeting today are Heyl-av and Lincoln Park groups.

Heyl-av's Parent and Family Life-Education Group will discuss "When Children Stall or Go Into Reverse" at its 1:30 p.m. meeting.

Lincoln Park's dads will serve a chili supper at 6 p.m. tonight prior to the 7:30 meeting. A film on the emotional status of children "The Angry Boy" is part of the night's program.

St Leo's PTA will sponsor a "Winter Frolic" dance from 9 p.m to midnight at the Auditorium Building, 581 S. High-st, Saturday, Jan 30. There will be both round and square dancing.

South Side Mother Named To Local Girl Scout Post

Mrs. Frederick Mauger, 705 Siebert-st, has been elected chairman of the Heyl-av Neighborhood Association of Girl Scouts for the year 1960.

Mrs. Mauger will direct activities of more than 20 Girl Scout troops, which have a combined membership of almost 300 girls. Represented among these troops are students of various Southside schools including Heyl Avenue, Lincoln Park, Deshler Avenue, Corpus Christi School, Roosevelt Junior High, and Barrett Junior High.

Meeting the leaders of the troops under her jurisdiction, Mrs. Mauger announced a stricter Neighborhood policy in regard to proper uniforms, and declared that she plans to visit and personally inspect each troop in her area within her term of office.

The new chairman has been active in all phases of Girl Scouting over the past several years, and has two daughters currently enrolled in Girl Scouting. Linda Mauger is a member of Intermediate Troop No. 754 while Bonnie Mauger is enrolled in Brownie Troop No. 640.

THEY WORSHIPPED THE EVER-BURNING FLAME OF NATURAL GAS

IN ANCIENT TIMES, FIRE-WORSHIPPERS OF THE NEAR EAST BUILT TEMPLES OVER NATURAL GAS OUTLETS IN THE EARTH AND PRAYED TO THE EVER-BURNING FLAME.

TODAY, NATURAL GAS IS EVER-PRESENT IN OUR LIVES. IT PROVIDES LOW-COST HEATING FOR OUR HOMES—CLEAN, DEPENDABLE OPERATION OF MODERN APPLIANCES—A THRIFTY ANSWER TO INDUSTRY'S NEED FOR A PROCESSING FUEL OR A RAW MATERIAL, TOO. NO WONDER NATURAL GAS IS NOW, MORE THAN EVER, THE PREFERRED FUEL THROUGHOUT AMERICA'S ORIGINAL NATURAL GASLAND—THE SEVEN STATES SERVED BY YOUR COLUMBIA GAS SYSTEM.

THE OHIO FUEL GAS COMPANY

COLUMBIA GAS SYSTEM

SERVING AMERICA'S ORIGINAL NATURAL GASLAND

Good Fishing Is Reported North Of City

Fishermen are active even in the middle of winter, according to reports received by the Ohio Division of Wildlife.

North of Columbus on the Scioto River, a few fishermen with knowhow have been making good catches of big bluegills. Fish up to eight inches have been taken.

Two northeastern Ohio anglers reported taking 30 bluegills through the ice at Lake Aquills, Geauga County. At the same time, fishermen on Sandusky Bay were taking perch in large numbers. They stood on the bank but fished through holes cut in the ice close to shore. Authorities stated that the ice was not heavy enough to support fishermen.

Near Cleveland, anglers have been taking perch while fishing from boats, so it appears one can take his choice of fishing methods and locale.

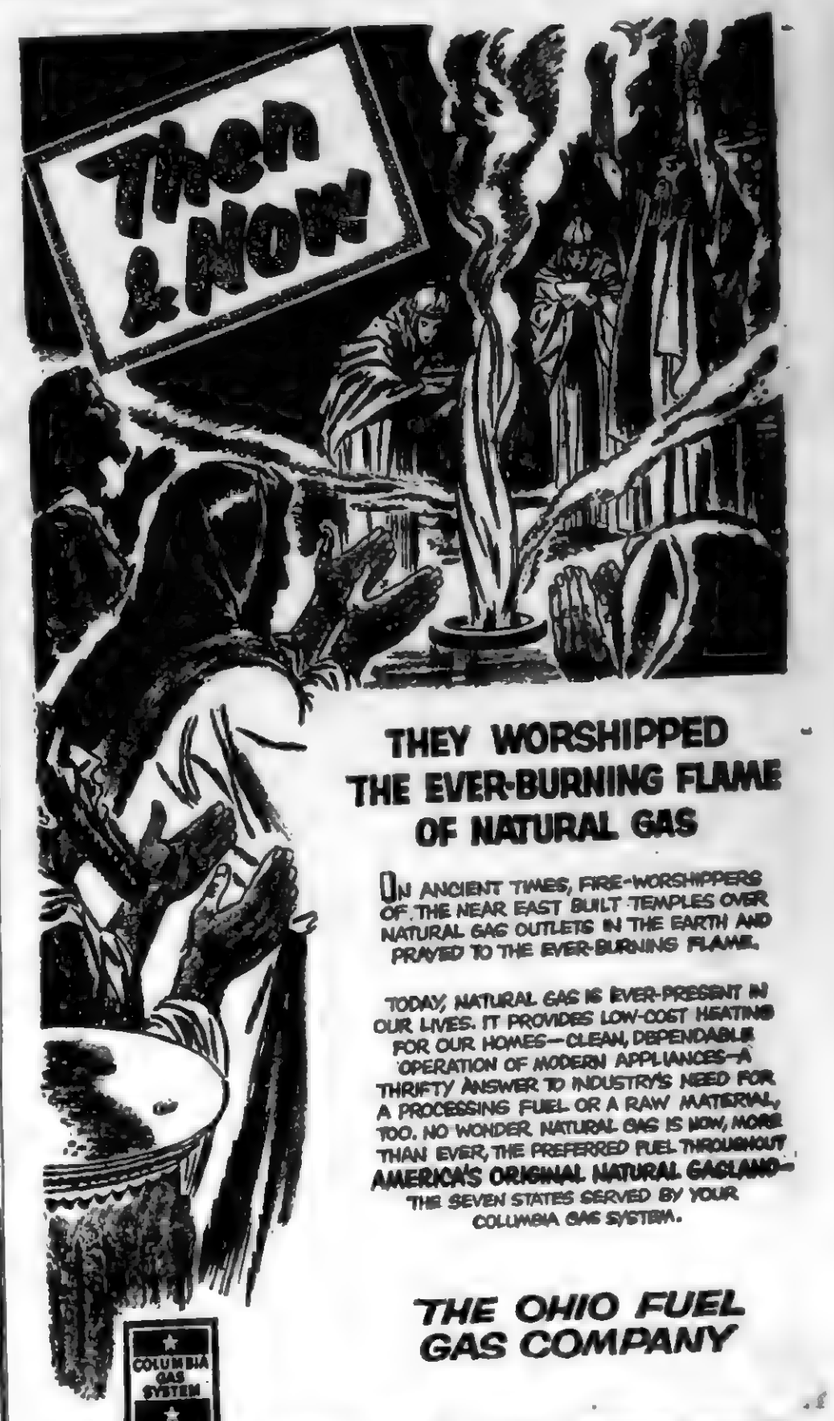
Good Fishing Is Reported North Of City



Fishermen are active even in the middle of winter, according to reports received by the Ohio Division of Wildlife.

North of Columbus on the Scioto River, a few fishermen with knowhow have been making good catches of big bluegills. Fish up to eight inches have been taken.

Two northeastern Ohio anglers reported taking 30 bluegills through the ice at Lake Aquilla, Geauga County. At the same time, fishermen on Sandusky Bay were taking perch in large numbers. They stood on the bank but fished through holes cut in the ice close to shore. Authorities stated that the ice was not heavy enough to support fishermen.

Near Cleveland, anglers have been taking perch while fishing from boats, so it appears one can take his choice of fishing methods and locale.

Here we go again.

That's the word at South High School where the Bulldogs are bracing for the meanest 1-2-3 punch the City League can deliver in the next three games.

Coach John Colmery's cagers, refreshed by four wins in the last five games, meet second place Linden McKinley this Friday night in one of the City League's top contests.

Other action on the South Side Friday has New Lexington St. Aloysius at St. Mary and East at Marion-Franklin.

After disposing of the tough Panthers from Linden, South meets East in the South Side's only Saturday action. The affair is scheduled for the Tigers' gym.

With Linden McKinley holding down the City League's number two spot with a 7-1 record, the Pups will be forced to play their best game of the aging season to win.

McKinley, a darkhorse when the season started, strengthened its position last week when they outplayed Central in a thrilling duel on the Buccaneer's court.

The Bulldogs, on the other hand, could do everyone in the loop a big favor by dumping East Saturday night.

Last time the two squads met on the Pup court, East left the South Side with a 75-48 victory under its belt. South, however, played without the services of Al Wilson and big Don Jagerski who appear to be back in shape.

While East has proved invulnerable in City League action, they haven't been so lucky on the road. The Bengals have been beaten by a state ranked Salem team and succumbed before mediocre Middletown.

Everyone is hoping that South is on the right path and expects this weekend's results to tell the tale.

Taking a breather from Franklin County League play, St. Mary hosts a respectable New Lexington delegation this Friday evening.

If comparative scores mean anything, St. Mary must be rated the underdog for this tussle.

Both St. Aloysius and the Ramblers have played Hamilton Township and both have won. New Lexington, however, did the job in a much more convincing style.

The Saints toppled the Rangers in a tight 45-41 encounter while New Lexington did the trick in a 79-40 affair.

Also having a date with East is Marion-Franklin which meets the Tigers Friday night at the Red Devil gym.

Marion, with only two City League victories to its credit, figures to have a rough time with the Bengals.

The Red Devils are currently in the middle of a nine game losing skein that started Dec. 15 at Reynoldsburg.

Bulldogs Top North Quint For Fourth

South's battling Bulldogs fought back from three points behind at halftime to overtake a stubborn North quintet Friday night on the Bulldog court, 74-67.

The win was South's fourth in seven City League starts and gives the Pups a 5-6 overall mark. North stands 3-4 in City League play.

With Bob Taylor paving the way with 16 points, North jumped on the Bulldogs early in the contest, posting a 14-10 first quarter lead and staying ahead 30-27 at halftime.

South had three players scoring in the double figures with big Don Jagerski leading the point parade with 22. Terry Foster was next in line with 16 and Al Wilson netted 14.

NORTH — Taylor 6-4-16; Parks 3-3-9; Hailey 5-4-14; Lyles 2-0-4; Scott 5-3-13; Underhill 4-3-11. Totals: 25-17-67.

SOUTH—Foster 5-6-16; Kerns 1-2-4; Sims 1-3-5; Jagerski 10-2-22; Harper 6-1-13; Wilson 5-4-14. Totals: 28-18-74.

North	14	30	47	67
South	10	27	50	74

Reserves: North 48, South 36.

West Hands Marion Five Tenth Loss

A resurging West quintet handed Marion-Franklin its tenth loss in 13 games Friday as the visiting Red Devils came back home on the short end of a 78-52 decision.

The Cowboys maintained a 10 point spread most of the way until the late stages. The Red Devils made one spurt in the early stages of the second half, but it wasn't enough to catch the Broncos.

Freddie Daniels and Richard Reese were the high scorers for Marion with 16 and 12 points respectively. Roger Street, of West, posted the game high of 29.

Marion-Franklin	14	25	35	52
West	24	35	54	75

Marion-Franklin (3-10) Enyard 3-0-6, Daniels 9-1-19, Reese 4-4-12, Leddy 0-2-2, Reeves 4-0-8, Crabtree 1-3-5. Totals—21-10-52.

West (5-7)—Brown 5-2-12, Biggers 4-4-12, Street 13-3-29, Hartranft 3-4-12, Castle 3-0-6, Pemberton 1-0-2, Barnett 0, Dietwiler 0, Newman 1-0-2, King 1-0-2, Wesley 0. Totals—31-13-75.

Reserves: Marion 43, West 34.

St. Mary Suffers Setbacks By Aquinas, University Fives

Advantage of a home court didn't help St. Mary much over the week-end as the Ramblers dropped two straight to University and Aquinas.

The University loss, which came in a 59-48 tussle, dropped the Ramblers Franklin County League record to 2-4 and left them in the loop's sixth place.

Aquinas, a traditional foe, had to take an extra period in handling the Ramblers a tight 51-50 loss in overtime play.

Mike Montler was tops for St. Mary against University with 15 points while Ken Sauer and Joe Tanner led with 10 apiece against Aquinas.

The Ramblers were even with the Terriers in action shots, but fell behind on a single foul shot.

Children's Hospital Addition Nears Completion

New Unit Will Be The Largest Of Its Kind In The Nation

A 10-year dream of Dr Earl H Baxter, chief of staff of Children's Hospital will come true in April when the $3.5 million addition to the hospital will be put in use When completed, the center will become one of the largest children's medical centers in the nation

According to a report from Baxter, the five-story addition will add about 100 beds to bring the total to about 400 when the present hospital is remodeled.

Office completed the ground floor of the hospital will have a new outpatient department with facilities doubling those now existing Baxter said they expect to have provisions for up to 100,000 visits per year and space will be doubled in the present emergency room to warrant handling of 50,000 to 60,000 emergency cases annually

The new addition will have a floor specifically for surgery. It will consist of nine operating rooms and a recovery room for 12 to 14 patients The present operating rooms now numbering five, will be converted into service laboratory space with the exception of one that will be used for severely infected cases.

Many of the new rooms will have accommodations so that the mother can spend the night with a sick child. This is a practice that has always been encouraged by Children's Hospital providing that space was available.

All nurses' stations, examination rooms, dietary kitchens, services, etc., will be located in a centrally located core Rooms will be located for the patients so they can get the maximum benefit of natural light

According to Dr Baxter, six new X-ray rooms, with facilities for cobalt treatment for cancer and a new dental unit also will be added

One floor of the new addition will be set aside for the 14-18 year old age group

The new entrance to the hospital will be located on the southeast corner of the new addition. Dr. Baxter said it will supply a much larger space than that of the present one.

Readers Give Views Against TV Violence

EDITOR'S NOTE: More names have been added to the list of those persons who feel that too many murders and killings are filling the eyes and mouths of television and movie viewers

These people object to the crime stories and the torrid presentations of sex

If you have some feelings on the subject, we will welcome your letter. Here's what some of your neighbors feel about this channeled degredation

Dear Editor

Anyone else feel this way? I do!

I am the mother of three children. My children are not yet at the age where this problem of indecent movies, TV shows and literature affects them, but they soon will be

I think it is appalling the way this country, people like you and me, permit foreign countries to import really indecent movies here for our youngsters to see. Sex is not indecent, but when it is openly displayed like it is in some TV shows and movies it is indecent, in my opinion

Everytime I read of sex offenses and children being molested I come to a boiling point because I think the finger could

LANDMARK—For many years chimes have been echoing from the tower of St. Mary's Catholic Church on S. Third-st, and residents have checked their watches with the church clock. The church plays host to hundreds of South Side German settlers living in the area. Msgr. Edmund A. Burkley, born and raised in the parish is now starting his 53rd year of service to his native community as pastor of the church.

South Side Church Nears Century Mark

As early as 1863 the German Catholics of the extreme southern portion of the city began agitating for a church of their own With this object in view the present St Mary's Catholic Church was formed under the direction of the pastor of Holy Cross Catholic Church

Early in 1866 the church was commenced and in August of that year the cornerstone was laid by Most Rev Archbishop Purcell, assisted by Bishop Young and a large number of clergymen During the year 1867 the edifice was enclosed and in the following year it was ready for dedication.

Rev Francis X Specht having been duly appointed pastor by Rt Rev Bishop Rosecrans in March, 1868, made his sleeping quarters above the sacristy of the new church In 1872 a priest's residence was built next to the church.

Steeple Built

A grand pipe organ was purchased from a local builder in November, 1865 To meet the congregation's steady growth, it was necessary to erect an additional schoolhouse in 1887. A steeple was built in 1893, to which a tower clock was added a year later, thus completing the exterior of the church

The demand for still larger school accommodations was met in 1896 by enlarging the school which was built in 1887 to double its capacity

The old pipe organ having become antiquated after 25 years of service, was replaced

Conservancy District Becomes Hot Subject

Almost a year after the dreadful 1959 flood the Scioto Sandusky Conservancy District has become a hot subject again. It came out of mothballs as a result of the legal action by former Mayor Senenbrenner asking that dissolution of the district be halted

It has been most gratifying to learn that Mayor Westlake is urging the reconsideration the matter and that the county commissioners too have gone on record favoring some type of a conservancy plan

Judge Gessaman has indicated his willingness to reconvene the Conservancy Court for a consideration of the matter.

It is hoped however, that

I have discussed this with my husband many times and we both agree something should be done about this . . . and now. — Mrs. R. R. Jaynes

Dear Editor:

Relative to your protest against crime shows: That TV needs a good combing over is obvious.

For some time now TV shows have been deteriorating. Even the present outcry has done little to improve matters.

Murder and violence appear to be featured.

Music of a banal barbonic sort desecrates the home sanctuary and offends good taste. Most quiz show programs have gone off the air, but their sponsors still find ways to tell us of their magic lotions, for beautifying woman kind. Yes, something should be done, but who shall their housecleaner be.

Of all the murders committed I have the first time yet to see them bury their dead. Keep up your protests and thank you.

the judge will delay this action until further study can be made by such interested groups as the Development Committee for Greater Columbus

Just to maintain the district along the lines of the former district would serve no purpose. It has already been decided that the operation over the past 25 years has not been good. It accomplished nothing to prevent floods or conserve water.

It seems more logical that the court should be reconvened when the interested citizenry of this community can appear before the court with some recommendations containing possible workable solutions of the flood control and conservancy problem.

by a new organ with pneumatic action. This was installed in 1901.

Upon the retirement of Very Rev. Father Walker to the Dominican Monastery, Father Specht stepped into the office as priest of the parish in 1885.

The weight of years and labor slowly undermined the health of Msgr. Specht and on May 29, 1913, the bells of St. Mary's tolled the sad news of his death. He had spent almost all of his 49 years of priestly labor at St. Mary's Parish.

As time went on so did the priests of the parish until May 22, 1924, when Rev. Edmund A. Burkley, a son of the parish, who had served as assistant under Monsignor Specht and Father Wehrle, was appointed pastor. Since then the parish has been served by Rev. Burkley, who is now in his 53rd year as priest of the parish.

With new churches and schools hovering around the neighborhoods of the city, St. Mary's Catholic Church, 93 years old, still tolls the bells for the masses.

SCOUTING CELEBRATES 50TH YEAR

For fifty years, the Boy Scouts of America has brought to American boys the great adventure of the out-of-doors and the lure of unblazed trails.

It has brought the adventure of citizenship, the motive to serve other people, the Daily Good Turn, and helpfulness to the nation in time of war and peace. These and other adventures have captured the imagination of boys.

One of the greatest of them all has been adventure of friendship, the brotherhood that speaks around the world.

In practically every country in the free world there are Scouts who are dedicated to tolerance, good will and friendliness. There are 5,000,000 Scouts and leaders here and 3,000,000 or more brother Scouts in other lands.

The Boy Scouts of America, through its World Friendship Fund, aids Scout associations of other lands. Our Scouts have taken part in ten World Scout Jamborees, and in 1960 will be hosts to Scouts from all over the world at the national Scout Jamboree next July. Scouts of the world are working together to help build a better world. Their high ideals and spirit of service will be important factors in these efforts.

We congratulate the Boy Scouts of America on their glorious golden anniversary and wish them Godspeed in their future work.

'Banana Johnie' Opens His 16 Banana Rooms

The East Side now is the home of the first exclusive banana house in Columbus.

Johnie Stanley, known in the produce business as "Banana Johnie," recently opened a banana room in the Capitol Fruit Co. building at 1900 E. Main-st.

Stanley operates the Johnie Stanley Banana Co. of Huntington, W. Va., which has 16 banana rooms. He has been doing business in Columbus for several years, making three or four trips a week to Ohio.

"Our business in Columbus grew so steadily that we decided to open a branch office," he told the Hartley Newspapers. "We chose the East Side after checking the market district and finding it too congested."

The branch office here means daily deliveries of bananas to merchants, he said. Produce houses here handle bananas, but none on an exclusive basis.

Stanley's agent here is Norman Rice who soon will move his family to the East Side. Rice is known as "the banana man."

Stanley is only 31 years old. His decision to branch out in Columbus is regarded in the business as a first for Columbus and a first for the East Side.

Recently Joseph A. Mercurio moved his Capitol Fruit Co. from the market district to the East Side, to less congested quarters. His move was regarded as a bold first in the produce business.

He is not only idle who does nothing, but he is idle who might be better employed.—Socrates.

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits — Grapefruit, oranges, apples, cranberries, frozen orange juice, raisins.

Vegetables—Carrots, leaf lettuce, potatoes, dry onions, parsnips, turnips.

Protein Foods—Large eggs, pork loins, picnics, chuck roasts, variety meats as liver and heart.

FOOD ADDITIVES IN THE FOOD YOU BUY

Recently in this column the use of chemicals in today's foods was explained. Since then many homemakers have asked, "What are these chemicals that are used in our foods, and for what purposes?"

Chemicals, or food additives as they are now being called, are added directly to foods for the purpose of imparting a desired quality to the finished product or for serving a functional purpose in the use of the food. Actually, the wide choice of foods available to you today is due in part to the contribution that food additives make to the foods you buy and serve. There are two main classes of chemicals used in foods—**incidental** and **intentional** additives.

• **Incidental Additives**—these are used in the agricultural production of foods, in the form of sprays or pesticides.

• **Intentional Additives**—these are added directly to foods and are used by the food processor to accomplish three things: (1) To help the processing of raw foodstuffs in the factory (2) To produce the desired properties in the finished item (3) To protect the quality of the product during its journey to the market and while on the market shelf.

Without food additives much of our food would taste different, have a shorten shelf life, and not be as nutritious. Many of our food products do not reach the family dinner table until a year or better after packaging. Therefore, they need a built-in quality that will last . . . the leavening must stay effective . . . flavor must remain constant . . . shortening must not turn rancid. As food shoppers, we can expect these characteristics in our food because safe additives have been used.

COMMON ADDITIVES FOUND IN FOODS:

Emulsifiers—used as texture stabilizers and improve such products as processed cheese, salad dressings, baked products.

Anticaking Agents—used with salt and cocoa powders to prevent the formation of lumps.

Flavoring Agents—these include oils and spices and are used in jams, pickles and beverages.

Antioxidants—these safe chemicals are used in processing foods containing fats such as shortening, potato chips, dry milk powder, processed meats to prevent rancidity.

Non-nutritive Sweeteners—such as saccharin and the cyclamates which are used to sweeten foods without adding calories.

Preservatives—used to prevent bacterial or mold spoilage. They range in variety from vinegar to salt; sugar to antibiotics.

Nutritive Additives—cereal products are one group of foods that has extensive use of the nutritive additives. The "B" vitamins, plus the minerals, iron and calcium, are added to many cereals and baked products.

THE LABEL TELLS THE STORY

The Food and Drug Administration regulations require that any chemicals used in foods must be declared on the package label by their most common names. Though the chemical names for even the most harmless additives may appear long and dangerous, you can be assured that these ingredients have been tested for safety and approved for use in foods by the government agency.

If you have further questions or suggestions, we are glad to hear from you—Room 317, Old Post Office Bldg., Columbus—Cal 1-6411, Extension 454.

BIBLE COMMENT:

Charity Starts In The Soul Of Donator

How often have we stopped, attracted by the bell of a charity worker at Christmas time, to drop a coin casually into the pan?

When the charity truck rolls up our driveway, have we grudgingly hauled out a few worn clothes, handed them over — and then contented ourselves that we "have done our bit" for charity?

The difference between "charity" and giving" is a wide one.

The words of the Bible remind us gifts are nothing without charity: "And though I bestow all my goods to feed the poor, and though I give my body to be burned, and have not charity, it profiteth me nothing." I Corinthian 13:2.)

Giving must be accompanied by an earnest desire to better the lot of one's fellowman. To give merely to avoid embarrassment, or to appear charitable to the community, will help, of course, the person to whom you give—but it will not help you.

Charity must be preceded by a feeling of humanity; an awareness of suffering, and the desire to alleviate that suffering.

Too often today we choose to close our eyes to the suffering of others. We contribute to charities through the mail or in some convenient way — perhaps to spare ourselves from the realization that what we are giving is not enough.

Donating gifts or money, for many people, has become an exercise akin to paying the electric bill.

Fire Drives Six Persons From Home

A $4000 fire drove six persons from their two story home at 311 Wager-st early Tuesday morning. The blaze apparently started from an overstuffed chair in the living room according to fire officials reports.

Franklin Morris, a resident of the house was awakened by the smell of smoke. Unable to get downstairs to the telephone to call the fire department, because of heavy smoke, climbed onto a porch roof through an upstairs window and jumped to the ground. His wife, Dorothy followed him onto the roof with their five-month old baby. His wife dropped the baby into Morris' arms. Firemen rescued Mrs. Morris from the roof.

Mrs. Morris' sister, Mrs. Gloria Miller and her three-year old daughter fled from the house by crawling through an upstairs window to the roof and entering the other half of the double house. Mrs. Miller's other daughter escaped from the house by going down a staircase and through the side door of the house.

Friends Bid Farewell To South High Student

One of South High School's loveliest coeds moved from the state last week and was feted with a farewell party before her departure from Columbus. The beauteous lass was Joyce Hannah and the hostess of the party was Joan Crabtree. Attending the Jan. 29 party (incidentally the next day was Joan's birthday, so belated greetings are in order for our young friend) were these lads and lassies: Don Jagerski, Bonnie Husse, Tom Lyle, Sue Bell, George Poppy, Bonnie Brown, Jerry Meinrod, Sandra Nagy, Bill Kauffmann, Brenda Kellar, George O'Neil, Doris Moore, Joan Crabtree, Robert Stevenson, Sandy Gaze, and Jerry Frebis. The Hannah family now resides in Russell, Ky.

A "welcome back" party was given last Saturday for Mr. and Mrs. Kaiser, 284 Southwood-av. The Kaisers had formerly lived on Southwood, had moved away, but missed their neighbors so much that they returned. The Kaisers have done extensive remodeling and redecorating in their home, so the get-together is practically a housewarming.

Tomorrow night's tussle at Central High School marks the only basketball activity for the South High Bulldogs.

Capital basketball team travels to Oberlin Feb. 6 to meet Oberlin and on Feb. 9 will remain at home, hosting Heidelberg.

The Zodiac Club gathered together last Sunday, Jan. 31, honoring Helen Fisher and Priscilla Lenox. Lona and Lorraine Itskin, 1713 S. Third-st, were the host and hostess.

Two little one-year-old youngsters with birthdays one day apart deserve special recognition, we believe. Bruce Raymond Close, son of Margaret (Chrismer) and Jack Close, 1257 Champion-av, attained his first year on Jan. 28. Brad Allen Ault, one year old on Jan. 27, is the son of Ray and Sherrie (Phillips) Ault. An interesting sidelight to this little item is the fact that the two young mothers were close friends at South High School in their undergraduate days there, and Sherrie was a bridesmaid when Jack and Margaret were married.

Adult bithdays soon to arrive are those of Alice Colegrove, Feb. 4; Priscilla Dicke, Flora Colvill, George Fisher, George Campbell and Helen Wolff, all Feb. 6; Analine Ward and Maureen Ruden, Feb. 8; Ruth Oursler, Feb. 9, and Betty Greene, Feb. 10. George and "Thel" Swisher will celebrate an anniversary Feb. 8. Two gentlemen share Feb. 5 as a natal day, so greetings to Jack Long and Herb Germaine.

The executive board of Siebert's PTA will meet Wednesday, Feb. 10, at 1:30 p.m.

The advent of the second month of the year means an advance in life's ladder for these Southside youngsters: Theodore Blesdell, Feb. 5; Michael Clark, Feb. 4; Mary Feil, Feb. 7; Elizabeth Thompson, Feb. 3; Velva Hayes, Feb. 5; Timothy O'Neill, Feb. 8; Roy Ramey, Feb. 6; Thomas Whitacre, Feb. 10; Jackie Morgan, Feb. 4. Belated greetings to Joan Crabtree and Dianne Schodorf, both celebrants of Jan. 24. These youngsters also have early February birthdays . . . Trudy Green, Feb. 8; Terri Green, Feb. 7.

A promised, we'll give complete details of the sauerbraten dinner that's to take place this Sunday, Feb. 7, from noon to 2 p.m. at the Harmony Glee Club House, 435 E. Kossuth-st. The ladies of the Glee Club are serving the dinner which is $1.25 for adults and 65c for children. The meal will be served family style, so no one should leave the meal still feeling hungry eh? Tickets may be purchased at the door, or from any member of the Harmony Glee Club.

Congratulations to our personable young editor, Roger Swaney, who now is responsible for the TV section of the paper, in addition to his editorial duties. A telephone interview with Gale Storm was one of his pleasant chores last week.

The hall is located at 36 W. Sycamore-st. Cost of the dinner is $1 for adults and 50 cents for children. Gloria Stanley is chairman of the committee.

South Side Girl Scouts Plan Future Activities

Mrs. Frederick Mauger, neighborhood chairman, announced the appointment of Mrs. William Conley, 483 Southwood-av, as troop organizer for the Heyl-av neighborhood.

Mrs. Conley, realizing that most troops in the neighborhood are carrying a full enrollment, and that there are youngsters wishing to join Girl Scouting, has embarked upon an ambitious plan to organize troops. "We should have troop membership available for every interested girl," Mrs. Conley has stated.

The chief stumbling block to the establishment of additional troops is the availability of willing adult leaders. Adult Girl Scouts serve without any compensation other than the satisfaction they receive in helping the young girls enrolled in the various Girl Scout programs. Any interested person is urged to call Mrs. Conley at HI. 3-4712..

Two new Brownie Troops have been established at Heyl-av School. Troop No. 656, with a membership of 20 girls, under the leadership of Mrs. John Tabor, 680 Siebert-st, and Mrs. Walter Harris, 666 E. Whittier-st, and Troop No. 640 with Mrs. Walter Risley 799 Thurman-av, Mrs. William Reese, 647 E. Mithoff-st, and Mrs. Frank Heselton, 822 Wager-st, providing adult leadership for 21 girls.

On Jan. 28, at 3:45 p.m. a "Sing-Together" will be held by several Troops of Heyl School. Participating in the singing will be Brownie Troops 499, 446, 974, 646 and 640. Intermediate Troops 754 and 1044 will join their younger sister scouts in song.

The "Sing-Together" will be a monthly affair for these troops, and the public is invited to come and hear the girls sing of the comradeship and service which is Girl Scouting.

The Deshler-av Troops have held "Sing-Togethers" for the past several months and have found the project very satisfying and worthwhile. Mrs. Ellifritt also leads the singing.

Intermediate Troop No. 754 held an election of officers, and the following girls have taken office. Pam Gergens, president; Judy Fehr, vice-president; Cathy Cane, secretary; and Peggy Fehr, treasurer.

The members of this troop have started working for their Child Care badge, and are also enrolled in the electric company's cooking school.

Brownie Troop No. 593 recently celebrated their first birthday. In true tradition of birthdays they had a large cake. Each member of the troop repeated her Brownie Promise as she put a candle on the cake. Later the candles were blown out as the girls received their membership stars denoting a full year membership. Many mothers attended the birthday party, which was held at the home of Assistant Troop Leader, Mrs. George George, 1296 Kossuth-st.

Acting officers of Troop No. 593 are Donna George, president; Nola Swarmer, scribe, and Sandy Schaffren, treasurer.

South High School

Bulldogs Hope For One Win After Two Losses

The last of the terrible three is upon the South High School Bulldogs. The cagers were beaten at Linden and East last week. They will play Central High School this week. Excessive fouls and not hitting free throws again plagued the Bulldogs.

The team admitted that East was the far stronger of the two. Al Wilson, of the South High cagers was their only consistent performer on offense both nights, yet leaving room for some good defensive work.

Linden's Troutman played well against the Bulldogs, considering that he had a broken rib. He scored 12 points against South High School.

South High School gave East a good fight, except for the second quarter when East chalked up a score of 23 to South's 8. The East cagers made 19 free throws to South's five.

Bill Young who quit the squad after being disciplined a week ago has rejoined the team for South.

Coach John Colmery of South said one win from the "terrible three" when they play Central High School this week.

Players Club To Give 'Lute Song' Next Month

"Y" Inter Church Leagues Battle For Cage Honors

Washington Avenue EUB's thrilling victory over previously defeated St. Paul E&R highlighted play in the South Side "Y" Inter Church Leagues last week.

In a truly defensive battle Washington (3-1) nosed out the St. Paul (3-1) five 20 to 18 by coming from behind in the closing minutes of the second half. Stan Robinson topped the point makers with seven.

In other Intermediate League clashes St. Paul Lutheran (1-3) won its first game of the season by downing South Methodist (1-3) in an overtime battle 32 to 30 and the league leading Oakwood Methodist (4-0) quintet fought off the spirited Southwood C. of C. (0-4) entry 35 to 30. Bud Anthony, Pete Crosett, Tom Ray and Bob Tidwell were the evening's offensive stars while Gary Ogle and Gary and Larry Mallory were Gibraltars on defensive.

Tuesday Junior Boys

Ohio Avenue EUB (4-0) continued to ride along undefeated and alone on the circuit's top rung by outclassing Emmanuel Lutheran (2-2).

Other games in this division saw Livingston Methodist (2-2) again show tremendous power in winning over the representatives of St. Paul Lutheran (1-3) and Frebis Church of God (3-1) continued in the race for championship honor with a win over Southwood Church of Christ (0-4). Clarence Bowen, John Evans, Paul George, Rocky Roshon, Jon Leist, Rickie Fabing and Walter Deems all played outstanding games.

Wednesday Juniors

Bil Reiner, St. John E&R (3-1) eked out a 14 to 13 win over Oakwood Methodist (3-1) in a game that was packed with thrills and good sportsmanship. John Koetz with seven points was high scorer for the Saints and Sam Shannon played a whale of a game on defensive. South Methodist (3-2) led by Tom Flocken outscored the small but "never say die" St. Paul E&R (0-4) five.

Donald Cramer, Ronnie Cooper, Tom Lutz, Jimmy Hemmerly, Jan Nagy and Roger Peer also performed very well in the evening's action.

Schiller Park Cagers Rally After Defeat

Schiller Recreation Junior Girls team is boasting a successful season in basketball this year.

After bowing to Thompson Recreation Center 12 to 16 the Schiller Stars bounced back to defeat Sunshine Recreation Center 16 to 12 and Glenwood Recreation Center to a score of 13 to 2. They met Thompson and Sunshine recreation centers in a rematch on Feb. 2. Pending further games, with other centers, the girls are hoping to enter the city-wide basketball tournament at the end of February.

Members of the Schiller cagers are: Mary Thisson, Sue Bobo, Barbara Bobo, Carol Essig, Kay Webb, Cheryl Marcum, Chris Hanf, Betty Rhodes, Theresa Latella, Casandra Latella, Charlotte Digel and Mary Beth O'Ryan.

Area Girl Scouts Plan Activities For February

Brownie Troop 1067 will be studying about Africa during the month of February.

City Gets $2-Million Loan For Slum Clearance Site

The federal government approved a grant and loan of $2.1 million for the Children's Hospital Slum Clearance project. This is the city's third major slum clearance program. It is bound by Livingston-av, Monroe-st on the east, Zettler-st on the west and the south leg of the innerbelt.

The area affected by the Slum Clearance program contains about 540 dwelling units, all of which will be cleared. An estimated 526 families living in the area at the present time will be relocated.

The area to be cleared will provide for a long discussed hospital-research center at Children's Hospital. The new center's plans call for a Children's Hospital research center, a Crippled Children's Society research center and a Mental Health Center for children. These additions will be located west of the present location of the hospital.

The total slum clearance project is expected to cost in the vicinity of $4.7 million.

Kessler, pastor of Corpus Christi Church, Linwood and Stewart-avs, is announcing the beginning date of an information class on Catholic faith and worship, also an open house to be held on Sunday, Feb. 14, from 3 to 4 p.m., at which time a tour of the church will be made. Part of the tour will feature the sanctuary, baptistry and confessionals with an explanation of their meaning and use.

The group will visit the sacristy to view the sacred vessels and vestments at close hand.

The opening talk will be on Tuesday, Feb. 16, at 7:30 p.m.

Everyone is invited to attend, regardless of religion. There are no obligations, according to Rev. Albert Kessler.

Electric Blanket Causes $1500 Damage To Home

An overheated electric blanket caused $1500 damage to the Roy T. Thorne home, 661 Hanford-st, early Thursday, Jan. 28. Shortly after 2 a.m. the Thorne's were awakened by the smell of smoke. They hurried into the bedroom of their daughter. Opon opening the door, the room burst into flame Thorne said.

Patricia Anne Barbour, Mrs. Thorne's daughter, said she had unplugged the blanket earlier due to the excessive heat she was getting from it. She said the blanket was so warm that it was uncomfortable, so she went downstairs to sleep.

Firemen said the fire smouldered and burst into flame when the bedroom door was opened, allowing more oxygen to get into the room.

Conservation Club Builds Fine Hunter-Farmer Relationships

INSIDE ON THE **Outdoors** by ROD COCHRAN

The Annual Farmer-Sportsman Banquet was held Jan. 28, by the Southeast Conservation Club at its clubhouse 396 Hartrd. This get-together is rather unique, in that sportsmen hold an appreciation dinner to honor the farmers on whose land they hunted last season. The Southeast boys extend a handshake, a word of fellowship and a hearty meal, to say thank you to landowners.

The show this year played to 126 men. The food committee hauled in great loads of turkey, dressing, lima beans, potatoes, relishes and coffee served family style. Program was under the direction of past president Harvey Tiller, 286 N. Hague-av, who introduced the club's new president, Ed Sullivan, 1167 E. Whittier-st.

Speaker of the evening was Morris E. Alton, director of public affairs, Ohio Farm Bureau Federation. Alton complimented the club for its hunting program. He also discussed the rapid expansion of cities, industry and highway systems which is shrinking the outdoors. Hunters of tomorrow will need an even better understanding with farmers, as hunters are restricted to fewer and fewer acres, said Alton.

Friendships Cultivated

Herbert B. Eagon, director, Ohio Department of Natural Resources, briefly reviewed the expansion of the department during the time since his appointment.

Once again it was an evening to remember for the members and guests of the Southeast Conservation Club. The importance of good working relationships between hunters and farmers cannot be stressed too much. Most sportsmen carry out their own "public relations" program with a few landowners. They cultivate farmers with the same thoroughness that farmers cultivate their corn fields. There is nothing wrong with this — the farmers actually enjoy it. They would rather let friends hunt on their land than strangers.

Now the situation has progressed to the point where organizations and clubs are aware of the need for good will ambassadors. The national headquarters of the Izaak Walton League has sponsored such a program for two years. The Southeast Conservation Club's program of controlled hunting received national recognition last month with an article in Outdoor Life.

One of the unusual parts of Southeast's program is that it does not limit hunting to club members. A non-club member has equal chance to obtain the farmer's permission to hunt and then register at the house, on land posted by the club. This plan of not further restricting the acres open to the average hunter is an admirable one.

Officers and members of Southeast are to be congratulated on their leadership in the field of farmer-sportsman relations. May their tribe increase.

Last year 380,870 visitors were recorded in attendance at Blacklick Woods, Blendon Woods and Darby Creek Parks. Blendon Woods drew the most area residents, and Darby Creek, which opened Labor Day, attracted the least.

Mid-Year Changes Start For Local TV Programs

By Roger Sweney

Gale Storm, the pert miss whose refreshing good looks and flair for the humorous have made her one of TV's most charming comediennes, also lists among her theatrical accomplishments a career as a top film actress and increasing popularity as a recording personality.

Gale was first introduced to TV audiences via the comedy series, "My Little Margie," in which she starred for three years and 126 performances. Then in 1951 she decided to give in to a long-standing ambition to try her vocal talents. Possessing a beautiful lyric-soprano voice, Gale began taking singing lessons and, in 1956, was rewarded for her hard work and patience by being cast in the Menotti opera at the Los Angeles Conservatory of Music.

Married to an insurance broker, Lee Bonnell, Gale is the mother of three sons and a daughter. She has found time in her busy home, TV and recording schedule to serve two terms as honorary mayor of Sherman Oaks, Calif.

In the following week Gale will be busy answering interviews over the telephone to newspapermen across the nation, telling her life history and her future intuitions to the men of the press.

The traditional mid-year shift of TV programs is under way, and Channel 10 is leading the parade in a big way on the local scene as a number of personalities switch times and shows.

Effective Feb. 1, Wayne Byers will be getting up before the birds arise to take over the 8 a.m. news program on Channel 10. Tom Gleba and the News will hike from its morning time to weekdays at noon.

Also starting Feb. 1, the noon news will be 10 minutes in length, allowing for a five-minute weather program with Joe Holbrook as host at 12:10. The gal's "Appointment With Ann Reider" begins a few minutes earlier than it has in the past, getting underway at 12:15 p.m.

Other program shifts on Channel 10 include the shifting of detective series "This Man Dawson" to Fridays at 8:30 p.m. beginning Feb. 5 and the inauguration of "Paramount Theater," a new film show starting Wednesday, Feb. 3, at 7:30 p.m.

WLW-C is also among other local stations making the mid year changes. Program schedules are listed in accordance with the new changes.

Art Carney and company will perform "Three in One," Friday, Feb. 5, at 8 p.m.

The popular one-act plays will be presented. Sean O'Casey's "Pound on Demand," Noel Coward's "Red Peppers" and Eugene O'Neill's "Where The Cross Is Made," will star Art, Plus Elaine Stritch, Myron McCormack, Frank Conroy, George Matthews and William Hickey.

The versatile and talented Mr. Carney, has starred in a variety of roles on television this season, and has been critically acclaimed for each of them.

In this 90-minute colorcast, the versatile actor will play three distinctly different roles, in the one-acters.

WOSU-TV takes its remote facilities to St. John's Arena to give on-the-spot coverage of all Ohio State University's home games of basketball. John Schmidt gives play-by-play while Alan Stephenson supplies the color.

TV Program Changes Start For WLW-C

Imoprtant time and program changes were made on the NBC Network and Channel 4, Jan. 25 and Jan. 29, during the evening hours.

Starting Tuesday, Jan. 26, the evening lineup was:

7:30 p.m. — "Laramie"
8:30 p.m. — "Ford Startime."
9:30 p.m. — "Arthur Murray Party."
10:00 p.m. — "M-Squad."

The popular "M-Squad" moves into a new day and time spot . . . while "Fort Startime" moves one hour ahead in the schedule.

"Fibber McGee and Molly" has concluded its current run on NBC and Channel 4.

Friday, Jan. 29, Host Bert Parks, Panel Lee Bowman, Sam Levenson, Audrey Mesdows and Faye Emerson, returned to the network at 9:30 p.m. with "Masquerade Party." This weekly colorcast will present celebrities from the world of entertainment, sports and politics in various disguises, that the panel must penetrate.

They cultivate farmers with the same thoroughness that farmers cultivate their corn fields. There is nothing wrong with this — the farmers actually enjoy it. They would rather let friends hunt on their land than strangers.

Now the situation has progressed to the point where organizations and clubs are aware of the need for good will ambassadors. The national headquarters of the Izaak Walton League has sponsored such a program for two years. The Southeast Conservation Club's program of controlled hunting received national recognition last month with an article in Outdoor Life.

One of the unusual parts of Southeast's program is that it does not limit hunting to club members. A non-club member has equal chance to obtain the farmer's permission to hunt and then register at the house, on land posted by the club. This plan of not further restricting the acres open to the average hunter is an admirable one.

Officers and members of Southeast are to be congratulated on their leadership in the field of farmer-sportsman relations. May their tribe increase.

Last year 380,870 visitors were recorded in attendance at Blacklick Woods, Blendon Woods and Darby Creek Parks. Blendon Woods drew the most area residents, and Darby Creek, which opened Labor Day, attracted the least.

Mid-Year Changes Start For Local TV Programs

By Roger Sweney

Gale Storm, the pert miss whose refreshing good looks and flair for the humorous have made her one of TV's most charming comediennes, also lists among her theatrical accomplishments a career as a top film actress and increasing popularity as a recording personality.

Gale was first introduced to TV audiences via the comedy series, "My Little Margie," in which she starred for three years and 126 performances. Then in 1961 she decided to give in to a long-standing ambition to try her vocal talents. Possessing a beautiful lyric-soprano voice, Gale began taking singing lessons and, in 1956, was rewarded for her hard work and patience by being cast in the Menotti opera at the Los Angeles Conservatory of Music.

Married to an insurance broker, Lee Bonnell, Gale is the mother of three sons and a daughter. She has found time in her busy home, TV and recording schedule to serve two terms as honorary mayor of Sherman Oaks, Calif.

In the following week Gale will be busy answering interviews over the telephone to newspapermen across the nation, telling her life history and her future intuitions to the men of the press.

The traditional mid-year shift of TV programs is under way, and Channel 10 is leading the parade in a big way on the local scene as a number of personalities switch times and shows.

Effective Feb. 1, Wayne Byers will be getting up before the birds arise to take over the 8 a.m. news program on Channel 10. Tom Gleba and the News will hike from its morning time to weekdays at noon.

Also starting Feb. 1, the noon news will be 10 minutes in length, allowing for a five-minute weather program with Joe Holbrook as host at 12:10. The gal's "Appointment With Ann Reider" begins a few minutes earlier than it has in the past, getting underway at 12:15 p.m.

Other program shifts on Channel 10 include the shifting of detective series "This Man Dawson" to Fridays at 8:30 p.m. beginning Feb. 5 and the inauguration of "Paramount Theater," a new film show starting Wednesday, Feb. 3, at 7:30 p.m.

WLW-C is also among other local stations making the mid year changes. Program schedules are listed in accordance with the new changes.

Art Carney and company will perform "Three in One," Friday, Feb. 5, at 8 p.m.

The popular one-act plays will be presented. Sean O'Casey's "Pound on Demand," Noel Coward's "Red Peppers" and Eugene O'Neill's "Where The Cross Is Made," will star Art, Plus Elaine Stritch, Myron McCormack, Frank Conroy, George Matthews and William Hickey.

The versatile and talented Mr. Carney, has starred in a variety of roles on television this season, and has been critically acclaimed for each of them.

In this 90-minute colorcast, the versatile actor will play three distinctly different roles, in the one-acters.

WOSU-TV takes its remote facilities to St. John's Arena to give on-the-spot coverage of all Ohio State University's home games of basketball. John Schmidt gives play-by-play while Alan Stephenson supplies the color.

TV Program Changes Start For WLW-C

Important time and program changes were made on the NBC Network and Channel 4, Jan. 26 and Jan. 29, during the evening hours.

Starting Tuesday, Jan. 26, the evening lineup was:

7:30 p.m. — "Laramie"
8:30 p.m. — "Ford Startime."
9:30 p.m. — "Arthur Murray Party."
10:00 p.m. — "M-Squad."

The popular "M-Squad" moves into a new day and time spot . . . while "Fort Startime" moves one hour ahead in the schedule.

"Fibber McGee and Molly" has concluded its current run on NBC and Channel 4.

Friday, Jan. 29, Host Bert Parks, Panel Lee Bowman, Sam Levenson, Audrey Meadows and Faye Emerson, returned to the network at 9:30 p.m. with "Masquerade Party." This weekly colorcast will present celebrities from the world of entertainment, sports and politics in various disguises, that the panel must penetrate.

Doing what others find difficult is talent; doing what is impossible is genius.—Amiel

OCEAN QUEEN—Glamorous Gale Storm—The S.S. Ocean Queen social director's beauty enhances the Captain's table, her vocal talents brighten the ship's parties and her humorous flair for the ridiculous turns every moment into a comic adventure on THE GALE STORM SHOW, Thursdays from 7:30 to 8 p.m. and Monday through Friday at 2:30 p.m. over WTVN-TV, Channel 6.

Channel 10 To Televise '60 Olympics

The thrilling highlights of the two top sports spectacles of the year, the 1960 Olympic Games, will be telecast exclusively over WBNS-TV, Channel 10 in the Columbus area. The summer games will eminate from Rome, Italy, and the Winter Olympics will be presented from Squaw Valley, Calif., Thursday, Feb. 18, through Sunday, Feb. 28.

Walter Cronkite will act as host and anchor man for a staff of CBS sports announcers including Jim McKay, Bud Palmer and former Olympic star Dick Button. Over 20 TV cameras will be used for the tops in coverage. In the ten days of unsurpassed action, excitement and pagentry, those looking to Channel 10 will garner front row seats at all the colorful ceremonies as well as the main events in skiing, skating and hockey.

The 1960 winter games will be the largest and most spectacular in history. More than 1,000 athletes from 34 countries will be competing at the new 15 million dollar Squaw Valley development.

The teams to watch in the winter events are the Austrians, Americans, Scandanavians, Russians and Canadians, and as per usual, the rivlry between the athletes and between the countries will be at the pinnacle of intensity.

The Summer Olympics on CBS-TV and Channel 10 will be from Aug. 26 to Sept. 11, and will be shown in the USA on tape just a few hours after they happen in Italy.

Mrs. America Contest Open To Applicans

Homemakers in the Columbus area are invited to enter the 1960 "Mrs. America" contest, sponsored locally by the Ohio Fuel Gas Co. More than $50,000 in prizes will be given away during the year's contest.

Entry blanks are available at the gas company office, 109 N. Front-st, it was announced by Wilbur T. Collins, Columbus District manager for Ohio Fuel. All entries must be in by Mar. 31.

The "Mrs. America" event is open to all married women over 21. Winners will be chosen at local, division, district, state, and national levels.

Contestants will be judged at each level on homemaking ability, appearance, personality and poise, character, grooming, and community activities.

Women's organizations are urged to sponsor contestants, Collins said. Cash prizes will be awarded an organization if it sponsors a winning homemaker, as follows: $25 for local winner; $50 more for division winner; $100 more for district winner; $200 more for state winner; and $500 more for national winner.

Winner of the Columbus District contest will win a $500 RCA-Whirlpool automatic gas range. District runner-up will be awarded a modern gas light for the lawn or patio.

Sixteen winners will compete for the "Mrs. Ohio" title at the state finals in Columbus, May 4 and 5. Prizes totaling $10,000 will be awarded.

"Mrs. Ohio" will win an expense-paid, two-week trip for herself and her husband to the national "Mrs. America" finals in Fort Lauderdale, Fla., starting June 2.

In addition, she will win a new RCA-Whirlpool Ice Magic gas refrigerator, a $1,000 wardrobe including a party dress made from Reynolds aluminum fabric, and other valuable prizes.

Runner-up in the state contest will win a $500 RCA-Whirlpool gas combination washer-dryer.

"Mrs. America" at the national finals will win a $30,000 Huber home in Fort Lauderdale, Fla., complete with a $6,500 Lancer swimming pool, an RCA-Whirlpool all-gas "Mrs. America" kitchen, a two-week expense-paid Florida vacation for the entire family, a complete year-around wardrobe, and other prizes.

Electric Blanket Causes $1500 Damage To Home

An overheated electric blanket caused $1500 damage to the Roy T. Thorne home, 661 Hanford-st, early Thursday, Jan. 28. Shortly after 2 a.m. the Thorne's were awakened by the smell of smoke. They hurried into the bedroom of their daughter. Upon opening the door, the room burst into flame Thorne said.

Patricia Anne Barbour, Mrs. Thorne's daughter, said she had unplugged the blanket earlier due to the excessive heat she was getting from it. She said the blanket was so warm that it was uncomfortable, so she went downstairs to sleep.

Firemen said the fire smouldered and burst into flame when the bedroom door was opened, allowing more oxygen to get into the room.

The bedroom of the Thorne's home was destroyed.

HEALTH SCIENCE GROUP PLANS SKIT

FIRST AID SKIT—Members of the eighth grade Health Science Class of Roosevelt Junior High School will give a first aid demonstration at the forthcoming PTA meeting to be held at the school, Thursday, Feb. 11. Business Women Plan 1960 Valentine Brunch

Members of the Rose Capital Chapter of the American Business Women's Association will hold their annual Valentine brunch in the William Henry Harrison House on the Ohio State Fairgrounds, Sunday, Feb. 14, from 11 a.m. to 2 p.m.

Members of the association will prepare and serve ham and eggs, orange juice, toast and coffee. There will be no specific charge for the brunch since the group is only asking for donations.

Added to this year's brunch will be a "Cupid's Pantry." The chapter will feature home-made cakes, cookies, candy and preserves on the pantry shelves.

All proceeds of the event go to aid the association's scholarship fund. Each year the group sponsors a worthy recipient in some phase of higher education. Rose Chapter has presented scholarships to nurses at St. Francis and Holzer Hospitals, a chemistry major in the college of arts and sciences at Ohio State University and has selected for its 1960-61 scholarship a recipient from the department of occupational therapy at OSU.

South Side residents who are members of the association include Mrs. Kay Engebretson, 800 Carpenter-st; Mrs. Betty Hill, 322 E. Moler-st; Miss Cora Hiltbrunner, 794 S. 17th-st; Miss Margaret Schwab, 1506 Miller-av; Mrs. Rosemary Wolf, 846 S. Fifth-st, and Mrs. Lillian Stover, 1114 Seymour-av.

This is a public affair and everyone is invited to attend.

Millions of U.S. taxpayers still overlook important steps in filing income tax returns. Be sure to check your return carefully, to attach all required W-2 withholding tax certificates, and to sign, both parties if joint, before mailing to your district director of internal revenue.

Inter-Church Cagers Race For Top Honors

Red hot races for the championship honors are shaping up in all of the South Side "Y" Inter-Church Basketball Leagues.

Tuesday Junior Boys

In the feature game in this division last week, Frebis Church of God handed Emmanuel Lutheran its first defeat of the young season by a 19 to 13 score. Clarence Bowen and Mike Ellis led the Frebis scoring while Mike Crist played best for the losers.

Ohio Avenue EUB took over the loop lead by downing the youngsters representing St. Paul Lutheran. Gary Kipp took scoring honors with a 10 point output. Livingston Methodist, sporting new uniforms, proved hotter than a firecracker as it produced its best offensive display of the year in outclassing the game little basketeers from Southwood Church of Christ.

Girls' League

St. John E. & R. aided by the fine defensive play of Jackie Schoonover topped Livingston Methodist and Ohio Avenue EUB nosed out the fine Emmanuel Lutheran sextet, 21-17, while Thurman Methodist kept hot on the heels of the league leaders with a win over South Methodist.

Pat McCoy, Diane Humes, Linda Houser, Barb Nicholson and Peg Schaum's spirited play highlighted the evening's activity.

Wednesday Junior Boys

Oakwood continued to roll on undefeated as it topped St. Paul E. & R.'s small but scrappy quintet and St. John E. & R. gave its best performance in beating South Methodist, 23 to 15 in a well played game.

Sam Shannon, Tom Flockin, Donald Cramer and Paul Alford all starred in their team's effort.

Intermediate

Three hotly contested games featured the "big boys" action as South Methodist trimmed Southwood Church of Christ, 32 to 28; St. Paul E. & R. outlasted St. Paul Lutheran 23 to 19, and in the feature game of the evening, Oakwood Methodist came from behind to hand Washington Avenue EUB its initial loss, 24 to 20.

Doug Pritt hit the nets for 12 points to lead the scorers in this game, while league honors went to Bud Anthony with 19 markers. Gary and Larry Mallory, Danny Larimer, Floyd Lemmon, Mike Debus and Bob Tidwell also hit the loop with regularity.

LETTERS TO THE EDITOR

Park District Lauds Service Of Newspaper

In reviewing public attendance at the three Columbus Metropolitan Parks in 1959, at Blacklick Woods, Blendon Woods and Darby Creek, the Board of Metropolitan Park Commissioners wishes very gratefully to acknowledge the excellent cooperation of the Hartley Newspapers in publicizing the various events scheduled in the parks. The board appreciates the very important service rendered by the newspapers, radio and television, in keeping the public informed of programs and activities scheduled in the parks. The increasing attendance from year to year is evidence of its effectiveness.

The small acreage and limited facilities of the present Columbus metropolitan parks make it necessary to use discretion in promoting attendance. On Saturdays and Sundays during the summer in nice weather the parks are badly overcrowded, and it is unfortunate when more people come than can be comfortably accommodated. It is regrettable when a family seeking a place to picnic can't even get into the parks and must go elsewhere or return home.

The solution is more parks, not more intensive development of present parks. A total of 133,348 visitors was recorded in attendance at Blacklick Woods in 1959 or a concentration of 1120 visitors per acre. By comparison the visitor concentration in Cleveland's metropolitan parks of 14,290 acres is 257 persons per acre. The rapid growth in population and urbanization of the Columbus area compounds the problem. We need more parks.

Columbus Metropolitan Park Board
Walter A. Tucker, Secretary.

New Trend Has Mental Hospital Population Declining

Editor's Note: A study of the state's mental hospital system has been undertaken by Bill Rush, managing editor of Hartley Newspapers. During the next few weeks, he will review what he found after studying the system and its program.

Ohioans needn't bow their heads in shame over the state's mental health program.

On the other hand, Buckeye Staters could be severely criticized if they felt satisfied with the present state of affairs in the 35 hospitals connected with the system.

Criticisms of the institutions and their programs are available by the hundred, categorized under a dozen different headings, in reports issued in the past few years by State Auditor James A. Rhodes and Jay Collins.

Collins, executive-director of the Euclid-Glenville Hospital in Cleveland, was the man appointed by Governor DiSalle to investigate and write a report on the state sponsored hospitals.

Not All Black

Despite all these criticisms, underscored recently by the Governor's highly publicized inspection trips about the state, the picture isn't entirely black.

Ohio hospitals are doing things that haven't been accomplished before.

While admissions to the hospitals increase each year, the overall population is gradually being reduced.

This has happened only once before in Ohio history. That was between 1955 and 1957 when tranquilizing drugs were first introduced and cleared off "the cream of the crop" as some observers have termed it

This present decline began in August and has continued without interruption during the past five months. The decline meant that the present year was started with 313 patients less than the year before and 481 less than the all-time high figures of June, 1955.

Even in the face of these figures, however, it must be admitted that the state hospitals aren't all that they might be.

And no one is bound to disagree with that statement, not even the persons bearing responsibility for the program in the State Department of Mental Hygiene and Correction.

What is standing in the way of improving the system and what can be done to make it better?

Those in support of the present program point toward more time, more money and more knowledge plus better utilization of the resources already available. Others, including the Governor, want legislative reforms.

All are in accord that much can be done within the existing structure of the department.

Fresh Start In 1957

Ohio's mental health program got off to a fresh start in 1957 when Dr. Robert A. Haines was named director of the newly created Department of Mental Hygiene and Correction.

Just before that in 1955, Ohio voters approved a $150 million bond issue of which $55 million was earmarked for capital improvements in the mental hygiene system.

Operating in the new department and with the funds provided by the bond issue, Dr. Haines proceeded to launch a program which he feels is on its way to giving Ohioans one of the most progressive mental health systems in the nation.

Despite Dr. Haines' optimism, however, the Governor has indicated that he doesn't approve wholeheartedly with the way things have been going. His criticisms have been many, his proposals just as frequent.

The Governor has pledged that Ohio mental hospitals will be improved and made "as clean as private hospitals." He has visited other states, viewed their systems, and solicited their advice.

Youth Rescues Woman From Flaming House

A South Side youth escaped serious injury last Wednesday, as he saved a neighbor woman from her flaming Mohawk-st house. Noticing the smoke filled windows of the Paas home at 829 Mohawk-st, Richard Minshall, 18, 835 Mohawk-st, smashed a glass window in the front door of the house with a snow shovel to gain entrance.

After entering he shouted to see if anyone was in the house. It was then he heard the moaning voice of a woman upstairs. Feeling his way to the second floor of the brick home he carried the woman to safety only moments before oxygen coming in from the front door caused a large explosion throwing glass from downstairs windows.

Richard Minshall

The fire started from a cigaret igniting a couch in the living room of the home.

Minshall's mother, Mrs. Richard Minshall, usually greets him at the door when he comes home from work. As he pulled into the drive Wednesday evening, his only statement to his mother was "I'll be back in a minute, mom." He carried Mrs. Ruth Paas from her house to their home where they waited for emergency treatment. He said he was not thinking of anything but finding out if anyone was in the flaming house.

Minshall is a graduate of St. Mary's High School and now is employed with the city.

Loss to the Paas residence was estimated at over $1000. The first floor of the home was heavily damaged with some damage to the second floor.

CSSO Plans Forthcoming Community Night Program

Expressing concern over the increasing number of junk yards on the South Side, the Council of South Side Organizations has dispatched a letter to the City Planning Commission.

The letter was approved by the executive committee of the Council of South Side organizations at their monthly meeting at the South Side YMCA last Thursday night.

The letter to the planning-commission reads as follows:

The Council of South Side Organizations has been for some time concerned with the increasing number of junk yards appearing on the South Side and the condition of those already developed in that area.

Those presently established include:

The yard on the west side of S. High-st below the viaduct where various articles such as bathroom equipment are close to and upon the sidewalk.

Display Junk Cars

The yard on the south side of Livingston-av between Washington and Lehman-avs which displays junk autos parked in front with others cluttering up Lehman-av along the fence. This yard also has the north west corner unfenced with large holes bordering the sidewalk.

The Livingston-av yard is a splendid example of the "trickle down" spread of slums that our friends in Urban Renewal talked about . . . property to the south of this yard is being allowed to fall into a state of disrepair because of this example.

We believe that the Refugee-pk area from Lockbourne-rd east, which is rapidly being converted into a junk alley can be controlled to prevent development of the above situation.

We are of the opinion that some means should be taken to prevent buildups such as this by requiring setbacks, screening by shrubs, etc., and that this can be established within our Zoning and Building Codes presently set up."

Committee reports were heard by the committee on recreation and special funds. Jerry Fedderson reporting for the recreation committee suggested that the committee study that part of the proposed charter revision dealing with the operation of the City Recreation Department, and after careful study a recommendation for the council's stand on suggested changes.

Also hitting the council was the future plans for the annual South Side Community Night to be held at Jet Stadium. Howard Henry, Harry Sells, Miles (Cap) Hoover and Roger Swaney members of the South Side Community Night committee met with Jet Stadium officials, Tuesday, Jan. 19. The committee selected Friday, June 10 as the date for the annual Community Night baseball game at Jet Stadium. The Rochester Red Wings will be the Jet's opponent that night. Sells has agreed to again serve as chairman and Howard Henry will serve as co-chairman. Reserve seats tickets will go on sale shortly for the event.

Money taken in on this game will be returned to the community for youth work.

The William Locks Memorial Fund was discussed, but still not settled at the executive meeting. Jim Wagner of the YMCA will contact Cap Hoover, YMCA director on the discussion of the memorial fund.

Members of the executive committee hopes that from the meeting a recommendation for immediate action will be taken on this long delayed subject.

The council also took into hand two important conditions existing on the South Side. A letter was written to the Traffic Commission in regard to the S. High-st parking ban on the railroad viaduct, south of Hosack-st.

The letter written by Richard Gramlich of the safety committee which was sent to the City Traffic Commision reads:

"At the Jan. 14 meeting of the Council of South Side Organizations the following resolution was adopted:

"That all curb parking be banned on both sides of the South High Street Viaduct at all times."

We believe that the present use of parking space is a definite hazard to motorists using this street.

Also in an effort to clean up the South Side the council approved a letter to the City Planning Commission in deep concern to several slum areas of the South Side.

The next regular meeting of the South Side Council will be held Thursday, Feb. 11, at the meeting hall of the South Side Branch YMCA, 864 S. Third-st starting at 7:30 p.m. It is anticipated that the "clean up" problem will again be brought up.

THE PAST AND PRESENT—Donald Rea, a linotype operator at Hartley Newspapers, sits before a modern day invention for printing while holding a pair of letters dated more than a century ago.

Love And Death Reported In Century Old Letters

In California, during the late autumn-early winter period of the year 1848, the start of the Gold Rush was on in earnest; in both the North and the South, tensions were building that would erupt into violent warfare in a little over a decade; and in Yexington, Ky., a woman wrote a letter to her fiance in Madison County, Ohio.

That letter and the one to follow telling of the Lexington woman's death, are in the hands of the grandson of the fiance, Donald Rea of 110 N. Oak-st, London.

Mr. Rea also has in his possession other letters of more than a century ago, the earliest missive dated April 28, 1794, written by his great-great-grandfather Matthew Rea, reporting the death of Matthew's wife and son.

The majority of the letters were painstakingly scripted in old-style. In some places, ink smudges and folds have deleted part of the messages related. But on the whole, the various communiques have been carefuly kept and except for the need to become adjusted to the style of handwriting, are readily legible.

The letter to "Don's" grandfather, Jesse, from Mary Miller of Lexington inquires of his health and as to why he had not written. A sample: "I hope you will wright (sic) as soon as you get this letter. I have ben vary (sic) uneasy ever since I wrote to you . . ."

It goes on to tell of local happenings, including a political event conducted by the Whig party.

She adds, "I would like to see you" and "am very anxious to hear from you." Mary signed the letter "to my friend, Mr. Rea."

The next spring, Jesse received a letter from Mary's uncle telling of her untimely death April 9, 1849.

Jesse did not receive the news until ten days later, on April 19.

Inter-Church Leagues Battle For Cage Honors

With tournament time just around the corner, three South Side "Y" Inter-Church Basketball Leagues have not produced a first round winner. In fact, the torried Intermediate loop right now, is entangled in a three way tie for the top rung on the championship ladder. Highlights of last week's games include:

Tuesday Junior Boys — Ohio Avenue EUB remained in the undefeated ranks and won first round laurels by building up a comfortable first half advantage over the "Tiny Tots" from Livingston and then coasted into victory lane.

In other contests in the Junior circuit, Frebis Church of God again showed power to burn in downing St. Paul Lutheran while Emmanuel Lutheran outlasted Southwood Church of Christ, 27 to 21. Sideline reporters picked Kenny Hedrick, Alan Cook, Everett Holbrook, Gary Kipp, John Evans, Clarence Bowen, Danny West, Tom Lewis and Paul George as the boys whose play was outstanding.

Girls League—The stage was set for the "Game of the Week" as both St. John E and R and Ohio-av EUB continued their victory march with wins over Thurman Methodist and South Methodist respectively.

In the last game of the evening, Livingston Methodist topped Emmanuel in their battle to stay out of the league cellar. "Lizzy" Leupp, of St. John was the night's top scorer followed by Linda Koetz, Sharon Boquist, Peg Shaum, Janet Filbin and Beth Hoffman.

Wednesday Juniors — South Methodist's small but clever cagers pulled the upset of the season by outclassing Oakwood Methodist 22 to 15. Tom Flocken's fine rebounding job, plus good shooting on the part of Tommy Lutz and John Whitacre turned the tide in South's favor. Paul Alford and Jim Silvania played a good game for Oakwood. St. John E and R took over undisputed first place by downing the winless St. Paul E and R midgets 23 to 11. Play of Bob Arthur, John Koetz, Sam Shannon and Mike Smith caught the eyes of league followers.

Intermediates — St. Paul E and R led by Gary Ogle and Danny Larimer tipped the league crown off the head of Oakwood Methodist by winning a real thriller, 24 to 22, and sending the two teams into a three way tie for first round honors, with Washington-av EUB, who scored their fourth victory against one defeat by clipping South Methodist 38 to 29.

Doug Pritt's 21 points was the deciding factor in Washington's win. St. Paul Lutheran exhibited real scoring punch in beating Southwood Church of Christ in the other game on the card. Larry Mallory hit the nets for 17 points for the Lutherans, while Bud Anthony cashed in 15 for Southwood.

Japanese Customs Prove Different To Ex-Resident

Acquiring a college education poses quite a problem for June 1959 South High graduate Betty Sue Edwards, one of the class officers.

The transfer of the family from Columbus to Japan has been an education in itself for the former Ohioans. (The Air Force attempts to prepare the transferees for their new life by means of pamphlets, etc., before the U.S. residents embark for their new home). A long, interesting letter from the popular blonde South Sider gave us many highlights of her new life, and since so many people knew her, we think it appropriate to share portions of it with our readers. Our correspondent said the "smell" of Japan was the very first impression one receives . . . it seems that human waste is used as fertilizer and the odor of it penetrates everything, everywhere.

The next thing she noticed was the traffic, conducted in the left-hand British style. It seems the drivers constantly pass cars and trucks, even though traffic is coming the other way. But they survive! The Japanese feel the highway lines are there merely to guide them at night, ignoring them completely. The roads themselves are narrow and full of holes, bumps, bicycle-riders and pedestrians. The pedestrians have the right-of-way at all times. The 25 mile an hour speed limit is laughable, as it is hard to even achieve that speed. The bicycle riders manage to carry all sorts of impossible objects, while pedalling away.

One cyclist amused Betty Sue, when on a rainy day he reached his destination with an umbrella over his head, parked the bike, then covered the bicycle seat with his umbrella and walked nonchalantly into the rain, unprotected! Wearing apparel seems to be divided by age groups with the younger generations wearing the western style clothing and the older Japanese still clinging to the traditional styles.

Many natives change into kimonos when finishing their work-day chores. Holidays find practically everyone garbed in the traditional Japanese fashion.

The Allens (Betty Sue's folks) reside in a private rental house in the "rice paddy," an experience Betty Sue says she'll never forget. She was shocked when she discovered the shack-type house was to be her future home, though she's now getting used to all the inconvenience of the place.

The one-floor American plan house has Japanese windows (sliding type), back-breaking tile sink with antiquated plumbing, tile bathtub and floor. To flush the toilet, a chain is pulled which hangs from a tank over the toilet. The wringer-type washer sits in the bathroom, and clothes are dried in the yard, and quoting Betty, "believe me, it's COLD out there." Wash water is drained into the bathtub after the washing is done!

The family has a "central heating system," via a kerosene stove that sits in the middle of the house's dining area. No automatic water heater keeps them furnished with hot water, so all water must be heated in advance of use, on the stove or in the water heater, both of which use propane bottled gas. She says that cold face washings are the rule, rather than the exception, especially when the pipes freeze and "all you can get is cold, cold water." Luckily, the family is now accustomed to their new mode of life, and she wouldn't have missed the experience for anything in the world.

To the Japanese, the Allen's home is extremely modern and palatial, as very few have homes as large, and no plumbing at all. The day Betty wrote to us, the "Honey-Bucket" had made one of its twice-annual visits in the neighborhood, collecting waste from the cesspool, which was sprayed on a nearby rice-paddy, and quoting Betty "Oh, what an odor!"

Betty Sue is able to get some of her college education through the far East Division of the University of Maryland's overseas classes. She has to attend classes at night, travelling to different bases and housing areas in the Tokyo area, where the family lives.

Now that she's adjusted to her new life, we're sure she'd love to hear from her friends and well-wishers so we'll include her address right now. Send mail to her C-O T-Sgt. Harry W. Allen, Hq. Sq. 6000th Sup. Wg. Box 113, APO 925 San Francisco, Calif.

Many activities are scheduled for members of the Moose at 36 Sycamore-st, within the week. Tonight the Hospital Committee will be in charge of the Chapter Night meeting. Lucy Brown is the chairman of this committee. A letter from Jeanette Burkholer will be read. Miss Burkholer is the young women who is receiving her training from funds received from Chapter 206's Hospital Committee. Senior Regent Mabel Gregory will preside over the enrollment of new candidates.

The Child Care Committee of Chapter 206, Women of the Moose, is sponsoring a bazaar at the hall Friday, Feb. 12. Gladys Morris is chairman of this committee. Canned goods, baked goods and the usual offerings of a bazaar will be available. Also on Feb. 12, another Moose Committee will be active, though in a different locality. The Civic Affairs Committee, composed of members of Moose Lodge 11 and Chapter 206, will be at the old Memorial Hall, where they will be holding a Valentine dance for the Senior Citizens group. Chairman Mike Pierce and co-chairman Gleneva Roop have asked Floyd Arnold to be master of ceremonies for the evening. Frank Laine, business agent for Musicians Union 103 will provide the music for that night under the direction of Rags Anderson.

On Wednesday, Feb. 17, the drill team of the Moose Hall is responsible for the weekly Wednesday dinner, held from 5 to 7 p.m. at the Hall. Chairman Johnny Chamberlain and co-chairman Gertrude Larson, with their committees, will serve steak, mushrooms, mashed potatoes, gravy, Harvard beets, fruit jello and coffee. Price of the meal is $1. for adults and 50 cents for children. The public is invited.

A non-conference tilt with Lancaster, at South, will be an event of Feb. 13 for the South High Bulldogs this Saturday. Cap's team also has a non-conference game, at Wilmington, this Saturday, then opens a three game home-stand on Feb. 16 with Marietta.

Friends of Bob Berkehemer, former Columbusite, will be saddened to learn that his wife, Clare, succumbed to the malignancy which was found such a few months ago. The Berkehemers have lived in California these past few years.

Joe Kite Jr., was a Columbus visitor for a few days, while taking an Air Force Academy test at Lockbourne Air Base. The 18-year-old is a native of Charlerio, Pa.

"Sis" Dicke was able to have her birthday cake and candles at home, 1411 S. 6th-st, though a day late. She took Sunday and Monday to visit the "old folks at home" as a little vacation from her first semester at Cincinnati Bible Seminary.

School doings for the week . . . Southwood's PTA executive board will have the room representatives as its guests at today's 1:30 p.m. meeting. Lincoln Park's Parent and Family Life Group meets today from 9:30 to 11:30 a.m. Mrs. Dale Davy, parent education chairman presents "Have We Abdicated our Authority?" Roosevelt Jr. High PTA will meet this evening at 7:45. On Wednesday, Feb. 17, at 1:30 p.m., the Siebert PTA will meet at the school. In addition to the annual Founders' Day celebration, Miss Bingham will show pictures of her trip to the 49th and 50th states.

Our reminder calendar tells us of important dates for these people within the week: Feb. 12, birthdays for Virgil Eagon, Becky Leonard and John Knore; Feb. 13, birthdays for Jane Johnson and Ada Graham; Lorraine Itskin and Sally Paulus have Valentine's Day birthdays. Jim and Isabelle Coslett, Paul and Priscilla Lenox have "hearts and flowers" wedding anniversaries. Jim and Mary Ann Whalen celebrate their anniversary on the 15th of the month, while Mary and Howard Merritt cherish Feb. 17. Jimmy Arthur Thum is a little too young to realize it, but he will be one year old on Feb. 17.

Troop 31 of South Methodist Church celebrated "Boy Scout Week" earlier this week by holding a Court of Honor and Charter presentation, to which parents and friends were invited.

Camp Fire Girl Leaders who are interested in participating in the city-wide Handcraft Workshop to be held next Thursday, Feb. 18 at the S. High-st meeting room are reminded that Friday, Feb. 12, 5 p.m., is the deadline for registration. The workshop will last from 9 to 2:30 p.m., and costs 25 cents per person. No baby-sitting is available. Interested leaders should bring a sack-lunch, cup, scissors and any handcraft that could be used for displays. The program will include clay modelling, tie dye hectograph, crepe paper decorations, pine cone pins and animals, beading ceremonial equipment, weaving and several other crafts.

Church and charitable organizations that meet shortly: Cloverleaf 16, for a Valentine party, Feb. 14 at 4:30 p.m. in the home of Miss Myrtle Branch 1568 Wilson-av. Mary-Martha Circle, of Gates-Fourth Methodist, 10:30 a.m. Feb. 11 at the church, for a casserole luncheon. The General Society also meets today, at 1 p.m., also at the church. Mrs. George Stertzer is in charge of the program. Trudeau Guild 19 has a Feb. 16 meeting scheduled, at 1432 Oakwood-av, home of Mrs. Thomas Kavanaugh. Oak Leaf day at noon, ohstess, Mrs. Robday a tnoon, hostess, Mrs. Robert Jackson, 427 Siebert-st.

A first-week notice is apropos at this time for the fish dinner that will take place at St. Ladislas Church, 277 Reeb-av, Friday, Feb. 19 from 5 to 8 p.m. Carry-out service, and baby-sitting service will be available. We plan to mention the dinner again next week, so will give the complete menu at that time.

Southeast District of Camp Fire Girls will meet Tuesday, Feb. 16, from 9:30 to 2:30, at Ohio-av EUB, for a sack lunch meeting. Makeup training will be given in bead work and symbols.

Tomatoes, like most vegetable crops, grow best in well-drained soils, say Ohio State University Extension horticulturists.

School enrollment has increased 47 per cent since 1950, according to Ohio State University Extension economists.

CONVENTION PLANNED—Jehovah's Witnesses are planning their annual convention for 1960. The convention is set for Feb. 26 to 28 at the Ohio State Fairgrounds. Heading up the program for this year's fete are Dean Bourne, minister of south's congregation; Robert L. Balzer, convention manager from Xenia, and Louis Rylewicz, traveling circuit supervisor.

Jehovah's Witnesses Plan 3-Day Convention

Three South Side men have been appointed to supervisory positions for the three-day convention of Jehovah's Witnesses which will be held Feb. 26-28 in Columbus at the Arts and Crafts Building at the Ohio State Fairgrounds.

Dean G. Bourne of 1265 Fairwood-av. has been named assistant convention manager, while John O. Brehmer of 710 Oakwood-av, was appointed news service director.

Appointed to provide interlude music by an orchestra of volunteer Witnesses and to direct a thousand-voice chorus was Ray E. Wheeler of 1136 Ellsworth-av.

"One of the principal reasons for our convention is to increase our teaching abilities and to pursue a peaceful relationship with God and our fellow man," said Mr. Bourne, who is the presiding minister of the south congregation located at 1706 S. High-st. Some 23 different departments are set up to help the convention run smoothly so that each conventioner will receive the greatest benefit from the numerous sessions.

The appointments were announced by Louis Rylewicz, circuit supervisor.

The meet is expected to draw 2,000 people from about 40 central Ohio communities embracing the Witnesses' circuit No. 4. A New York Watchtower official will be named to head the services.

Local Girl Scouts Plan Annual Cookie Sale

Mrs. Frederick Mauger, Heyl Avenue Neighborhood chairman, has announced the selection of Mrs. Delbert Swarmer, 1269 S. Champion-av, the the Neighborhood Special Sales chairman for the coming Girl Scout cookie sale.

Mrs. Swarmer will direct the selling activities throughout the Hey!-av neighborhood during the sale period, Mar. 18 through 28. Four varieties of cookies will be sold by the girls this year, the four-flavored sandwich creme, the thin mints, Savannahs and Scot-Teas.

Proceeds from the sale of the cookies are shared by the troops and the Ohio Trefoil Council. Council proceeds go for the maintenance and development of a camping program for all girls in the council. Troop proceeds are used for actual troop programs and for projects undertaken by the individual troops.

The cookie sale originally was developed so that girls could have an opportunity to work jointly on a common project for all and to protect the public from too many troop efforts at money-raising.

It is the belief of the Girl Scout organization that the girls should participate to some extent in the raising of funds for their own troop projects and it is with the cookie sale that this is accomplished.

The Heyl Avenue Neighborhood Association will meet on Wednesday, Feb. 17, at 1:15 p.m. in the lunch room of the Heyl Avenue School. This will be a very important meeting and all leaders, assistant leaders and troop committee members are urged to attend.

A group of senior scouts from Troop No. 406 recently attended a session of the Columbus City Council. The girls were pleased and delighted when the president of council stopped in the procedure of enacting legislation and recognized the girls and their leaders. These Girl Scouts were made more aware of the value of liberty when they were given this opportunity to view democratic processes in action. The Girl Scouts program includes as a vital portion of its work the love of country.

The month of February is celebrated in Girl Scouting as "World Fellowship Month." It is during this month that Girl Scouts all over the world join with their sister scouts in programs of understanding and good will.

In accordance with this celebration, Brownie Troop No. 499, recently enjoyed hearing Mrs. Torris Bjms tell of her life in Holland. Mrs. Bjms delighted the girls with songs of her native country, and demonstrated the wearing of wooden shoes to the wide-eyed Brownies.

To help further understanding of the peoples in other countries, Intermediate Troop No. 1044, is learning a Hungarian dance. When they have perfected the intricate steps they hope to teach the dance to their younger sister scouts of Brownie Troop No. 640.

The Friday night dances are a regular part of the Teen Club activity at the center. This is a dress up occasion.

The only admission will be a dance pass that the center issues. According to Tom Crawshaw of the center, no admission will be granted unless the passes have a picture on the back of them.

Gun Collectors Bustin' Out All Over

INSIDE ON THE Outdoors By ROD COCHRAN

One of the facinations of outdoor sports is that they offer plenty of opportunity for fringe hobbies.

There are fly tiers and boat builder's stamp collectors (wildlife subjects) and gun collectors, bird watchers and photographers. The variety of these activities seems to be endless. Gun collecting is picking up a lot of enthusiasts in central Ohio right now, according to William Brannan, 38 N. Haldy-av.

Brannan has been a member of the Ohio Gun Collectors Association for a couple of years now, and calls himself a beginning collector. New president of the gun organization is an area man, P. L. Shumaker, 393 E. Kanawha-av. The next meeting or show of the group is Feb. 27 and 28, at Veterans' Memorial, but is not open to the public. Non-members can gain entrance only with a member.

Many Collectors Specialize

Gun collectors, like everything else in our society, are pretty much categorized. Some of them, for instance, want to get their hand on Revolutionary War weapons. The ancient flintlicks put a gleam in their eyes. Others deal in Civil War guns — the percussion weapons, also called cap and ball.

In addition to the era collectors, there are many other categories. Brannon is a Colt collector, which means he draws on a vast store of guns made from 1836 to the present. Best known of the Colts are the handguns, especially the single action six and Buntline special made famous by western outlaws and lawmen.

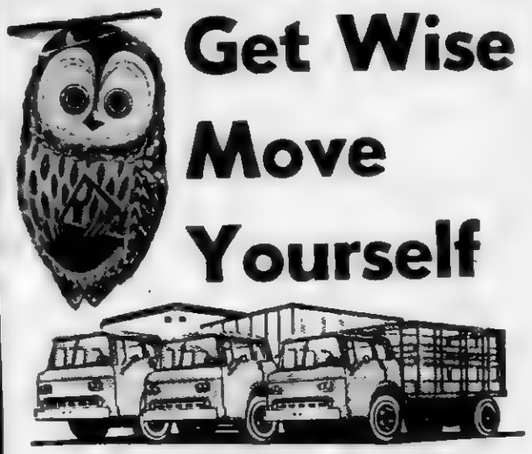
"Colt has made a number of other types of guns," said Brannan. "One of their most interesting enterprises was making lever-action rifles before 1900 which closely resembled a rifle being made by Winchester at the time. Winchester countered by making on handgun, a single-action revolver that looked just like Colt's gun. As soon as the Colt people saw this gun, a gentleman's agreement was reached. Colt would stop making lever-action rifles, and Winchester would ditch plans to make a revolver.

GUN FAN—William Brannan, 38 N. Haldy-av, displays some of his Colt collection. His custom-made holster carries a single-action revolver that could have been carried by a sheriff or train robber. The other Colt is a modern version of the Buntline special.

• • •

Colt Rifles Prized

"Only 2,000 of the Colt rifles were made. Consequently they are scarce and very desirable to collectors. Other Colt weapons are also rare. A Colt gattling gun chandged hands recently. Most collectors, however, must deal in Colt hand guns."



• • •

William Brannan has nine Colts in his young collection. One is an interesting gun, since it was made for rim-fire cartridges. These were manufactured during the transition period from cap and ball to center-fire cartridges. This particular Colt has pearl handles. By sending the serial number to the Colt Company, Brannan was able to determine the exact date of production and where it was first sold. It was sent to a store in Cincinnati. A firt at the Colt plant many years ago destroyed most records, but Brannan was lucky enough to get the full history on this gun.

Brannan is proud of some pieces in his collection that are not of Colt manufacture. His pride is a Kentucky long rifle with a full stock. It was made in Pennsylvania about 120 years ago.

Firearms have always been important to Americans. Our people won their freedom with their guns and their courage. Their guns fed an clothed them. The right to own and bear arms is part of our priceless heritage. The fascination of gun collecting is the saving of this link in our country's history.

That city is well fortified which has a wall of men instead of brick.—Lycurgus

New Programs To Highlight TV Viewers Pleasure For 1960

By Roger Swaney

The beginning of a new year means to most of us the putting away of last year's records, and closing out the happenings of 1959. The same falls true in the field of television. This is the time of the year when TV decides to change around, put away old programs, add new programs and in general make up a new and better program which will please the listener. This is what the local stations are in the midst of doing now.

Programs on the Idle Hour Guide are subject to change without advance notice. Back from a nationwide TV tour for the new March of Dimes is the lovable Virginia Graham, who is a favorite of the Jack Paar Show, shown over WLW-C. Several people in the Ohio area who watched Miss Graham in her recent tour in Columbus were very much impressed by her sincerity in the benefit shows in which she has participated.

New program entertainment coming up on "4" in the future includes William Bendix, who will star as Kelly, superintendent of a stage line, in Overland Trail, a new one-hour Western series that will be shown on NBC in the future. During February and March professional basketball will be telecast both in black and white and color on Sunday afternoons.

The TV Guide Awards Show, featuring entertainment by top performers and spotlighting the results of a nationwide TV popularity poll will be presented on WLW-C, Friday, Mar. 25, at 9:30 p.m. Starting in February, Riverboat will move to Monday at 7:30 p.m. Also in the changes for this month will be Richard Diamond, Private Detective, who will replace Love and Marriage.

As of Feb. 1, Gene Fullen, well-known radio and TV figure in Ohio, assumed his new role as community relations director in charge of public service for WTVN-TV, Channel 6. In his new capacity, Gene will coordinate the public service program on the station and will act as liaison between Channel 6 and community organizations seeking free "public service time" as well as continuing his hosting role for the Hi-Fi Club and as disc jockey for WTVN Radio.

Prior to this position, Gene was promotion assistant in charge of "Exploitation."

During the Sundays of February, the popular Father Joseph F. Manton of the Redemptorist Fathers in Boston, returns to the Catholic Hour over "6" on the TV dial. He will carry a four-part series during this month entitled "Tapers of Truth." The Catholic Hour will be carried over WTVN, Sundays, at 12:30 p.m.

Behind the ABC-TV cameras on "The Bing Crosby Show," Monday, Feb. 29, 8:30-9:30 p.m., will be a creative crew headed by director-producer Nick Vanoff.

Vanoff, former dancer, was associate producer of the Steve Allen Show, and subsequently directed programs starring Dave King and Andy Williams.

As in past Crosby TV outings and recordings, music arrangements and conducting will be handled by Vic Schoen. Schoen, music director of the former ABC-TV "Patti Page Show," last season conducted for the Dave King show.

A pair of writers working with chief scrivener and executive producer Bill Morrow are commuting Canadians Frank Peppiatt and John Aylesworth. Peppiatt is an alumnus of the Steve Allen Show; his partner ditto of Hit Parade. Together they verbalized for an Andy Williams series.

Tom Hansen, dancer and choreographer, will have put Crosby and the Crosby boys (Phillip, Dennis, Lindsay) and guest star Perry Como through their pas-de-deux and pirouettes. Featured dancer Elaine Dunn, appearing in a routine with singer Sandy Stewart, will also reflect the Hansen technique.

"The Bing Crosby Show" will be sponsored by the Oldsmobile Division of General Motors Corporation, through D. P. Brother and Company, Detroit.

For those viewers equipped with UHF (Channel 34) the educational station, WOSU-TV, brings educational, movie, features and personal interest to people of all ages.

A program highlight for the youngsters is "What's New," telecast Monday through Friday at 5:30 p.m.

The Big Count, a TV network production, will show the changes in our way of life as they are mirrored in the U.S. census since its inception in 1790. This will be shown Thursday, Feb. 18.

Betty Jones Dies After Illness

Mrs. Betty Clatworthy, 32, 3900 Dublin-rd, well known local television personality died in University Hospital after being ill with a blood disease.

She is known better as Betty Jones around central Ohio. Miss Jones was the mistress of ceremonies of WBNS's "TV Kindergarten."

According to the attending physician of Miss Jones, her death was caused from a form of anemia.

It was only this week that Betty Jones was informed of an award for the best TV children's program in the Midwestern states. They announced the award early due to her failing health.

Television's 'Viking' Will Be At Hilliard

Jerome Courtland, star of television's "The Kikings," will be on hand to greet youngsters an Hilliard Junior High School Friday at 9 a.m.

Courtland will do a show for the youngsters and present a version of an upcoming "Vikings" episode. He will be dressed in full battle regalia, according to Principal William O'Hara.

Courtland's appearance is being sponsored by Dollar Federal Savings and Loan.

Four Appointed Deputy Sheriffs

Four new deputies have been named by Sheriff Stacy Hall.

They are Jack E. Coakley, 25, of 1316 Carolyn-av, formerly with the Ohio National Guard; Francis P. McGuire, 28, of 694 N. Hague-av, former Pinkerton detective; Albert E. Whipple, 27, of 1321 Clime-rd, former city water works employe, and Carl C. Conrad, 32, of 271 Dankurst-rd, former salesman.

Gun Collectors Bustin' Out All Ove

INSIDE ON THE Outdoors By ROD COCHRAN

One of the facinations of outdoor sports is that they offer plenty of opportunity for fringe hobbies.

There are fly tiers and boat builder's stamp collectors (wildlife subjects) and gun collectors, bird watchers and photographers. The variety of these activities seems to be endless. Gun collecting is picking up a lot of enthusiasts in central Ohio right now, according to William Brannan, 38 N. Haldy-av.

Brannan has been a member of the Ohio Gun Collectors Association for a couple of years now, and calls himself a beginning collector. New president of the gun organization is an area man, P. L. Shumaker, 393 E. Kanawha-av. The next meeting or show of the group is Feb. 27 and 28, at Veterans' Memorial, but is not open to the public. Non-members can gain entrance only with a member.

Many Collectors Specialize

Gun collectors, like everything else in our society, are pretty much categorized. Some of them, for instance, want to get their hand on Revoluntionary War weapons. The ancient flintlicks put a gleam in their eyes. Others deal in Civil War guns — the percussion weapons, also called cap and ball.

In addition to the era collectors, there are many other categories. Brannon is a Colt collector, which means he draws on a vast store of guns made from 1836 to the present. Best known of the Colts are the handguns, especially the single action six and Buntline special made famous by western outlaws and lawmen.

"Colt has made a number of other types of guns," said Brannan. "One of their most interesting enterprises was making lever-action rifles before 1900 which closely resembled a rifle being made by Winchester at the time. Winchester countered by making on handgun, a single-action revolver that looked just like Colt's gun. As soon as the Colt people saw this gun, a gentleman's agreement was reached. Colt would stop making lever-action rifles, and Winchester would ditch plans to make a revolver.

GUN FAN—William Brannan, 38 N. Haldy-av, displays some of his Colt collection. His custom-made holster carries a single-action revolver that could have been carried by a sheriff or train robber. The other Colt is a modern version of the Buntline special.

• • •

Colt Rifles Prized

"Only 2,000 of the Colt rifles were made. Consequently they are scarce and very desirable to collectors. Other Colt weapons are also rare. A Colt gattling gun chandged hands recently. Most collectors, however, must deal in Colt hand guns."

• • •

William Brannan has nine Colts in his young collection. One is an interesting gun, since it was made for rim-fire cartridges. These were manufactured during the transition period from cap and ball to center-fire cartridges. This particular Colt has pearl handles. By sending the serial number to the Colt Company, Brannan was able to determine the exact date of production and where it was first sold. It was sent to a store in Cincinnati. A firt at the Colt plant many years ago destroyed most records, but Brannan was lucky enough to get the full history on this gun.

Brannan is proud of some pieces in his collection that are not of Colt manufacture. His pride is a Kentucky long rifle with a full stock. It was made in Pennsylvania about 12 ago.

Firearms have alway important to American people won their freedo their guns and their Their guns fed an clothe The right to own and be is part of our priceles tage. The fascination collecting is the saving link in our country's hi

LETTERS TO THE EDITOR:

Newspaper Is Aid In 'Tots' Drive

In reviewing the year of 1959 the Marines' fondest remembrance is that of "Toys for Tots" and the many thousands of less fortunate children in Franklin County who were not forgotten at Christmas due to this program.

The success of the 1959 "Toys for Tots" program was made possible by your valuable assistance and by the many others who helped us.

We wish to take this opportunity to thank you for your participation and to let you know that your contribution was instrumental to the success of this program.

The Marine Corps Reserves in Franklin County plan to hold a similar 1960 "Toys for Tots" program and your assistance will be greatly appreciated.

LETTERS TO THE EDITOR:

Newspaper Is Aid In 'Tots' Drive

In reviewing the year of 1959 the Marines' fondest remembrance is that of "Toys for Tots" and the many thousands of less fortunate children in Franklin County who were not forgotten at Christmas due to this program.

The success of the 1959 "Toys for Tots" program was made possible by your valuable assistance and by the many others who helped us.

We wish to take this opportunity to thank you for your participation and to let you know that your contribution was instrumental to the success of this program.

The Marine Corps Reserves in Franklin County plan to hold a similar 1960 "Toys for Tots" program and your assistance will be greatly appreciated.

George W. Campbell

Rams Hit Tournament Trail

Marion Franklin Will Seek Second Straight At Eastmoor

St. Mary's rounds out its regular season this weekend and starts the trek down tournament trail while the area's two City League teams prepare for more conference action.

The Ramblers play twice this weekend at Academy in their County League finisher Friday and at Aquinas Saturday. South plays a lone Saturday tilt, hosting Lancaster, and Marion-Franklin plays Friday at Eastmoor.

St. Mary's will compete in the Franklin County tournament which will open Monday evening at Otterbein College in Westerville. Some nine teams will compete in the event this year.

They include Dublin, New Albany, Reynoldsburg, Academy, Canal Winchester, Rosary, Hamilton Township and University.

Most cage observers class the event as a toss-up, especially after St. Mary's mopped up on league-leading Rosary last week for the second time this season.

Following the Monday tilt, the tourney will reconvene Tuesday, Thursday and Friday.

Big news at South High School this week is the visit of Lancaster's Golden Gales. Led by 6-10, 200-pound Don Cox at center, the Gales post a respectable record over the season.

The Pups are now launching their tournament drive after adjusting from the loss of Al Wilson, sidelined with low grades. Wilson's spot has been taken over by Mitchell Swain, a transfer from East.

Marion, which shattered a 12-game losing streak against Aquinas in a sudden-death overtime last week, will be out to extend its streak at Eastmoor. The Red Devils downed the same Eastmoor team earlier this season.

Barrett Cagers Take Eastmoor By 61-27 Score

Barrett Junior High School and Eastmoor High School went 'round and 'round in a basketball game on Barrett's floor, Tuesday, Feb. 2, and Barrett won by a final score of 61 to 27.

Barrett's Ron McDaniel was highest score man for the game with 22 points; Fred McGhee was second with 15 points.

It was a team victory for Barrett. Defense was good; floor work and ball handling were good. There was a difference in average size of players which favored Barrett.

Barrett's next game is scheduled with Johnson Park at Johnson Park on Tuesday, Feb. 9, followed on Tuesday, Feb. 16 by the final game of the season with Franklin, on their floor.

Deshler Upsets Livingston Cagers To An 11-6 Score

The Gra-Y League of the South Side Branch YMCA entered the 2nd half of the season at Schiller Park on Feb. 9. In the Tuesday night league the Deshler Panthers, Deshler Yellow Jackets and Livingston Globetrotters are leading the pack. In the Thursday night league the leaders are: Beck Pirates, Seibert Sputnicks and Reeb Rebels.

Tuesday, Feb. 2, a fine team effort by the Deshler Yellow Jackets set the stage for the biggest upset of the 1960 season. A scrappy Livingston Globetrotters team, led by Charles McKee, just didn't have enough gas and went down in defeat, the Yellow Jackets 11—Livingston Globetrotters 6.

In the second game of the evening Milburn inspired the Deshler Panthers to a 13-6 victory over the Livingston Steelers. Marty Komives and Paul Howell overcame fine performance by Danny Stone and Ken-Rocketeers won over the Lincoln Park Starlets 12-10.

The Lincoln Park Grays avenged the loss of their brother by defeating the Southwood Deacon Deamons 8-6. Victor Brown was high point man for Lincoln and John Abahazee tossed in the most points for Southwood.

Thursday, Feb. 4, the Beck Pirates showed no sign of letting up as they downed a good Stewart Bulldog team 15-12. James Burton and Jerry Reeder shared honors for Beck and Eddie Speakmon was Stewart's sparkplug.

A newcomer to the Reeb Rebels starting five seemed to be the spark needed as Gregory Moore furnished heighth and points in downing a well balanced Heyl Warriors team 17-15. The Heyl Eagles, led by Wharton, didn't suffer any scorpion bites Thursday night as they defeated the Siebert Scorpions 10-0.

Mark Richard got the Siebert Sputnicks airborn in the second half and they won over the Heyl Buckeyes 7-4.

Bucs Bump Bulldog Five In City Fray

With Jim Gunnell back in the Pirate fold after sitting out the first semester because of scholastic troubles, Central rolled to an 81-72 decision over South at the Buc court Friday night.

Gunnell, with 20 points, more than counterbalanced Central's new star, Mitchell Swain, who potted 14 in his first game as a Bulldog after being transferred from Columbus East.

Swain lost high point honors to Gene Harper, who netted 15 for the Pups. Glen Reeves led Central with 25 counters.

Rams Upset Loop Leading Crusaders

St. Mary broke even in two games last week, dropping a non-league fray to Hamilton Township in a nip-and-tuck 58-57 affair and upsetting Rosary, 54-48.

The win over Rosary, currently leading the league, gave the Ramblers plenty of prestige heading into the annual county tournament.

Co-captain Ken Sauer and Mike Tanner were the big guns for the Saints in the Rosary game, netting 19 and 12 points respectively.

Fort Worth, Tex.—Embarrassed Texas state police had to ask for help from Fort Worth police. The occasion was the theft of $28 in drivers' license fees from the office of the highway patrol.

What Is A Republican? What Is A Democrat?

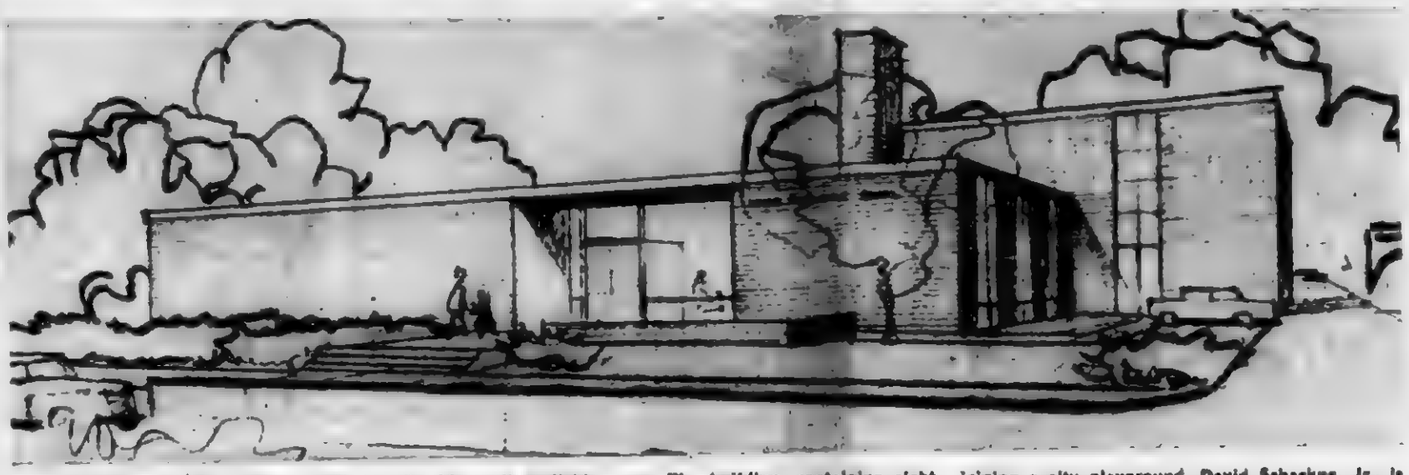
We have yet to find anyone willing to stand up for the actions of our Columbus City Council during the past two or three weeks.

After an episode that will mark them for a considerable time both sides have come to a settlement but one that reflects no particular glory, for either of the parties or the individuals.

The Columbus City Council is supposed to be a non-partisan body. But on this and all other matters for quite some time they have gone straight down the line according to their party labels.

Party labels in this case however, mean but one thing . . . they are either controlled by the Republican chairman, Mr. Schneider or the Democrat chairman, Mr. Heer. This was evident in the recent horsetrading for the council vacancy.

People of Columbus should be near the place where they will inject themselves into some kind of a program that will make it possible to break up this control of our city government by two individuals.



All the local Democrats and all the local Republicans we know look alike, act alike, are alike. They are different in no manner. Let's throw out this party label and start thinking along the lines of what is good for Columbus rather than what is good for one or the other of the party bosses!

The Gay Philosopher Says: "The only thing that gives you more for your money each year is the penny scale at the drug store."

PROPOSED KENT SCHOOL — Called an "architectural answer to a small space problem," the new Kent School is uniquely designed to utilize all available room. The building, containing eight classrooms and multi-purpose room, will be built on a limited site west of Kelton-av on Kent-st, adjoining a city playground. David Schackne, Jr., is the architect.

CSSO Plans Annual Fete

Harry Sells will again serve as general chairman for the forthcoming South Side Community Night at Jet Stadium under sponsorship of the Council of South Side Organizations.

Howard Henry reported at the Feb. 11 meeting that the highlight of the annual affair will be a baseball game between the Columbus Jets and Rochester Red Wings Friday, June 10.

It was requested by the Council of South Side Organizations to declare June 10 a club "holiday" with no meetings or social affairs scheduled.

Also in conjunction with the baseball game will be a clinic in baseball featuring the Columbus Jet Baseball players. This is yet in the planning stage. The council feels that this will be a great thing for the youth of the South Side and will help stir interest in the community night festivities.

Reports on Letter

Council also reported on the letter that was sent to the City Planning Commission. This letter was in reference to the "junk yards" conditions in the South Side. Members of the council contacted Roger Swaney, publicity chairman for the CSSO and Editor of the South Side Leader to express their hope in producing pictures of several of these conditions.

Council also passed that a letter be sent to members of the Columbus City Council expressing the complete satisfaction of having the Recreation Commission continue as the governing body of the City Recreation Department and is against the proposed change.

Members of the CSSO commended Ray Dietz, Director of Columbus Division of Parks and Forestry, for the new metal roof that was recently put on the Lincoln Park Shelter House. Dietz is making a big effort to provide more and better recreational and park areas in the city.

Fund Lagging

Still lagging in the CSSO meetings is the William Lucks Memorial Fund. This fund has been laying dormant on the YMCA fund books for several years with no definite decision as to whate use should be made of it. The fund, in the amount of $141 is earmarked for the South Side YMCA Park as a memorial to William Lucks.

New business brought up at the council meeting was the planning of the Community Pre-Lenten Service to be held at South High School at 8 p.m. Wednesday, Feb. 24. Rev. Duffy extended an invitation to all to attend the pre-Lenten program that is being sponsored by the South Side Ministerial Association.

Also highlighting new business was the approval of a letter to be sent to the Board of Health reporting on the unsanitary condition of buildings on Goethe-st (first alley west of Parsons-av) between Woodrow-av and Hosack-st.

The next Council of South Side Organizations meeting will be the executive meeting to be held on Feb. 25 at the South Side Branch YMCA at 7:30 p.m. The next regular meeting will be Mar. 20.

South Side Churches Plan Annual Pre-Lenten Service

Plans were completed Tuesday for the annual Community Pre-Lenten service this year to be held at South High School, Wednesday, Feb. 24, at 8 p.m.

More than 20 South Side churches will be participating in this community affair. This program is under the auspices of the South Side Ministerial Association, South Side Branch YMCA, South Side Junior and Senior High Schools and the South Side Leader.

Dr. Floyd Faust, minister of the Broad Street Christian Church, will be the evening speaker. He will use the topic "The Meaning of the Cross" as his theme for the evening. Other ministers on the program schedule include Rev. William Snider, general chairman for the Pre-Lenten service. He is pastor of South High EUB Church. Rev. Robert Streaty of St. Clair Chapel Methodist Church will offer the scripture, and Rev. William Roberts of Hope EUB Church will lead the mass congregation in prayer.

Making up the musical part of the program will be the combined voices of Barrett, Beery and Roosevelt Junior High Schools' Chorus under the direction of E. C. Schick.

A mass formation of all the Junior and Senior High School Choruses will be directed by Kenneth R. Keller with guest soloist Laverne Warner and accompanied by Mrs. Carolyn Bigner, organ.

Local Hospital Given Check-up By Specialists

A two-month study is being conducted by the Booz, Allen and Hamilton Management Consultants of Chicago at Children's Hospital. The study is made to make sure that children at the hospital receive the highest level of medical care available in the most economical manner. The test is expected to be completed in April.

The study has been authorized by the Children's Hospital Board of Trustees in anticipation of the 180 bed addition completion early this spring.

The consultants will try to solve the question: "Are total results worth the total costs?"

Moose Unit Will Present Dinners

The Women of the Moose Chapter 206 announces dinner affairs will be held on Feb. 19 and 24.

The library and Moosehaven committees will meet on Feb. 19 at the home of Senior Regent Mabel Gregory, 3045 Janwood-dr. A spaghetti dinner will be served.

The social service committee will sponsor a dinner on Feb. 24. Nellie Huber and her committee will serve a turkey dinner. The cost will be $1 for adults and 50 cents for children. Proceeds will be used for the social service committee work.

District Plan Best For Columbus, Draper Says

Dividing Columbus into five districts and electing a representative from each to City Council, as well as four others to serve "at large," would provide Columbus with a vastly improved government, Judge Robert Draper of Common Pleas Court said in a speech Tuesday.

A member of the Charter Revision Committee, Judge Draper said that many of the group favored the plan, but that at the time of its dissolution the necessary legal description of the various areas had not been received from the City Engineering Department.

Roughly, he said, these districts would be the West Side, South Side, East Side, North Side and Linden. A representative from each of these areas, as well as four "at large" members would form City Council.

Close to People

"We have better government when it is close to the people. The representative of a district would naturally have a much better understanding of the problems which exist in his own neighborhood and would be held accountable for actions in Council by his constituency," the speaker said.

"Beautiful schools, bumming factories and stately office buildings are important only as they are used by the people. It's the people of Columbus—not marble palaces — to whom we must cater if we are to have a better Columbus. It's they who rate top priority, and I believe they can best be served by the district plan which the Charter Revision Committee has studied," he averred.

It was pointed out by the speaker that the four "at large" Council members would provide balance and prevent some of the ills which have often been associated with ward government in some of the larger municipalities of the country.

Urges Consolidation

Discussing other phases of the Charter Revision Committee's work, Judge Draper said that the group had recommended the establishment of a Department of Finance, Department of Personnel, Department of Planning, and a consolidation of some of the activities of the Recreation Department and the Department of Parks and Playgrounds. Petitions in the future, the committee recommended, should contain the signatures of a minimum of 5 percent of the registered voters, not of the eligible voters, as the law now reads.

Ramblers Get Two On Stars

Two St. Mary cagers were placed on the Franklin County All-League team when loop coaches made their selections last week.

ONLY WEEK LEFT

James Wagner Joins Best Citizen Nominees

With less than a week remaining to nominate outstanding citizens for the South Side Leader's "Best Citizen" award, another name has been placed in consideration.

He is James L. Wagner, associate secretary of the South Side YMCA, who was nominated for the outstanding work he has performed in the South-East area of Columbus.

His name joins those of Miss Ruth Storch, 780 Stone-av, and the Right Rev. Monsignor Edmund A. Burkley, pastor of St. Mary's Catholic Church, who were nominated last week.

Additional nominations are still being sought from any civic group, service club or individual in the South Side who feels he knows someone deserving of the title "Best Citizen."

Deadline for making nominations for the award is Feb. 22. Any man or woman living in the South Side is eligible to receive the distinction, based on his or her contribution to the community in 1959.

Letters of nomination should contain reasons why the nominee should be awarded the "Best Citizen" honor based upon the person's contribution to the community through his work, his voluntary service or other outstanding achievement.

School Bid, Repairing Set In Area

Columbus Board of Education Tuesday set a Mar. 17 deadline on bids for two elementary school buildings on the South Side, and approved plans for remodeling five existing area schools.

All projects will be completed in time for September enrollment.

Drawings were approved for Kent School to be built half a block west of Kelton on Kent-st. The building will contain eight classrooms and a multi-purpose room.

Parsons Elementary is planned for construction on a site between High and Parsons, just north of Williams-rd, at the dead end of Lee Ellen-pl.

Bids were asked for ten classrooms and a multi-purpose room and alternate bids for two additional classrooms. Size of the building will be determined by bids.

Jury Trial Sought

Plans for the school's construction are proceeding although a condemnation action is still pending on the site. The city attorney was asked by the board Tuesday to impanel a jury to hear the case in the Court of Common Pleas.

Through its right of eminent domain, the board has declared the property necessary for public use, and has proceeded through the necessary legal steps to acquire the land.

Third and final step in the procedure is the request for a jury to decide upon a fair price.

Construction on the building must be underway by Apr. 1 to assure its completion in time for September enrollment.

Remodeling Planned

South High School is slated for a substantial remodeling program, including lunchroom and kitchen, with new furniture and equipment; improved science facilities in physics, chemistry and biology; general improvements in lighting.

Remodeling in home economics and industrial arts departments, administrative offices, gym and locker rooms, and acoustical treatment in the auditorium.

Some blacktopping and new sidewalks will also be installed.

Minor remodeling is planned at Barrett Junior High School, and at Reeb, Fulton and Main Elementaries.

Friends may contribute, if they wish, for a memorial to Mrs. Anspach to be placed at First English Lutheran Church, E. Main and 22nd-sts, here in Columbus. This church was Pastor Anspach's parish while located in Columbus.

He also said that he had learned about a discussion of locating a new wholesale produce terminal north of Spruce-st in an area that was formerly used as a Pullman car service unit.

Local Altar Rosary Society Plans Annual Fish Dinner

Members of the St. Ladislas Altar Rosary Society are almost up to FD-Day today, for tomorrow is the date of their annual Fish Dinner, to be held in the church's dining room. Mrs. Robert W. Smith, publicity chairman, sent us word that the complete menu will be this: Fried fish, scalloped potatoes, green beans, salad, apple cake and coffee. The meals will be served from 5 to 8 p.m. Cost to adults is $1.25, but we don't know the price of children's servings. Carry-out service and free baby-sitting services are available. For those unfamiliar with the location of St. Ladislas Church, it is at 277 Reeb-av.

PEBS Chapter 2 will meet Tuesday, Feb. 23, in the home of Mrs. Walter Miller, 1400 S. Sixth-st. Members are reminded that this will be an evening meeting, instead of a noon meeting. Mrs. Norman Heiser will assist the hostess.

The Golden Age Club of Schiller Park met this past Tuesday for a chili dinner. A Valentine party followed the business session.

Birthdays are the main source of conversation for these area youngsters this week: Beth Listz, Feb. 20; Charlotte Kirk, Feb. 19; Gary Blackburn, Feb. 17; Arthur Hayes, Feb. 19; Richard Oxley, Feb. 17; Michael Thompson, Feb. 18; Elmer Mills, Feb. 24; Judy Coleman, Feb. 22; John Moore, Feb. 22; Marsha Keeran, Feb. 18; Harry Doughty, Feb. 19; Paula Knepper, Feb. 20; Martin Mitchell, Feb. 22; Vicki Colmery, Feb. 24; Barbara Fischer, Feb. 18; Carolyn Scheiderer, Feb. 16.

Hoping our readers will "brighten the corner where they are," as they always do, we have another appeal for a card shower, this time for a young girl in University Hospital. Carolyn Sue Stoner is the young 16-year-old who has had a rheumatic heart condition with complications, and now faces two operations. Carolyn Sue will be 17 on Feb. 21 (this Sunday) and is in a strange city, so faces a lonely natal day. Due to her damaged heart she has been deprived of so many of the activities in which teenagers engage. She has been growing steadily weaker and is getting depressed about the situation. Her ambition is to be teacher some day, as was her deceased father. Perhaps some cheery cards at this time of her life might give her an added incentive to regain hope. Carolyn Sue is in Room 939 at University; Her home is in Celina.

Notes from Moose Hall: On Friday, Feb. 19, the Library and Moosehaven Committees will hold a joint meeting in the home of the senior regent, Mabel Gregory, who lives at 3045 Janwood-dr. A spaghetti dinner will be held in conjunction with the meeting. The committee chairmen are Faun Johnson and Ida Wharton, of Library and Moosehaven respectively. The weekly dinner at the hall, 36 W. Sycamore-st, will next be held on Wednesday, Feb. 24, from 5 to 7 p.m. The social service chairman, Nellie Huber, and her committee have chosen to serve a turkey dinner, with dressing, mashed potatoes, salad, coffee and peaches. Cost of the dinner is $1 for adults and 50c for children.

The basketball season is nearly over, and ye Gadabout grows a little dim-eyed. For six years we've had a "personal" reason for finding this our favorite sport, the reason being one 6 foot 6 inch lad who is one of our "prides and joys". Soon he will doff his collegiate basketball togs for good, and another phase of his life will have passed. Oh well, here's the schedule for the two schools closest to the writer's heart, South and Cap. South has our best wishes when the West High Cowboys cross town to South's court, Friday, Feb. 19. The next night, the 20th, South's team will visit St. Charles. The last two games are home stands for Cap, on Saturday, Feb. 20, and Tuesday, Feb. 23. (An added thought anent sports: A book could be written about how a mother feels watching her son perform, especially away from home. It "jest ain't" ladylike, some of the murderous thoughts a mom can get when hearing some little derisive thing said at such a time, or how glowing when a nice remark is overheard. It's fun, and we wouldn't have missed it for the world.)

The Columbus section of the Colegrove family were able to see the youngest member of the clan for the first time not so long ago. The daughter-in-law, granddaughter and her husband and their two little ones drove to Columbus from New Jersey for a family get-together earlier in the month. The young family then returned home, while Mrs. Colegrove was the guest of Mr. and Mrs. James Colegrove, 1077 Bruck-st, until her husband returned from a business trip. The twosome flew to New Jersey last week.

We've had no late reports on the condition of Clara Smith, 744 Jaeger-st, who has been critically ill in Mercy Hospital. Other ailing members of the community are Clarence (Bud) Tope, who underwent an emergency appendectomy in Doctors Hospital, and Ray Sasser, also a patient in Mercy Hospital.

Little ones who will have February birthdays from now on are the wee ones of Mr. and Mrs. Gene Tope and Mr. and Mrs. Raymond Mincer. Carla is the name chosen for the Tope girl, but we're sorry we don't know Master Mincer's first name.

Mrs. Walter Smith was a Columbus visitor last weekend. (South High School classmates of Mrs. Smith might recognize her more readily as Edna Ann Baughman.)

Adult birthdays we know about: Carolyn Rohr, Feb. 19; Joyce Kavanaugh, Feb. 20; Kathryn Gregory, Feb. 22.

Steve Miller, a June '59 South High grad, was a Columbus visitor, on navy leave prior to embarking on a tour of duty in Hawaii.

The wedding of Phyllis Smith and Jim Wycoff last weekend brought Jim's Michigan family to Columbus. Former Columbusites Jane Johnson and Judy Smith had no time to visit their former friends and neighbors, but used a telephone to say their "howdies." (The Smiths, Judy and Roger, are parents of a new boy, Kenneth Lee, born this past December. Roger Wycoff, brother of Judy and Jim, also has a new little one, born last week. The Smiths now have three little ones; the Roger Wycoffs have two tax exemptions.)

Mrs. George Maurer is general chairman of the St. Mary's Style Show and Card Party to be held in the school gym Tuesday, Mar. 1, at 8 p.m. The affair is being sponsored by the PTA. Spring and summer fashions will be featured. Mrs. Charles Liddil and Mrs. Peter Massara are in charge of ticket sales.

BIBLE COMMENT:

Paul Great Salesman Of New Life

Among Christian missionaries, the name of the apostle Paul stands out.

His faith and example have been an inspiration to the many who have followed in his footsteps. Without disrespect to the man Paul, one can say that he was perhaps the greatest salesman of all time.

He had the salesman's profound faith in what he had to sell or give (in this case, salvation, and the new life in Christ). He had the salesman's determination to allow no opportunity to be missed. He had the passion for conquering unlimited fields that had never been reached.

Call it selling the Gospel, or Christian propagandism. Call it what you will. Paul was a supreme master of the art of winning and conquering others for what he had to give.

Missionary zeal like Paul's has known no denominational bounds. In modern times, Roman Catholic missionaries have carried on an amazing courage and devotion—from St. Francis Xavier and the Jesuit missionaries in early North America to the Maryknoll missionaries who in our age have suffered persecution and martyrdom in China.

Protestantism, in major denominations and in almost every sectional branch, has had its missionaries, many of great distinction, but many with equal zeal working in obscurity, well known to God.

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Vegetables — Dry onions, carrots, cabbage, broccoli, celery, escarole.

Fruits — Grapefruit, oranges, apples, cranberries, avocados.

Other Foods—Pork loins, Boston butts, ham, bacon large eggs, ice cream.

Social Outcast or Chef's Delight

For centuries, onions have managed to hold a place in the food spotlight. There are frequent references to them in ancient literature. Early Egyptian pyramid builders went on strike a thousand years ago . . . not because of money or working hours or retirement benefits, but because they were not getting enough onions!

Large Supplies—Today's use of the onion is mainly for food supply and to add zest to the meal. Last fall's crop of dry onions was unusually large (about 11% above average), providing each of us in the U.S. a supply of more than 10 pounds of onions this winter. That's why dry onions today are on best buys listing.

Some Like 'Em Hot—Dry onions are the most important member commercially. They come in many colors and shapes. One classification often used is mild and strong.

Mild—The earlier varieties are usually mild varieties. In general, the Spanish type onions such as Spanish and Bermudas are mild in flavor.

Strong—The domestic type onions (Globe varieties) are strong flavored.

The dark colored onions—reds, browns and yellows—usually have strong flavor; the whites are mild. The only yellow variety considered mild is the sweet Spanish.

Onion Flavorings

Onion powder—dehydrated, ground onion. One teaspoon equals one medium sized onion.

Onion salt—a mixture of onion powder, salt, and a preservative. If you use onion salt, cut down on other salt.

Onion juice—also contains salt and a preservative.

Onion flakes—dehydrated onions for use in place of chopped onions. One tablespoon equals one-fourth chopped onion in flavoring power.

Onion hints—(1) peel under running water to prevent tears. (2) If you are preparing a large amount at once, try soaking them a few minutes in hot water. This softens the brittle skin so it peels off easily and in one piece. (3) Remove onion odors from a knife by running the knife through a raw potato. (4) Rubbing celery salt on your hands helps remove onion odors.

Onions Dress Up a Meal—Try serving boiled onions with a little seasoned cream, or butter, or a cream sauce. Add a little diced, crisp bacon or minced ham. You'll like a portion of tangy cheese with the cream sauce, or sprinkle a little grated cheese over the creamed onions.

THE NEW POTATO

Preservation of potatoes is now new. Processes have been developed which offer potatoes in compact, easy-to-store, and convenient-to-use forms. Some are familiar to you, some are not so well known and reached our food stores within the last few weeks.

New products are: **Canned Au Gratin** potatoes packed in one pound cans; **Dehydrated Slices and Diced** potatoes in 8-ounce packages; **Frozen Baked Stuffed** potatoes now available in some stores.

Area leaders selected will be in charge of a campaign aimed at providing funds for support of 63 organizations giving health, family welfare and youth services to people of the community.

Cleveland Orchestra Plans Debut At Vets Memorial

Third of this season's visiting symphony orchestras to be presented by the Symphony Club of Central Ohio is the Cleveland Orchestra conducted by George Szell. It will be heard in veterans' Memorial, Columbus, on Monday evening, Feb. 29, at 8:30. Solo pianist will be a brilliant newcomer, Theodore Lettvin.

Mrs. Szell has chosen an all-Beethoven program for the occasion, consisting of the Overture to "Egmont," the Piano Concerto No. 3, and the Fifth Symphony.

For the past three years the Cleveland Orchestra has scheduled a series of three concerts in Carnegie Hall, where, with audiences and critics, it can brave comparison with New York's own Philharmonic, as well as visiting orchestras from Philadelphia, Boston and elsewhere. How it has withstood the competition is summed up in the words of the New York Times—"one of the world's very great orchestras." During a European tour two summers ago, critics in London, Paris and other capitals were equally enthusiastic.

Tickets for the Symphony Club's concert are at Summers' Music Store, 114 E. Broad-st, and at Zeisler's in the Lane Shopping Center.

A scholarship award of $2,500 to an outstanding Ohio high school graduate for the study of architecture has been announced by the Architects Society of Ohio of the American Institute of Architects. The award, for study at one of the six architectural colleges in Ohio, will be paid over a five year period. The yearly grant is $500, dependent on satisfactory completion of the previous year's work.

Schools in Ohio offering courses leading to a degree in architecture are Kent, Ohio State, Ohio University, Western Reserve, Miami and the University of Cincinnati.

Basis for selection as award winner is interest in architecture, scholastic record and financial need. A candidate will be selected from the Columbus area, with the winner being selected from six AIA Chapter finalists in April.

Applications may be secured by writing to the Architects Society of Ohio, 5 East Long-st, Columbus 15, and must be submitted before March, 1960.

Crandall Backs Call For State Education Conference

An official of the Ohio School Boards Association has stated that the organization will begin immediate action to set into motion a second State House Conference on Education.

Clyde Crandall, OSBA President, quickly accepted a request made Feb. 8 by the State Board of Education that the school boards association initiate such a conference.

Speaking for the OSBA Board of Trustees, Crandall stated, "Ohio schools need the public interest and active support that only this type of lay involvement can generate. Public education in Ohio is administered by the local subdivisions, but its problems and needs must be viewed from a statewide angle."

A State House Conference on Education was first presented in 1958 under the same stewardship and surpassed their hopes in size of attendance. Some 4,000 lay people from over the state came to Columbus to study and discuss the needs of public education in Ohio. OSBA President Crandall states that an overwhelming number of newly-elected board members attribute their decision to become board candidates to participation in the 1958 meeting.

Urges Long View

The association envisions much the same format for the Conference: election of delegates from the individual communities, meetings of interested citizens at the local conference and another statewide assembly of delegates at Columbus in the latter part of 1960 or January, 1961.

Crandall expressed the hope that the coming State House Conference might take a broad view of the needs of public education in Ohio from the kindergarten through the graduate schools of the universities. Public schools are depending on the state universities for an increasing number of teachers. More and more young people are knocking at the college and university doors for admission. Support of higher education must be considered a part of the total education needs of the state.

Preliminary discussion with the regional officers of the Association indicated the possibility of kicking off the 1960 conferences through five mass meetings held at the state universities late in April.

Final plans for the conference will be determined by a statewide committee representing all organizations and agencies interested in public education.

Ask Good Out Of Television

There's still no silence since Hartley Newspapers first asked for letters protesting the current presentation of crime and sex on television and at movie theaters.

These letters are from people who feel that there are too many killings and a disregard of moral principals in the presentation of sex.

Other readers who have definite ideas about this subject are requested to write a letter to this newspaper and let their stand be known. Following are the letters received on the issue this week:

• • •

Dear Editor:

Since television is such a wonderful invention, I can not understand why the television producers spend so much time and money to present some of the awful programs that are shown.

So much good could be accomplished thru this medium if the proper programs were presented.

Why can't we have more stories based on lives of really good people? And less about criminals. Why not more programs showing hobbies for young and old? And less about the sinful accomplishments of wicked persons.

I would like to see more travel pictures showing the beauties of our country and less showing half-clad beauties of the movies.

Why can't television be used more to instruct, as well as to entertain.

None of us are too old nor too young to improve ourselves. Television could be a wonderful means of obtaining this improvement in our lives. This could be done in an entertaining manner if the public would demand it.

—Dorothy Bighouse
1416 S. Ohio-av.

Personally, I think there are too many women on television, in the movies and magazines, who will do most anything to attract attention.

In doing this, the majority seem to be using their bodies instead of their brains. The movies seem to be out doing the television, but just give television a little time, especially if there aren't too many objecting.

During one program it was quite laughable and at the same time quite provoking, when a dancing girl was whirled by this young boy into the air. Her full skirt covered his face, and when he was seen again he was crossing his eyes.

I thought some of the men would have a fit about Elvis Presley and Liberace — and just think — they were properly clothed. Although, I'm sure that some of the women will not like to read this, nevertheless. I think that men have more decency than we women.

— Name withheld by request

Dear Editor.

I wish to add my voice to those who are protesting about too many western (shooting) programs on TV.

Too many are not good for adults and most certainly not for our children.

—Mrs. Carl Wetzler
549 S. Burgress-av.

Judge: "Have you any one in this court who will vouch for your character?"

Defendant: "I have, your honor—the sheriff over there."

Sheriff: "Why, your honor, I don't even know the man."

Defendant: "There you are judge. I've lived in this county more than 10 years, and the sheriff doesn't know me yet. What better character witness do you want?"

Karl Richter To Appear At Mershon

Karl Richter, famed organist, will appear in the "Celebrity Series" at Ohio State University Mershon Auditorium Wednesday, Feb. 24, at 8 p.m.

Reserve seat tickets can be obtained by contacting the theatre office at the Mershon Auditorium.

Richter received part of his fame from the St. Marcus Lutheran Church in Munich, Germany.

A feature of this program will be improvised on a theme provided him on the evening of the program.

Goodwill Sunday Planned Feb. 21

Many churches in Madison County will join in observing Goodwill Sunday, next Sunday, Feb. 21.

A Goodwill truck makes stops in West Jefferson and London on the first Friday of each month.

Persons having used clothing, furniture or appliances which they no longer want, may have the truck stop at their homes for pick-ups by informing William Henry of London, or Mrs. J. C. Kile in West Jefferson.

Usable discards will go to the Goodwill Industries workshop, where they will help to provide 250 handicapped men and women with training, rehabilitation and employment.

Planners Aim At Halting Lot Flooding

The City Planning Commission is now collecting data which it is hoped will help solve the problem of flooded lots throughout the city.

City Planning Director Jack Bachtel said it was pointed out at the commission's meeting that some subdividers do not provide for proper drainage when neighboring lots are different levels or when lots are lower than adjoining streets.

The commission has ordered its staff to prepare a new city ordinance to require good drainage.

Bachtel said several weeks will be required to collect data for study on the commission. Next general meeting of the commission will be held Mar. 8.

Symphony Fund Drive Underway

Columbus Symphony Orchestra is currently engaged in its annual maintenance fund drive. Goal this year is $40,000.

Eleanor A. Gelpi, president of the orchestra, summed up the reason for a maintenance fund drive as: There is not a symphony orchestra in the country that can exist on what it takes in at the box office alone. To keep ticket prices within the reach of all, seats are priced at less than half the actual cost of producing each performance."

Contributions may be sent to the Columbus Symphony, 55 E. State-st.

11th Loop Loss Marion Handed

Eastmoor jumped on top of Marion-Franklin for an 11-point first quarter lead and went on to hand the Red Devils their ninth loss in 11 City League games Friday night on the Ram court, 66-40.

Eastmoor was able to halt the Devils without a single cager scoring in the double figures. Larry Crabtree was tops for the losers with nine counters.

After leading 17-6 at the end of the first stanza, Eastmoor piled up a 30-12 second quarter edge and held a 49-27 margin as the final period got underway.

Governor Promises Better Mental Hospitals

DiSalle Says Job Possible; Put House In Order First

Editor's Note: This is the second of a series of articles about the state's mental hospital system prepared by Bill Rush, managing editor of Hartley Newspapers.

Since Governor Disalle's brusque attack against policies of the state mental health system started last year, much has been said both pro and con about the program.

The governor, obviously irritated and actually nauseated once at what he saw and smelled, has promised not to rest "until every state mental institution is as clean as a private hospital."

Although the governor has not yet formulated his complete program, certain steps in preparation for his reforms have already been taken.

This includes an inventory of the persons in the institutions; a personal effort to induce more doctors and other personnel to enter the state system; and a medical program to run side-by-side with the mental program.

O'Neill Picked Haines

Of obvious distate to the governor must be the fact that Dr. Robert Haines, director of the state's Department of Mental Health and Correction, is out of his reach.

When the Ohio General Assembly revamped the state's mental health system in 1957, Dr. Haines was appointed by Republican Governor William O'Neill to a six-year term as director of the department.

This took the mental health program out of some of the political bearing which was criticised as definitely detrimental to a long-range improvement program.

While the governor still maintains that the program should be kept out of politics, he insists that responsibility for the department rests "in the governor's office."

Defenders of the existing program point to lack of funds as a main drawback to improving the system.

Organization Hit

Jay Collins, in his report to the governor, contended as his overall conclusion that while additional funds are needed, Ohio mental hospitals are not doing the job which could be done with the resources available.

"There was no doubt in my mind but that throughout the state there was improper organization, inadequate programming, poor utilization of personnel, and almost universal ignoring of training needs, and widespread lack of concern for the patient as an individual," Collins reported.

He points out that two-thirds of the problems which he encountered could be solved with little or no additional funds.

Commenting on the direction of the program, Collins added:

Analysis Given

"Certainly the report did blame leadership for the deficiencies existing, but its purpose was not to point a finger, but was to provide an analysis of what was wrong and a program for what to do about the inadequacies."

As for the employes of the institutions, Collins said most are trying to do a good job and will succeed "when they are supplied with the proper direction."

More money will eventually be needed to implement all measures of his report, Collins admits, "but the hospitals must first put their house in order."

Summing up his findings, Collins concluded:

"I have no doubt but that in many, many ways patients are getting better care in the hospitals today than they were one year ago. The final outcome will be a program that will cause us to feel no shame.

"I have not one iota of doubt that our governor will continue to move forward relentlessly, for the sincerity of his conviction that a better job must be done is unquestionable.

"I will continue to fulfill my role as long as there is need for my services, for like Governor DiSalle, I know that the job needs to be done and 'can' be done."

Beck Cagers Bow To Heyl By One Point

"Who's going to stop Deshler?" was the question being asked by the Gra-Y Leaguers this week, after Beck fell victim to the Heyl Buckeyes. The leading scorer in the Tuesday League is Charles McKee of the Livingston Globetrotters with 33 points. Thursday's leading man is Eddie Speakman of Stewart Bulldogs with 33 points.

Tuesday, Feb. 9: The Livingston Steelers overcame a first half lead by the Lincoln Park Scarlets and bounced out on top by a 12 to 9 score. A fine first half effort by Charles McKee and Robert Brown was too large an obstacle for Victor Brown and his teammates to overcome, as the Livingston Globetrotters won over the Lincoln Park Grays, 16 to 10.

Pat Foster banged in four points in the first overtime of the season and Deshler Yellow Jackets subdued a stubborn Southwood Deacon Demon team, 12 to 8. The Southwood Rocketeers failed to get into the air and the slick Panthers from Deshler clawed out a 17 to 0 decision.

Thursday, Feb. 11: It seems to be difficult to keep the Buckeyes down this year and the Heyl Buckeyes are no exception. Proof — Heyl Buckeyes 6, Beck Pirates 5.

The Heyl Eagles pecked away at their brethren the Heyl Warriers and came out on top by an 11 to 5 score. David Lindsey put on one of the finest scoring exhibitions seen in the Gra-Y League this season as the Reeb Rebels tripped the hard fighting but shorter Sieber Scorpions 28 to 7. The Siebert Sputniks flew back to earth in the second half and scored 12 points to win 14 to 9 over a hot shooting Stewart Bulldog five.

OPEN DOORS—The church that started from a converted target club now plays host to not only the people of the community but to all of Columbus. St. Paul's Evangelical and Reformed Church is in its 53rd year. Rev. Paul C. Kaefer, pastor of the church, has serviced the congregation for over 25 years. He and his congregation have watched the church grow from a small place of worship to its present site.

Old German Target Club Becomes A Massive Temple Of Worship

By Roger Sweney

In the summer of 1907, Rev. August Riecker was appointed by the Evangelical Mission Board to canvass the field for a new Evangelical Church in the South Side. The mission purchased a site on E. Gates-st from the Old German Target

Rev. Paul Kaefer

Club, and with the help of members of St. John's E and R Church the Target Club was converted into what is now St. Paul's Evangelical and Reformed Church.

The first 20 years of the church were difficult ones. Several pastors came and worked a while and left discouraged. In 1920 Rev. August Knipping was called and succeeded in gathering together 123 members to make the church self-supporting.

In 1928, Rev. Paul C. Kaefer, the present pastor, was called to minister to the people of the church. Under his able leadership, the congregation grew from 133 members to more than 800 members.

Start New Church

In years to come the congregation started to outgrow the small converted building it was using as a place of worship. With money the congregation had invested in War Bonds and funds from church campaigns the new church was started. On Nov. 5, 1950, the doors of the new church unit were opened to the worshipers for the first time.

On Nov. 6, 1955, which the church declared as a Red Letter Day, a mortgage on the church was burned.

St. Paul's Church has always placed great emphasis on Christian education. It has 45 teachers and officers who are giving their time and talent to the youth of the community. The church has four youth organizations.

Under the leadership of the South Side YMCA, the church is able to participate in athletic leagues. The strong youth program of St. Paul's has not only helped to mould character but also holds the young people in the church.

Friendly Church

The slogan is "A Friendly Church in a Friendly Community." This slogan is carried out not only by the many organizations of the church but also in the Sunday School and morning worship on Sunday. Rev. Kaefer, pastor of the church, said that no one is a stranger at St. Paul's.

St. Paul's also is a cooperative church, working together with the other South Side churches in union services and civic affairs. The church council and the pastor believe that a church is in the community to serve the community.

Some outstanding Red Letter Days of the church are: In 1936 the social hall was built in the church . . . In 1950 the new church was dedicated . . . In 1955 the church mortgage was burned . . . In 1957 a new Conn organ was installed in the church . . . In 1959 the pastor was given a down payment for his new home and the old parsonage was renovated and is now being used as a church school annex, called Kaefer Hall.

Although the first 20 years of the church was a rough road to hoe, the future of St. Paul's travels along an improved road. The members of the congregation believe that as long as the church has a strong program for every member of the family, it will continue to go forward with the help of God.

Baltimore Man Gets State 4-H Recognition

Chester Emerson McDaniel of Baltimore, Fairfield County, who has led the local 4-H livestock club for 27 years, received 1959 state honors for being "an outstanding former 4-H club member," it has been announced by the Cooperative Extension Service.

For his long-time interest in 4-H work McDaniel received a 4-H alumni recognition plaque donated by the Olin Mathieson Chemical Corp., Plant Food Division.

McDaniel, who raised swine as his first 4-H project, has been doing so ever since. He is a member of the National Spotted Poland China association, the Ohio State Breeders and Feeders association and has been a vice-president of the Ohio Spotted Poland China Association.

Lt. Charles W. Young Joins Armored Division

Army 1st Lt. Charles W. Young, 30, son of Mrs. Berniece E. Young, 465 E. Gates-st, recently arrived in Germany and is now a member of the 4th Armored Division.

A platoon leader in Company B of the division's 35th Armor, he entered the Army in January 1950. The lieutenant is a 1948 graduate of South High School. Before entering the Army, he was employed by American Structural Products, Inc.

Space Age Boon To Sportsmen

INSIDE ON THE Outdoors By ROB COCHRAN

For the most part sportsmen are saddened by the onrush of civilization. The taking over of good pheasant and rabbit cover by housing developments, the pollution of streams by industry and inadequate sewage treatment plants, and the drainage of swamps and marshes so that every last grain of surplus wheat and corn may be produced are all signs of our times, signs that are not good for the sportsman.

On the other hand, we enjoy a lot of benefits of the space age we live in. (Whether you know it or not, we've gone from the jet age to the space age in the last couple of years). New materials and new manufacturing processes have been incorporated by the outdoor industries very quickly. Look at the improvements in outboard motors for instance. The light, compact units of today have little resemblance to those of 10 or 15 years ago.

Outboard makers aren't yet satisfied. I have just finished filling out a questionnaire sent out by the Mercury people, wanting to know what makes the "perfect" fishing outboard. I stressed dependability and lightness, fuel economy and power. There will probably be a day when your fishing motor will be no more difficult to carry than your tackle box.

Reels Are Marvels

The fishing reels of today are marvels, whether they be spinning, casting or fly reels. Lines, rods and lures have kept pace in the race of improvement—they are as new as a sunrise.

American Indians achieved the ultimate in design for a floating craft with the birch bark canoe. And the boat design has not changed significantly for many years. But look at the light materials they are using today to build boats. Look at the modern boat trailers. It was not long ago when a fisherman carried, skidded, dragged and lugged his boat to water, and there it stayed until haul-out time.

The gun and ammunition makers have been at this game longer than other outdoor manufacturers. Guns, especially shotguns, have gotten progressively lighter for a number of years. But every year someone finds a way to get rid of an ounce or two.

Rifle Part Plastic

Now there is a rifle on the market that is part plastic—not just the stock, but the receiver and the working parts too. Telescopic sights and ammunition have been constantly improved.

Campers are, perhaps, reaping more benefits from the space age than anybody else. Light durable tent materials are a real boon. Tent trailers, like the Apache, are quite new and open a lot of possibilities to family campers. They provide a bed or beds to sleep in and plenty of storage room for equipment. Regular camping trailers, like small house trailers, also have invaded the camping scene, and are becoming very popular.

Gasoline lanterns and stoves have been kicking around for a long time, but those of today are safe, dependable and practically indestructable. Ice boxes, sleeping bags, air mattresses, tent warmers, folding tables and chairs are on the market in great variety. You can even buy partable showers and porches screened with netting that fold up easily.

Yep, the outdoor scene is changing—some of it for bad, and some for good.

Newscaster By Trade, Civic Leader By Heart

Back in 1951, WVKO radio acquired the services of John Terry, a veteran then of 16 years in broadcasting, as their new director.

In 1953, John became a resident of the Hilltop and from that moment became interested not only in activities of the city in general, but of the Hilltop in particular. At the present time he is a member of the Hilltop Community Council, as well as the West Civitian Club. He is president of the St. Agnes PTA and is active in numerous Hilltopic civic functions.

Since coming to WVKO radio in 1951, John Terry has become known not so much as a "newscaster" but as a "commentator," since he not only tells about news happenings, but gives his personal viewpoint on controversial items. Terry's "noon news" on WVKO is one of the most listened to programs on this popular Columbus station.

Through his newscasting and civic activities, Terry has become one of the most sought-after after-dinner speakers in the state of Ohio.

In addition to the above mentioned activities, Terry also is president of the Armed Forces Community Relations Council and initiation chairman of Sigma Delta Chi.

He, along with his wife and daughters, Jill, Jewell and Jaron, reside at 2699 Bernadette-rd.

Television's Viking Makes Appearance In Columbus

By Roger Swaney

Jerome Courtland, star of "Tales of the Vikings," appeared in Columbus this past week to kick off the new adventure series of the Vikings. This series, a United Artists' Television presentation, is the first TV effort of Kirk Douglas' independent company, Brynaprod.

Courtland's real name is Courtland Jourolmon, Jr., and he was born in Knoxville, Tenn.

He started in his professional career at the age of 17, by accident. He came to Hollywood on a summer vacation and met director Charles Vidor, a friend of the family. Vidor invited him to Columbia Studios, tested him for a small role, gave him the part, a new name and a long-term contract that headed him on his way.

Courtland is married and has two children. At the present time they are making their home at Malibu overlooking the Pacific Ocean.

He has 14 motion picture credits during his career as well as two television series.

Jack Parr of the NBC's late evening show still remains off the job. Paar still persists in saying "I am through with TV." NBC studios in New York as well as the local WLW-C have been flooded with telephone calls in reference to the Paar show. Some local residents told authorities at WLW-C that they would refuse to watch any WLW production until Jack Paar was brought back on.

Yet on the other hand, Hugh Downs, who appears on the Jack Paar Show, said he would take over the show if Paar sticks to his present state of mind.

NBC authorities have given Parr two weeks to make up his mind before they make any changes. In the meantime they will produce re-runs of his show. It has also been said that Paar might consider going on another network.

CBS (Channel 10) network will be heading up a series of concerts featuring the widely acclaimed New York Philharmonic Young People's Concerts. They will be conducted by Leonard Bernstein.

The concerts will continue on the net work for the third consecutive season. They will be presented on tape from Carnegie Hall in New York on Sunday, Mar. 6 and 27, from 1 to 2 p.m.

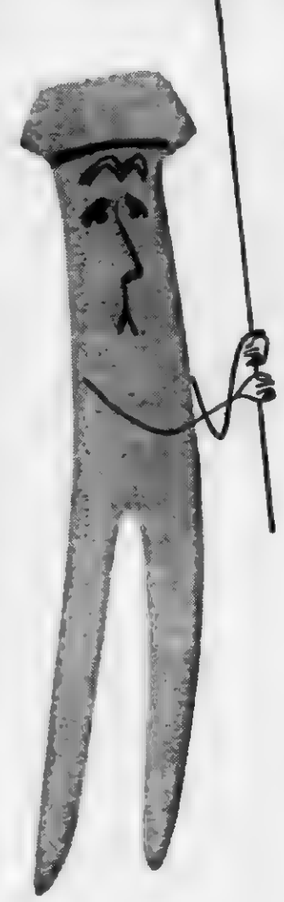
Leonard Bernstein, the distinguished musical director of the nation's oldest symphony orchestra, will again be host and narrator of the Young People's Concerts, resuming his role as television's outstanding teacher of serious music with his lucid and imaginative commentaries.

Roger Englander produces and directs the series of concerts which is presented under the supervision of Richard Lewine, director of special projects for CBS.

Olentangy Ice Skating Rink held its second annual "Frosty Blades" benefit show Feb. 10 and 11 at the Olentangy Rink. This annual affair is open to the public at no charge.

Mr. and Mrs. Robert Redman, professional skaters at the rink's studio, were in charge of the fund raising regatta. Students of the ice studio were the performers with 100 per cent of the funds collected (by donation) going to the Franklin County Crippled Children's Society.

Showing at OSU's Mershon Auditorium for the remainder of February will be Karl Richter, brilliant young organist of St. Marcus Lutheran Church in Munich, Germany. He will make his appearance on Feb. 24 at 8 p.m. On Feb. 23, at 3 p.m., the Buckeye Band and University Chorus will present a free concert at the auditorium. Reserve seat tickets can be obtained at the box office at Mershon Auditorium for all admission shows.



Kunz Appointed To Health Group

The committee will study legislation to be introduced at the next session of the Ohio legislature and will do research in the interest of the 88 counties in Ohio.

DiSalle Says Job Possible; Put House In Order First

Editor's Note: This is the second of a series of articles about the state's mental hospital system prepared by Bill Rush, managing editor of Hartley Newspapers.

Since Governor Disalle's brusque attack against policies of the state mental health system started last year, much has been said both pro and con about the program.

The governor, obviously irritated and actually nauseated once at what he saw and smelled, has promised not to rest "until every state mental institution is as clean as a private hospital."

Although the governor has not yet formulated his complete program, certain steps in preparation for his reforms have already been taken.

This includes an inventory of the persons in the institutions; a personal effort to induce more doctors and other personnel to enter the state system; and a medical program to run side-by-side with the mental program.

O'Neill Picked Haines

Of obvious distate to the governor must be the fact that Dr. Robert Haines, director of the state's Department of Mental Health and Correction, is out of his reach.

When the Ohio General Assembly revamped the state's mental health system in 1957, Dr. Haines was appointed by Republican Governor William O'Neill to a six-year term as director of the department.

This took the mental health program out of some of the political bearing which was criticised as definitely detrimental to a long-range improvement program.

While the governor still maintains that the program should be kept out of politics, he insists that responsibility for the department rests "in the governor's office."

Defenders of the existing program point to lack of funds as a main drawback to improving the system.

Organization Hit

Jay Collins, in his report to the governor, contended as his overall conclusion that while additional funds are needed, Ohio mental hospitals are not doing the job which could be done with the resources available.

"There was no doubt in my mind but that throughout the state there was improper organization, inadequate programming, poor utilization of personnel, and almost universal ignoring of training needs, and widespread lack of concern for the patient as an individual," Collins reported.

He points out that two-thirds of the problems which he encountered could be solved with little or no additional funds.

Commenting on the direction of the program, Collins added:

Analysis Given

"Certainly the report did blame leadership for the deficiencies existing, but its purpose was not to point a finger, but was to provide an analysis of what was wrong and a program for what to do about the inadequacies."

As for the employes of the institutions, Collins said most are trying to do a good job and will succeed "when they are supplied with the proper direction."

More money will eventually be needed to implement all measures of his report, Collins admits, "but the hospitals must first put their house in order."

Summing up his findings, Collins concluded:

"I have no doubt but that in many, many ways patients are getting better care in the hospitals today than they were one year ago. The final outcome will be a program that will cause us to feel no shame.

"I have not one iota of doubt that our governor will continue to move forward relentlessly, for the sincerity of his conviction that a better job must be done is unquestionable.

"I will continue to fulfill my role as long as there is need for my services, for like Governor DiSalle, I know that the job needs to be done and 'can' be done."

Club, and with the help of members of St. John's E and R Church the Target Club was converted into what is now St. Paul's Evangelical and Reformed Church.

The first 20 years of the church were difficult ones. Several pastors came and worked a while and left discouraged. In 1920 Rev. August Knipping was called and succeeded in gathering together 133 members to make the church self-supporting.

In 1928, Rev. Paul C. Kaefer, the present pastor, was called to minister to the people of the church. Under his s ship, the congreg from 133 members t 800 members.

Space Age Boon To Sportsmen

INSIDE ON THE Outdoors By ROD COCHRAN

For the most part sportsmen are saddened by the onrush of civilization. The taking over of good pheasant and rabbit cover by housing developments, the pollution of streams by industry and inadequate sewage treatment plants, and the drainage of swamps and marshes so that every last grain of surplus wheat and corn may be produced are all signs of our times, signs that are not good for the sportsman.

On the other hand, we enjoy a lot of benefits of the space age we live in. (Whether you know it or not, we've gone from the jet age to the space age in the last couple of years). New materials and new manufacturing processes have been incorporated by the outdoor industries very quickly. Look at the improvements in outboard motors for instance. The light, compact units of today have little resemblance to those of 10 or 15 years ago.

Outboard makers aren't yet satisfied. I have just finished filling out a questionnaire sent out by the Mercury people, wanting to know what makes the "perfect" fishing outboard. I stressed dependability and lightness, fuel economy and power. There will probably be a day when your fishing motor will be no more difficult to carry than your tackle box.

Reels Are Marvels

The fishing reels of today are marvels, whether they be spinning, casting or fly reels. Lines, rods and lures have kept pace in the race of improvement—they are as new as a sunrise.

American Indians achieved the ultimate in design for a floating craft with the birch bark canoe. And the boat design has not changed significantly for many years. But look at the light materials they are using today to build boats. Look at the modern boat trailers. It was not long ago when a fisherman carried, skidded, dragged and lugged his boat to water, and there it stayed until haul-out time.

The gun and ammunition makers have been at this game longer than other outdoor manufacturers. Guns, especially shotguns, have gotten progressively lighter for a number of years. But every year someone finds a way to get rid of an ounce or two.

Rifle Part Plastic

Now there is a rifle on the market that is part plastic—not just the stock, but the receiver and the working parts too. Telescopic sights and ammunition have been constantly improved.

Campers are, perhaps, reaping more benefits from the space age than anybody else. Light durable tent materials are a real boon. Tent trailers, like the Apache, are quite new and open a lot of possibilities to family campers. They provide a bed or beds to sleep in and plenty of storage room for equipment. Regular camping trailers, like small house trailers, also have invaded the camping scene, and are becoming very popular.

Gasoline lanterns and stoves have been kicking around for a long time, but those of today are safe, dependable and practically indestructable. Ice boxes, sleeping bags, air mattresses, tent warmers, folding tables and chairs are on the market in great variety. You can even buy partable showers and porches screened with netting that fold up easily.

Yep, the outdoor scene is changing—some of it for bad, and some for good.

Newscaster By Trade, Civic Leader By Heart

Back in 1951, WVKO radio acquired the services of John Terry, a veteran then of 16 years in broadcasting, as their new director.

In 1953, John became a resident of the Hilltop and from that moment became interested not only in activities of the city in general, but of the Hilltop in particular. At the present time he is a member of the Hilltop Community Council, as well as the West Civitian Club. He is president of the St. Agnes PTA and is active in numerous Hilltopic civic functions.

Since coming to WVKO radio in 1951, John Terry has become known not so much as a "newscaster" but as a "commentator," since he not only tells about news happenings, but gives his personal viewpoint on controversial items. Terry's "noon news" on WVKO is one of the most listened to programs on this popular Columbus station.

Through his newscasting and civic activities, Terry has become one of the most sought-after after-dinner speakers in the state of Ohio.

In addition to the above mentioned activities, Terry also is president of the Armed Forces Community Relations Council and initiation chairman of Sigma Delta Chi.

He, along with his wife and daughters, Jill, Jewell and Jaron, reside at 2690 Bernadette-rd.

Television's Viking Makes Appearance In Columbus

By Roger Swaney

Jerome Courtland, star of "Tales of the Vikings," appeared in Columbus this past week to kick off the new adventure series of the Vikings. This series, a United Artists' Television presentation, is the first TV effort of Kirk Douglas' independent company, Brynaprod.

Courtland's real name is Courtland Jouroimon, Jr., and he was born in Knoxville, Tenn.

He started in his professional career at the age of 17, by accident. He came to Hollywood on a summer vacation and met director Charles Vidor, a friend of the family. Vidor invited him to Columbia Studios, tested him for a small role, gave him the part, a new name and a long-term contract that headed him on his way.

Courtland is married and has two children. At the present time they are making their home at Malibu overlooking the Pacific Ocean.

He has 14 motion picture credits during his career as well as two television series.

Jack Parr of the NBC's late evening show still remains off the job. Paar still persists in saying "I am through with TV." NBC studios in New York as well as the local WLW-C have been flooded with telephone calls in reference to the Paar show. Some local residents told authorities at WLW-C that they would refuse to watch any WLW production until Jack Paar was brought back on.

Yet on the other hand, Hugh Downs, who appears on the Jack Paar Show, said he would take over the show if Paar sticks to his present state of mind.

NBC authorities have given Parr two weeks to make up his mind before they make any changes. In the meantime they will produce re-runs of his show. It has also been said that Paar might consider going on another network.

CBS (Channel 10) network will be heading up a series of concerts featuring the widely acclaimed New York Philharmonic Young People's Concerts. They will be conducted by Leonard Bernstein.

The concerts will continue on the net work for the third consecutive season. They will be presented on tape from Carnegie Hall in New York on Sunday, Mar. 6 and 27, from 1 to 2 p.m.

Leonard Bernstein, the distinguished musical director of the nation's oldest symphony orchestra, will again be host and narrator of the Young People's Concerts, resuming his role as television's outstanding teacher of serious music with his lucid and imaginative commentaries.

Roger Englander produces and directs the series of concerts which is presented under the supervision of Richard Lewine, director of special projects for CBS.

Olentangy Ice Skating Rink held its second annual "Frosty Blades" benefit show Feb. 10 and 11 at the Olentangy Rink. This annual affair is open to the public at no charge.

Mr. and Mrs. Robert Redman, professional skaters at the rink's studio, were in charge of the fund raising regatta. Students of the ice studio were the performers with 100 per cent of the funds collected (by donation) going to the Franklin County Crippled Children's Society.

Showing at OSU's Mershon Auditorium for the remainder of February will be Karl Richter, brilliant young organist of St. Marcus Lutheran Church in Munich, Germany. He will make his appearance on Feb. 24 at 8 p.m. On Feb. 23, at 3 p.m., the Buckeye Band and University Chorus will present a free concert at the auditorium. Reserve seat tickets can be obtained at the box office at Mershon Auditorium for all admission shows.

Kunz Appointed To Health Group

Franklin County Commissioner D. J. Kunz has been appointed to the Welfare, Hospital and Mental Health Committee of the County Commissioners' Association of Ohio, according to an announcement made by Roy Stillwagon, Trumbull County commissioner and president of the state association.

The committee will study legislation to be introduced at the next session of the Ohio legislature and will do research in the interest of the 88 counties in Ohio.

Governor Promises Better Mental Hospitals

DiSalle Says Job Possible; Put House In Order First

Editor's Note: This is the second of a series of articles about the state's mental hospital system prepared by Bill Rush, managing editor of Hartley Newspapers.

Since Governor Disalle's brusque attack against policies of the state mental health system started last year, much has been said both pro and con about the program.

The governor, obviously irritated and actually nauseated once at what he saw and smelled, has promised not to rest "until every state mental institution is as clean as a private hospital."

Although the governor has not yet formulated his complete program, certain steps in preparation for his reforms have already been taken.

This includes an inventory of the persons in the institutions; a personal effort to induce more doctors and other personnel to enter the state system; and a medical program to run side-by-side with the mental program.

O'Neill Picked Haines

Of obvious distate to the governor must be the fact that Dr. Robert Haines, director of the state's Department of Mental Health and Correction, is out of his reach.

When the Ohio General Assembly revamped the state's mental health system in 1957, Dr. Haines was appointed by Republican Governor William O'Neill to a six-year term as director of the department.

This took the mental health program out of some of the political bearing which was criticised as definitely detrimental to a long-range improvement program.

While the governor still maintains that the program should be kept out of politics, he insists that responsibility for the department rests "in the governor's office."

Defenders of the existing program point to lack of funds as a main drawback to improving the system.

Organization Hit

Jay Collins, in his report to the governor, contended as his overall conclusion that while additional funds are needed, Ohio mental hospitals are not doing the job which could be done with the resources available.

"There was no doubt in my mind but that throughout the state there was improper organization, inadequate programming, poor utilization of personnel, and almost universal ignoring of training needs, and widespread lack of concern for the patient as an individual," Collins reported.

He points out that two-thirds of the problems which he encountered could be solved with little or no additional funds.

Commenting on the direction of the program, Collins added:

Analysis Given

"Certainly the report did blame leadership for the deficiencies existing, but its purpose was not to point a finger, but was to provide an analysis of what was wrong and a program for what to do about the inadequacies."

As for the employes of the institutions, Collins said most are trying to do a good job and will succeed "when they are supplied with the proper direction."

More money will eventually be needed to implement all measures of his report, Collins admits, "but the hospitals must first put their house in order."

Summing up his findings, Collins concluded:

"I have no doubt but that in many, many ways patients are getting better care in the hospitals today than they were one year ago. The final outcome will be a program that will cause us to feel no shame.

"I have not one iota of doubt that our governor will continue to move forward relentlessly, for the sincerity of his conviction that a better job must be done is unquestionable.

"I will continue to fulfill my role as long as there is need for my services, for like Governor DiSalle, I know that the job needs to be done and 'can' be done."

St. Mary Seeks District Tourney Berth

Rams Must Top Hot Shooting Reynoldsburg To Advance

St. Mary stands a single game away from reaching the Central District Tournament at Granville.

The Ramblers put themselves into contention Tuesday night by grinding out a 62-44 win over Columbus Academy in the opening game of the county event. Tonight they probably face their toughest assignment of the season: Beat Reynoldsburg.

The Saints have met Reynoldsburg only one other time this season, gaining a 56-55 verdict. Since then, Reynoldsburg has picked up steam and become one of the top teams in the conference. The Raiders smothered loop champs Rosary in their tournament game Monday, 74-56.

Since two teams from the county will advance to the district, a victory over Reynoldsburg would put the Rams into the tournament's semi-final and clinch a district berth.

Finals of the county event will be played Saturday night.

In other action, South plays two games closing its home season Friday night in a return engagement with West and meeting non-league opponent St. Charles Saturday. Marion-Franklin plays a City League tilt Friday hosting North.

Instead of just rounding into shape, Coach John Colmery feels his Bulldogs are less efficient. "Our players want to win, but don't have the will to win," Colmery summed up.

In losing their fourth straight to Lancaster last Saturday, the Pups actually outshot the visitors from the field (16-15) but had a miserable night at the foul line.

Coach Colmery looks for a tough game with West and hopes the seniors playing their last home game will supply South with that extra punch.

Long range plans in the Pup camp are still aimed at the tournament, however, with work concentrated on fundamentals and against pressure defenses.

After disposing of North, Marion-Franklin will have only a single game left on the docket next Friday, hosting West.

Lancaster Wears Down South Quint

A charged-up Lancaster crew wore down host South in the second half Saturday night to hand the Bulldogs their fourth straight loss in a convincing 55-39 fashion.

With Don Cox, 6-8 center, paving the way with 25 points, the Gales broke away from a three-point halftime lead to take a commanding 40-28 edge at the end of the third period.

South, which outshot the visitors from the field, 16-15, lost its advantage at the foul line where it scored only seven tallies in comparison with Lancaster's 25.

Only one Pup cager was able to score in the double figures with Mitchell Swain counting 10.

Rams Down Viking Five In Tourney

St. Mary stacked up a nine-point first quarter lead and went on to knock Academy out of the Franklin County Tournament Tuesday night, 62-44.

The victory brought the Ramblers within one win of capturing a berth in the Central District playoffs which will be contested at Granville.

John Sauer was the big man in the St. Mary win netting 10 points. Stan Brown was high for Academy with 13.

The Rams split even in the last of their regular season games last week losing to Corning, 56-42, and toppling Academy, 60-44.

Inter Church Leaguers Battle For Top Honors

Thrilling games are becoming a common thing in the well balanced South Side "Y" Inter-Church Leagues.

In the Tuesday night junior boys' division last week, followers saw the teams prepare for their upcoming tournament by engaging in practice games. Frebis Church of God appears as the team to beat on the strength of its victory over the first round champions, Ohio Avenue EUB. Other tune ups saw Emmanuel top Livingston and Southwood Church of Christ eked out a close win over St. Paul Lutheran.

In the distaff class, St. John E&R won first round honors with a thrilling victory over Ohio Avenue EUB, thanks to a fine performance by their scoring twins, Elizabeth Leupp and Linda Koetz, plus spirited defensive play on the part of Sally Metzger.

Lutherans Win

Emmanuel Lutheran upset South Methodist and Livingston Methodist continued to improve and downed Thurman Methodist 12 to 6. Diane Lamp, Linda Bateman, Barb Nicholson, Janet Filbin and Evelyn Mullens played the starring roles.

The Wednesday Junior Boys produced the real thriller of the week when St. Paul E&R's "Little boys" upset Oakwood Methodist, 13 to 11. Don Martin's five points led the scorers. St. John won the first round honors, but had to go all out in edging the scrappy South Methodist quintet, 20 to 16. John Koetz and John Whitacre tied in their scoring duel with seven markers each.

Thrills were a dime a dozen in the fast Intermediate Loop as Oakwood and Washington Avenue EUB and South Methodist advanced into the second round of tournament play. In the opener, Oakwood Methodist outlasted St. Paul E&R, 27 to 26, despite the fact that Dan Larimer and Gary Ogle of the Saints, hit the nets for 11 points each.

In the middle game on the card, South Methodist rolled over the Southwood Church of Christ with Floyd Lemmon, Wilbur Longworth and Tom Ray finding the range with regularity.

In the evening's final encounter, Washington Avenue EUB won by the narrow margin of one point over the lightning fast crew from St. Paul Lutheran. Crossett, Gary Mallory, Pritt, and Hunter were standouts throughout the entire thirty-two minutes of action.

Bulldog Thinclads Prep For Meet

Tuesday, Feb. 16, the track team of South High held its first meeting to prepare for the indoor track meet at Denison University, Mar. 5.

Returning lettermen are Dennis Mettle, Tom Jenkins, Phil Hopkins and Chuck Grinstead.

Why Insurance Rates Are Up

One reason for higher automobile insurance rates, according to a recent survey, is the fact that claims and court settlements have also been getting bigger.

South Baseball Squad Starting Practice Work

This year spring training is starting early for the baseball team of South High School.

The returning boys from last year's squad were surprised when they learned they would be practicing with the track team for the first few weeks.

Jim Fearing, the diamond coach, said that he felt he would have to get his boys in shape and running with the track squad starting Feb. 16 should do it.

With 12 returning lettermen the outlook for baseball is bright and can be expected to do a lot in the City League this year.

Los Angeles — A thirsty thief broke into a bar, took $30 from a juke box, and drew himself a beer. Then he had a second beer and a third.

When the bartender, Stanley Miller, opened up next morning, he found the man asleep on the floor, the money in a paper bag beside him. Police booked Joseph Rivas on suspicion of burglary.

Heart Fund Drive Set For Feb. 28

Local Heart Fund volunteers will ring doorbells from home to home on Heart Sunday, Feb. 28, to raise funds with which to continue the fight locally as well as nationally against heart diseases, according to Mrs. James J. Conn, 2561 Sherwin-rd, Heart Sunday chairman.

Mrs. Arthur Gilson, 572 Jenkins-av, is chairman for the South area canvass. Ward chairmen in the area are Mrs. William R. Oursler, 42 W. Markison-av Mrs. Harry D. Ott, 564 City Park-av; Mrs. John Duffey, 903 E. Whittier-st, and Mrs. Lloyd V. Smith, 1760 S. Champion-av.

Mr. Oursler is serving as his wife's assistant, and Mrs. Sue Gilson is assistant to Mrs. Smith.

These area volunteers are serving under the direction of Mrs. Harry Ludwig of the Neil House, Heart Sunday chairman, and Mrs. Joseph Gerhart of the Southern Hotel, assistant Heart Sunday chairman.

Mrs. Robert W. Bohl, 3629 Kent-rd, is assistant to Mrs. Conn in the over-all Franklin County solicitation.

The local drive is one of more than 10,000 being conducted by more than 1,500,000 volunteers from coast to coast, according to Mrs. Conn.

Heart Sunday volunteers will carry official identification and contribution envelopes, and the donor may seal the envelope before returning it to the solicitor.

German Village Society Unit Seeks City Charter

A man with vision has finally drawn the attention of Central Ohio to the South Side's historic and picturesque "old German section."

The attention may soon be matched with a budget and organization of interested persons who hope to stall the slow decline of property values in the aging community.

Frank Fetch, a retired NAA engineer, a South Sider by ownership and choice, is heading the project. He believes the community can be reinstated as a leading residential area, a place which the city's guests and friends can visit and become acquainted with a time and place fast passing from the scene.

The South Side has always attracted persons of sensibility and culture. Its unique sturdy architecture, parks and yards, cobblestone and tree-shaded streets supply a different atmosphere for Ohio historians and visitors. The nature of its family owned shops, bakeries, stores, clubs and societies is the kind of thing that proved to be a good foundation for Columbus' rapid growth.

Stories bring visitors who look for remnants and relics—a horse trough or a fire mark. They recall names and incidents and mark the passing of places when the new takes over. They satisfy a part of the need for a permanent record.

The old German section is located in the area generally bordered by Livingston-av, Schiller Park, the river and Sixth-st. This, according to authorities, is just big enough to work and live in, school the youth and attend church.

It is inevitable that the community will attract the attention of persons who plan, organize and go to work, according to Fetch.

The organization has been founded by Fetch. It will be called the "South German Village Society" and will be chartered if a sufficient number of persons declare serious intent to restore and rehabilitate the declining properties. Memberships are being made available to everyone.

If results are achieved by the group it most likely will be the sum of individual efforts by members who have dissimilar private interests, but a common understanding of the opportunities and a common recognition.

They also have the leadership, good will and encouragement of others who cannot give specific assistance but out of common regard and respect for the community, hope and believe that good things will be achieved.

Several meetings already have been held. This has led directly to the formation of a steering committee and a body of officers who have drawn up proposals of membership.

There has been no suggestion of a project or a program. There will be, however, enough organizations to orient the many persons planning personal restorative work. The organization proposes:

To buy a building within the area and restore it authentically to use as a permanent exhibit.

To put out a newsletter reporting organizational activities.

To set up a clearing house of architectural and decorating information to help individuals in personal restoration work.

The program in its broadest form is both restoration and rehabilitation. Restored houses should have fidelity to original

Local Student Receives National Scholarship

A senior at South High School has been named finalist in the 1959-60 competition of the National Merit Scholarship Corporation Program and has been awarded certificates of merit, according to H. D. Swain, principal.

Jon S. Ellifritz, 937 S. Third-st, has received the certificate, which attests to his high academic promise. He is the son of Mrs. Margaret S. Ellifritz.

This senior distinguished himself by his high score on two college aptitude tests used in the National Merit Scholarship competition. About six-tenths of one per cent of the seniors in each state received the awards. A national total of 10,000 students were honored.

Jon S. Ellifritz

More than 550,000 students were tested in the 1959-60 National Merit Scholarship competition which began last April. The test results have pared the competitors down to the 10,000 finalists from whom the merit scholars will be selected and announced this spring.

Previous experience indicates that the finalists will be offered some $2.5 million worth of freshman-year scholarship assistance from these sources, in addition to the awards made to those selected as merit scholars.

"The certificate of merit winners, the top performers in the competition, constitute our country's most valuable single resource," said John M. Stalnaker, president of the National Merit Scholarship Corporation. "Representing the best of each state in the Union, they deserve the maximum recognition and encouragement of every citizen concerned with the future of America. The brilliant record of the merit scholars of other years speaks for itself. The far-sighted donors who have sponsored merit scholarships in other ears have made an incalculable investment which will benefit everyone. We urge others to join them in this important crusade for excellence."

The selection of the finalists who will be awarded merit scholarships in 1960 is performed by the merit scholar selection committe, a panel of experts in academic selection, and by special judging teams convened by various donors of merit scholarships. High school grades, leadership, and extra-curricular activities are considered as well as test scores.

Merit scholarships are four-year awards, and carry stipends that range from $100 a year to $1500 a year. Each stipend is individually determined on the basis of need. The amount is based upon family resources, summer earnings, and college costs, all of which vary for each winner

Most merit scholarships also carry grants to the colleges. Each student chooses his college and course of study. Gaining admission to college is the responsibility of the student, but in 1960 the National Merit Scholarship Corporation gave additional assistance to the 37,000 top scorers in the National Merit Scholarship qualifying test, by sending, without charge, test scores to their first and second choice colleges.

Area Hospital Fire Causes No Damage

The second fire within two weeks hit Children's Hospital Monday afternoon. This time the fire was confined to a bale of excelsior in which equipment had been packed. No damage was reported. However, firemen battled a lot of smoke when they arrived at the hospital.

According to a report from Battalion Fire Chief Charles Pugh, the blaze was started by a spark from an acetylene cutting torch being used in the construction of the new addition.

Men working on the new building doused water on the smoldering excelsior after turning in the fire alarm.

Auditor Price Checks Hanford Village Status

Legal questions concerning the annexation of Hanford Village to Columbus were revived Tuesday in a letter to City Attorney Russell Leach from Auditor John Price.

Price said Columbus is eager to receive any of the $123,000 held in escrow by Marion Township and the Hanford treasurer if it rightfully belongs to Columbus.

77-Year-Old Master Of The Ice Still Active

Lausche, Devine, DiSalle Ask for TV-Movie Letters

Interest in the Hartley Newspapers campaign against too many killings and indecent presentation of sex on television and at motion picture theatres has been shown by three top-ranking Ohio governmental figures.

They are Senator Frank J. Lausche, U. S. Representative Samuel L. Devine and Governor Michael V. DiSalle. All have asked to see copies of letters received from Hartley Newspapers readers.

Rep. Devine has suggested that the Subcommittee of Legislative Oversight of, which he is a member may see fit to recommend legislation in an attempt to remedy "this very obnoxious practice."

These letters have been received from readers who are protesting against too many killings and over-emphasis on sex. The request for letters was started by Publisher C. Carlton Hartley in his "Spectator" column.

Other readers who have feelings on this subject and wish to have their stand made known are urged to write a letter to this newspaper. These letters will be placed with those already received for presentation to the three officials.

South Wins Home Final Over West

South's seniors bowed gracefully from the home scene Friday night, notching their sixth win in an 80-55 tussle with City League rival West in the Bulldogs' final tilt on the South High court.

Victory was short-lived, however, as the Pups found St. Charles more than it could handle Saturday evening, dropping a 69-55 verdict in a non-league scrap.

Mitchell Swain was the big man against West, netting 22 points as his teammates battered out a 28-8 first quarter lead, moved ahead 49-25 at halftime and stayed way out in front at the end of the third chukker, 61-43.

Gene Harper took over in the St. Charles tilt after the Bulldog sharpshooter Swain was lifted from the lineup with a twisted ankle. Harper ripped the cords with 17 counters.

PUPS CONCLUDE ROUGH SEASON

BATTLING BULLDOGS—This is the 1959-60 edition of the South High basketball team which concludes its regular season this Friday night at Eastmoor. Members of the squad are, from left to right, in the front row, Al Wilson, Bill Young, Don Jegerski, Sher Gregory and Paul Barton. In the rear are Ken Lee, Tom Sims, Terry Foster, Gene Harper, Ken Kerns and Coach John Colmery. Missing from the picture is Mitchell Swain.

Barrett School Takes Top Basketball Honors

Barrett Junior High School won a share of a three-way tie in the South Section Basketball League by winning its final game of this year's season, with Franklin Junior High School, Tuesday, Feb. 16, on Franklin's floor. Barrett, West and Franklin were the three undefeated teams in their league until Barrett lost to West, West lost to Franklin, and Franklin lost to Barrett.

The end of the season finds these three co-champions, each with the record of eight wins and one loss in their South Section League.

The Barrett-Franklin game pitted offense against defense. High scoring Franklin is considered to be the leading offensive team in the league, while Barrett has been considered to have the leading defensive game. In this game Barrett won by containing Franklin's point-makers and cutting down the Franklin score. The score was Barrett 46, Franklin 33.

McDaniel (16 points), McGhee (11), Hagwood (8), Schundelmeir (6), Middendorf (2), Bivens (2), and Anderson (1) were on the floor for Barrett, either scoring points or putting on the pressure to contain the opposition.

Besides its league games, Barrett played two non-league games with Champion winning one and losing one, and won a non-league game from Dominion, co-champion in the North Section League.

CAGE WINNERS — Barrett Junior High School took honors by breaking a three way tie in the basketball finals. The champions are front row, left to right, Manager Steve Stoll, Ron Skeen, Jennie Pfarr, Dick Schundelmeier, Dan Sells, Mike Rickard, Bill Howard and Manager Rick Coverdale; (second row) Jim Alexander, Jim Neal, Joe Middendorf, Ron McDaniel, Carl Leatherwood, Homer Bivens, Fred McGhee, Nip Hagwood, Doug Anderson, Dave Mouser and Coach Don McCaulsky.

Gra-Y Teams Battle For Top Honors

The Livingston Globetrotters assured they would stop the Deshler Panthers, and they did on Thursday evening by a 16 to 2 score. In the "BIG" game on Thursday the Reeb Rebels won over the Beck Pirates, 15 to 7. This is the last week of Gra-Y competition and it looks like a big one for all Gra-Y teams.

Tuesday, Feb. 16 the Southwood Deacon Demons played more like demons in winning their first game over the Lincoln Park Scarlets, 13 to 12.

The Southwood Rocketeers failed to blast off "or score" last week, but Marty Komives seemed to be the fuel needed to inject an 8 to 5 loss to a scrappy Lincoln Park Gray five. Robert Brown in a tight defense was too much for the Deshler Panthers as the Livingston Globetrotters won, 16 to 2. A last half rally by the Deshler Yellow-Jackets fell short by one point and the Livingston Steelers emerged victorious, 10 to 9.

Thursday, Feb. 18 the Siebert Sputniks were in orbit the first half, but seemed to sputter aand fall to the Heyl Eagles who flew a straight and narrow path to a 16 to 12 victory. The Heyl Buckeyes continued their winning ways, by topping the Siebert Scorpions, 11 to 0. The Heyl Warriors threw up a tight zone defense in the second half and scored five points to top a usually high scoring Stewart Bulldog five, 7 to 4. A fine effort by James Burton of the Beck Pirates was just not enough to overcome a barrage of points by David Lindsey and Gregory Moore as the Reeb Rebels won, 21 to 12.

Cell structure is the key to keeping quality and texture in apples, U. S. Department of Agriculture studies have shown.

Gold Cup Tournament Planned At St. Mary

Again this year St. Mary High School will sponsor a Gold Cup Basketball Tournament if a sufficient number of teams agree to participate;

The Gold Cup Tournament started in 1959 with the purpose of giving every boy who plays on a basketball team something to help him on and improve his own capabilities in this sport and likewise to create team spirit by giving each team a goal to work for. Purpose behind the Gold Cup Tournament is to foster a greater love for basketball among high school students and those out of high school for personal and team achievements.

There will be three divisions in the tourney: the senior division consisting of basketball players up to the age of 21; the junior division consisting of any boy in high school not over the age of 18, and the prep division consisting of junior high school students.

Each team must have no less than eight players nor more than 12. Each team must have an adult supervisor responsible for the members' conduct, providing the coach is not an adult. No high school varsity or reserve players are eligible. An entry fee of $15 per team is required before a team may enter a drawing for this tournament.

The tourney consists of games played full court, regulation time. The officiating will be under the direction of the Central Ohio Basketball Officials Associations. The tentative date for the tournament will be set for March 7. St. Mary Quintet Finishes Fourth In County Tourney

After getting off to a fine start by overpowering Academy, St. Mary suffered two straight setbacks last week to finish fourth in the Franklin County tournament held at Alumni Gym of Otterbein College at Westerville.

The Rams were numbered among Reynoldsburg's victims in the Raiders' dash to the tourney championship in semi-final action, 37-27.

Hamilton Township knocked the South Side lads out of the consolation championship by scoring a 64-46 win in the finals Saturday.

Joe Tanner was the big gun for the Rams in their final game, netting 19 counters. Bob Holbrook was tops for Hamilton with 25.

The Rams ended the year with a 10-8 regular season record, a 1-2 tournament mark.

Bulldogs To Battle Whitehall Marion Hits Pleasant View

South Side's two Class "AA" teams wind-up their regular season this Friday night and jump aboard the rapid tournament express within the next week.

Marion-Franklin and South, both experiencing difficult seasons, still have a chance to end the year on a favorable note by turning in a standout performance in the Central District event.

But first the regular season slate must be wiped clean. For South's Bulldogs, that means a Friday night showdown with Eastmoor while Marion-Franklin plays its finale at home against West.

Both squads have already met their opponents earlier this season. South emerged a 56-42 victor in its meeting with Eastmoor while West handed the Red Devils a 75-52 spanking in their fray.

While South and Eastmoor have maintained practically the same status since the first contest, the picture has been changed considerably at West.

The Cowboys, who lost three starters by mid-year graduation, haven't been able to hit their stride since and have lost four of their last five games.

Marion will be facing a one-time winner in its first tournament game Monday at the State Fairgrounds Coliseum in Pleasant View.

The Panthers, who are just finishing their first year of competition, have no seniors on their squad. Their single victory came over Dublin.

Coach John Colmery looks for a real tough encounter in South's tournament opener against Whitehall. The Rams recently finished their Central Buckeye League season with a respectable record.

"We'll have to play our best ball to beat them," Colmery warned.

South's chances may be dimmed even more if standout Mitchell Swain isn't able to recover from his ankle injury by tournament time. Colmery said the sharpshooting guard couldn't be counted on this Friday against Eastmoor and remained a question mark for next week's game.

MARION AREA NEWS NOTES

New Neighbors Welcomed In Area

By Mrs. Garland Davis
HI. 4-6943

Hi neighbors! May I come in? Thank you. I hope you will bear with me for this is my first column.

We wish to welcome new neighbors, Mr. and Mrs. Foster Paisley of 30 Rockwell-rd. They have two little sons, Robert, six and Charles, one and one-half. Robert attends Scioto Trail School.

Little Christine Casey, 71 Rockwell-rd, thought everyone was against her Thursday night. She drank a little too much of her baby brother's medicine, and to pay a visit to Children's Hospital. She was released to come home that night. Nothing serious, but an unhappy little girl.

Mrs. Nancy Meller, 70 Marilla, and son, Trent, were overnight guests of her mother, Mrs. Leatha Burger, 2468 Groveport-rd, last Friday night.

Mrs. Agnes Schneider, 70 Rockwell-rd, celebrated a birthday Feb. 11. Just which birthday is her secret.

Elizabeth Trott, sister of Mrs. Agnes Schneider of Mithoff-st, was overnight guest of Mr. and Mrs. John Schneider, 70 Rockwell-rd, Wednesday night.

Mrs. Malinda Riley, formerly of Greenup, Ky., is visiting with her daughter and son-in-law, Mr. and Mrs. Willis Croy and daughter, Nancy, 80 Rockwell-rd. Grandma Riley suffered a stroke two years ago. She is confined to bed part of the time. She visits back and forth among her children. She is very pleasant, has great courage. Enjoys all cards and messages sent to her.

Glen Pitsenbarger of 41 Williams-rd, is now at home recuperating after an illness. He spent two weeks in a hospital in Huntington, W. Va.

Thanks, neighbors for the friendly visit in your home.

Send your news to Mrs. Garland Davis, (HI. 4-6943) 69 Rockwell-rd, Columbus 7.

Lutherans Take Methodists In Inter-Church Cage Game

Games in the tournaments being held by the South Side "Y" Inter-Church Leagues were cancelled this week because of a re-scheduled PTA meeting at Barrett Junior High School, Tuesday evening, and the Community Pre-Lenten program held at South High School last night.

In last week's opening round of play in the Tuesday Junior League, the favored Emmanuel Lutheran, Ohio-av EUB and Frebis Church of God teams were victorious. Emmanuel scored a win over Livingston Methodist with J. Leist proving to be the big gun with eleven markers.

Frebis Church of God gave a tremendous offensive show in downing the small hoopsters from St. Paul Lutheran and first round champion Ohio rolled on undefeated in league play by outclassing Southwood Church of Christ. Gary Kipp, Jack Davis, Allan Cook, Clarence Bowen, Mike Ellis and John Evans grab this week's headlines due to their impressive performances. St. John's classy Lassies appeared stronger than ever as they defeated the fine Taurman Sextet in the Girl's League Tourney.

The last two games on the card were real thrillers with South Methodist edging Emmanuel Lutheran and Ohio-av EUB coming from behind to snatch the victory away from Livingston Methodist.

Oakwood Methodist "Blue Streaks" finally broke their losing ways as they outscored St. Paul E & R, 30 to 15. Nagy was the real thorn in the side of the Saints by hitting the loop for 14 points. Don Cramer's eight was high for St Paul. John Koetz led St. John E & R to victory over South Methodist, but not without a scare as South held a four point lead at half time.

In the fast Intermediate set, Oakwood Methodist and Washington-av EUB advanced to the finals. Oakwood tuned up for the championship clash with a win over the undermanned crew from Southwood Church of Christ in an exhibition game, while Washington-av EUB had its hands full for three quarters before pulling away to defeat the scrappy South Methodist five.

The middle game of the evening was really a crowd pleaser with St. Paul E & R nosing out St. Paul Lutheran 34 to 33. Doug Pritt took league

Purpose Of DiSalle's Attack Questioned

Most Say Criticism Is Good If Mental Patients To Benefit

(Editor's Note: This is the final article of a series about the state's mental hospital system prepared by Bill Rush, managing editor of Hartley Newspapers. Purpose of the articles is to bring readers an up-to-date accounting of the current situation accentuated by the governor's attacks on the hospital program.)

As the old saying goes, there are two sides to every story.

And despite the many criticisms leveled at the state's mental health program by Governor DiSalle and others, there are still voices that hold the situation isn't as black as it is being painted.

For the most part, however, these people have kept quiet during the recent hospital explosion touched off by the governor. Some are in positions where criticism of the governor wouldn't be the most discreet action.

Others have attempted to defend the program, but their statements haven't caught the fancy of the press as rapidly as those put forth by DiSalle.

Situation 'Better'

Those who have tried to mount a defense in the face of the governor's assault haven't praised the system. Instead they say the situation is "better than it used to be."

Although it might seem to be a half-hearted defense, those who repeat it seem to believe it and back it up with "and it's getting better all the time."

There's no doubt that Robert A. Haines, Director of the Department of Mental Hygiene and Correction, is a firm believer.

While admitting that there is a long road ahead, the youthful department head is convinced with enthusiasm that the Ohio program is taking giant strides forward.

He explains that things are being accomplished in the hospitals that have never been done before in Ohio history pointing to the unprecedented dip in the number of long-term patients in the institutions.

Warns Of 'Scapegoat'

Backing him up is Dr. Will Minninger, a Topeka, Kan. mental health expert, ranked with the best in the nation. When questioned about Haines, Minninger stated:

"I have read the criticism of the Collins report and it looks like any report you would get from someone sent out to find fault in the system. It's not going to be changed overnight.

"But I hope the governor or anyone else doesn't make the mistake of making a scapegoat out of someone who is apparently doing a good job. And I thought the Ohio system was doing better under Haines."

John Bartlow Martin, who acquired fame after penning a detailed study of the Columbus State Hospital for Saturday Evening Post, points out:

Urges Quiet Attempt

"Noisy sensational exposes of snakepits with leaky plumbing and cracked plaster and bear stories about brutal attendants do a great deal more harm than good, and that what is needed is a careful, quiet, honest attempt to find out how hospitals are and what is needed to improve them."

Martin further expounded that the public has always seemed to be misled on two points:

"Providing money for public mental hospitals is good, but it can work no magic.

"The new drugs are good but neither can they work miracles. What is needed in these fields is more knowledge and more people—especially doctors."

And this brings up another point. Realizing the necessity for additional help in the Ohio system, the governor has started a personal recruitment effort to bring more men into the state. He has already dispatched letters to prospective graduates in the field at colleges and other states.

"Salary War"

This is criticized in some quarters as precipitating a "salary war" between states for these specialized people. "After all," they say, "if there is a shortage, we will be really robbing other states of men they have trained."

Although Jay Collins points out that two-thirds of his recommendations to improve the system could be carried out without additional expenditure of funds, others point out there is quite a difference between one proposal saying a screen should be installed over a kitchen door and another calling for hiring of additional hard-to-get social workers.

In any case, all are agreed that the governor's criticism is good—if it brings better times to the state's mentally ill.

If it is just a play of politics, however, the governor will have to answer later to the people with a record which contains an unfulfilled promise for better mental hospitals.

Everyone hopes, even those most critical of the governor's attack, that the system will benefit. But there is no way of knowing—until the governor makes or doesn't make his move.

YMCA YOUTHS

The profit from the sale of this fine candy is going to help YMCA WORLD SERVICE. Seventy-eight nations now have YMCA's, and over half of these have been started by YMCA WORLD SERVICE Secretaries sent out from the United States and Canada over the past sixty-nine years.

YMCA WORLD SERVICE: makes possible many schools (many countries don't have free public schools like we have); provides rural work in many countries (teaches people how to raise better crops and livestock); teaches health and physical education (many of these countries would not have Olympic teams today if the Y had not started physical education there years ago); promotes camps and camping (in some countries the only camp of any kind is the Y camp).

Your local YMCA will be glad to furnish additional information on YMCA WORLD SERVICE—and would appreciate it if you would tell your friends about this delicious taffy.

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits—Oranges, grapefruit, bananas, pineapple, apples, raisins.

Vegetables—Cabbage, carrots, head lettuce, broccoli, Chinese cabbage, onions, potatoes.

Other Foods—Large eggs, pork loin roasts, fresh callas, beef liver, frozen ocean perch.

CANNED MEAT MEANS CONVENIENCE

Have you counted the number of canned meat items at your favorite food store recently? If not, you'll probably be amazed at both the number and the variety available. In one store, 135 different packs—brands, sizes, types—were counted. Canned meats and meat products are convenience items — entirely cooked, boned, seasoned, and ready-to-serve or heat and serve.

Tips for Easier Serving

- Chill before slicing for more attractive appearance and more servings.
- To hasten heating, slice, arrange in shallow pan, cover with juices and foil, and heat in moderate oven.
- To remove solid meat from the can, open both ends completely and push out the meat.

Know What You're Buying—The best way to tell what's inside the can is to read the information on the label carefully. Ingredients are listed in the order of their predominance. For example, a label on one meat product reads: roasted beef and picnics, water, dehydrated potatoes, salt, sugar, spices, flavorings, monosodium glutamate. This listing indicates that there is more roast beef and juices in the product than any other ingredient.

In most cases you'll find a "U.S. Inspected and Passed" round marking on the label, showing that the produce was made from wholesome food and processed under sanitary conditions.

Care at Home—Canned meats, except those which state otherwise on the label, have been completely sterilized after they were sealed and will keep at room temperature as long as unopened.

Keep them in dry storage that is neither extremely hot nor cold. Otherwise color and flavor may be affected.

Rust or dents in the can do not mean spoilage unless either has penetrated the can and caused leakage.

Canned hams and some other meats packed in cans weighing three pounds and over need refrigerated storage. These meats have been processed long enough to be ready-to-eat, but not long enough to be kept without refrigeration.

Once the canned meat has been opened, treat it as you would any other cooked meat. Store it in the refrigerator, but use in two or three days. Unused portions can be stored in the can if covered tightly and refrigerated.

SOUTHERN VEGETABLES RECOVERING

Marketing Information for Consumers

Prices at the produce counter are slowly decreasing as the South recovers from January's cold spell. Salad greens, radishes, peppers and green beans are somewhat lower in price and of better quality. Head lettuce quality has improved, and it, too, is lower in price. Both repacked and vine-ripened tomatoes have improved.

BIBLE COMMENT

Jesus Told True Meaning Of Religion

Christians should not forget the simple definition of religion by Jesus Himself.

When Jesus, in reply to the Pharisee's question, enunciated the two great commandments of the law: "Thou shalt love the Lord thy God with all thy heart and with all thy soul and with all thy mind" and "Thou shalt love thy neighbor as thyself," He added, "On these commandments hang all the laws and the prophets."

What was this but a Jewish way of saying that these two commandments constitute the sum and substance of religion?

It is love that the world lacks, and mercy and justice and humbly walking with God. Church membership, belief in creeds and doctrines, cannot make good the lack if the simple realities of religion are not there or are so overlaid as to be ineffective.

Statistics show that there are more church members in North America than ever before. If statistics showed the vital Christianity which this membership represented, the degree to which such church members followed the teaching and example of their Master in brotherly love, one wonders what the result would be.

Millions upon millions of church members fired by a genuine Christian zeal, with Christ really in their midst, would be a power against all forms of prejudice, intolerance and bigotry; against crime and juvenile delinquency; against all that mars our social lives.

Churches To Observe World Day Of Prayer

Two hundred and twenty-five churches in Columbus and Franklin County will join churches of 98 other countries in the observance of World Prayer Friday, Mar. 4.

The 74th annual observance of the first Friday of Lent, prayer will begin with services in the Tonga Islands at sunrise, and end on St. Lawrence Island, Alaska, at sunset.

Thirty church centers in the area will hold community services at 1:30 p.m. A few areas will also hold evening services.

The event is planned locally under the sponsorship of United Church Women of Columbus and Franklin County.

Everyone is invited to attend the service planned in his own community. Host churches in Hartley Newspapers' area are:

Seven Area Schools On Awards List

Seven area high schools have been named by the Railroad Community Committee of the Columbus area as "qualified" for the science fair awards program.

The seven: New Albany, Bishop Hartley, Rosary, Starling Junior High, Aquinas, St. Mary and Hilliard.

Bronze medallions will be presented to the top exhibit in a bioglogical science and in a physical science division at each of the local science fairs. In addition, first, second and third place ribbons and certificates will be awarded, Don F. Rehl, committee chairman has announced.

The science teacher or sponsor of the local fairs will be eligible to receive a $50 U.S. Savings Bond if one of their first place students also garners a blue ribbon in the two categories at the Central District Science Fair on the Ohio State Fairgrounds, April 9.

Rehl said that a special team of railroad scientists and chemists will judge the competition at the district fair and will present a share of stock in one of the five railroads serving the Columbus area to the two winners selected.

New Driver's Regulations Aiming At Greater Safety

The Ohio Department of Highway Safety today clarified earlier reports on plans to provide for examinations of all new drivers and those whose licenses have expired more than six months before issuance of temporary permits.

The department's divisions—the State Highway Patrol which administers the test program and the Bureau of Motor Vehicles which issues the licenses—have conducted a series of coordinating meetings preparatory to establishing the new procedure pointing for state-wide operation sometime after May 1.

Director J. Grant Keys of the Highway Safety Department said that the program aims to improve beginning drivers and strengthen the driver license requirements.

The new system moving toward state-wide adoption includes all parts of the complete examination now given to new drivers except the behind-the-wheel road test, according to Colonel Scott B. Radcliffe, Highway Patrol superintendent. He pointed out that it includes a written examination on the traffic laws and highway warning signs as well as the vision checks previously mentioned.

Under the new plan, deputy registrars will issue temporary permits to beginning drivers and those whose license has expired more than six months only after the driver has first successfully completed the preliminary examination and has certification to the deputy by patrol examiners.

Fireblight has greatly limited the commercial production of pears, and in some localities in the Eastern United States has virtually eliminated the growing of this fruit, report OSU extension horticulturists.

Local Methodist Church Plans Annual Smorgasbord

The third annual smorgasbord of the Young Women's Circle, Gates-Fourth Methodist Church, will be held tonight from 6 to 7:30 p.m. Entrees will include roast beef, barbecued hot dogs, creamed chicken, ham, turkey, pork and sauerkraut, and salisbury steak. We understand the dessert section will be as varied, with nine kinds of pie, four kinds of cake, and puddings, to choose from. One of the co-chairmen, Jeanne Thompson, told us of an unusual potato recipe given to the groups by a hotel chef, featuring 16 herbs in the stuffed potato, then baked with a cheese and bacon topping. Doesn't it sound scrumptious? Prices of the fast-selling tickets are $1.50 for adults, 75 cents for children. Cochairman with Mrs. Thompson is Elna Schrader.

Two surprise birthday parties were held last weekend, one on Saturday and one on Sunday. Ada Graham, 714 S. 22nd-st, was the honored one on Saturday, Feb. 13. On Feb. 14, another S. 22nd-st resident, Frank Mullen, 967 S. 22nd-st, was surprised by his family. Frank's granddaughter, 10-year-old Patsy Herren, made all the arrangements to earn a Camp Fire Girl honor. HARTLEY Newspapers!

The staying power of Hartley Newspapers is what makes them so valuable to advertisers. None of them are "fly-by-night" periodicals, in the strictest sense of the phrase, but are bona fide publications, written and edited expressly for the communities they serve. Read by every readin' member of the family, many are retained in the home until the next issue is received, providing a constant reminder of the advertiser's message. "68% of the homes receiving the paper retain it in the home as many as five to six days. Another 23.6% keep the paper in the home a full week, till the next issue arrives." This was the conclusion drawn by an independent research organization after a survey of Hartley Newspapers. Name supplied upon request.

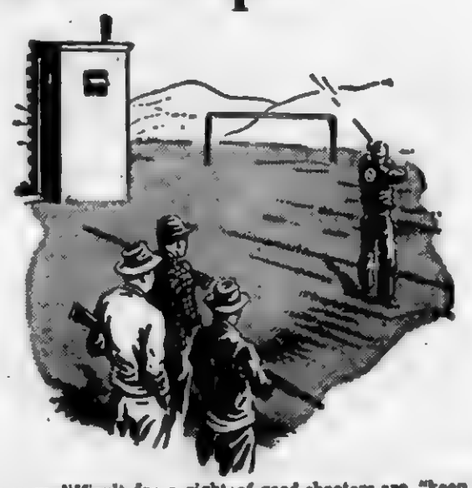
Orchestra Seeks New Musicians

The Columbus Orchestral Society now has openings for more musicians due to acquisition of new practice facilities.

The group plays symphonic music of all periods and usually presents three or four light programs each season for institutionalized Ohioans as well as a spring public performance for more challenging music. Rehearsals are held once a week from 8 to 9 p.m. Interested persons are asked to call David Bolon at TU. 5-0614 or Mrs. Dorothy Miller at HU. 6-5737.

Foster F. McElfresh is conductor of the orchestra. Members are Karl Fulton, Mrs. Betty Capeli, Mrs. William Green, William Womack, Glen Maxwell, Miss Sue Miller, Mr. and Mrs. James Stockdale, Dr. Charles Sander, Charles Pieters, Miss Shirley Fearing, Miss Cheryl Margulis, Miss Diane Sippert, Fred Lestch, Ted Turner, Miss Vivian Allison, Earl Dennis, Robert Watkays and Mrs. Dorothy Miller.

Seed Corn Bag Fights Aphids



The best and least expensive protection against corn leaf aphid is in the seed corn bag, says Dr. R. P. Holdsworth, Jr., Ohio State University Extension entomologist.

Planting corn hybrids which are resistant to the pest, Dr. Holdsworth says, will insure against the kind of losses many farmers suffered last year. Resistant hybrids include K62, W64, C54 and AES 805. All four of these hybrids gave outstanding performances in tests last year, the entomologist points out.

The use of insecticides at the proper time can reduce aphid damage, too.

Raisin prices are below a year ago, say Ohio State University Extension consumer marketing specialists. Use raisins in fruit cups, salads, cookies or cakes.

Good Rule For Shooters: Keep Both Eyes Wide Open

The statement, "two eyes are better than one" is an obvious truth. This is particularly so in the sport of shooting in any of its various forms.

Some time ago a popular magazine carried an article on shooting. Among the illustrations was a picture of a noted rifleman firing a gun from the prone position. Both of his eyes were open. The editor of the magazine received a surprisingly large number of letters criticizing the picture as depicting improper shooting form. This revealed a wide lack of knowledge among the interested but uninitiated.

Shooting with both eyes open comprises one of the most important principles that every novice shooter should follow. It is a fact that two eyes act as windows for one brain. Since your eyes are some distance apart, each eye sees close-up objects differently. Nature has taken care of this difference in viewpoints by giving one eye mastery over the other. Thus, when an object is looked at close at hand, the "master eye" is the one your brain uses. When one eye is stronger, it will be found to be the master.

Finding 'Master Eye' Easy

All shooters have heard the term "master eye," for it means the difference between hitting your target and missing it. To find out if you are shooting properly, put a gun up to your right shoulder and sight with your right eye on a target about 15 feet away. Then open your left eye. If your aim remains clear and your target view unchanged, then your right eye is master and you are shooting properly.

If, however, the target appears to be left of the muzzle when you open your left eye, then it is master. A left master eye is very difficult for a right handed shooter to use. With a lot of practice shooting with his left eye closed, this type of shooter may develop his right eye to be master. Then he can start shooting with both eyes open again.

Changing master eyes is fairly difficult, and it may be easier for a gunner to change shooting positions and shoot with his left shoulder.

In any event, the watchwords of good shooters are, "keep your eyes wide open." By learning to shoot this way, you will have a three-dimensional view of your field of fire. You will be better able to judge distances. Safety afield is improved, for you will be able to see a greater area.

Two important advantages of automation on the farm, say OSU extension agricultural engineers are release of the operator from daily routine tasks for more important duties, and a definite increase in the accuracy of the work performed.

Flickinger Says Ohio's Parks Crowded

At the 14th annual Great Lakes Park Training Institute, Pokagon State Park, Ind., Feb. 22-26, V. W. Flickinger, chief Ohio Division of Parks, will announce that one out of every eight Ohio residents visits state parks.

With the present level of park use in the state, officials are concerned over what might happen if even part of the seven-eights of Ohio's non-park going population suddenly became interested in the great outdoors. "Parks that are now over-crowded would become chaotic," Flickinger believes.

Jack Paar To Return To WLW-C Mar. 7

By Roger Swaney
Channel 4

TV personality, Jack Paar, will return to his late hour program on Mar. 7. Paar agreed to return to his program after a lengthy discussion with NBC authorities. At the present time he is vacationing in Hawaii.

According to local WLW-C authorities the network has been flooded with telephone calls since he walked off of his show and several mail bags full of mail for Paar have been received.

Several hundred large buttons which were being distributed to show-goers at Radio City reading "Come Back Jack Paar" have been altered to read "Welcome Back Jack Paar."

Paar told authorities television is the only thing he can do.

Final arrangements have been made by WLW-C to telecast the Ohio State-Indiana basketball game directly from the University of Indiana field house. The game is scheduled for Monday, Feb. 29, beginning at 8:30 p.m.

Jimmy Crum, WLW-C sports director, will telecast the game.

Channel 6

Coming back to Channel 6 on Mar. 7 will be Ted Mack and the Original Amateur Hour. It will be televised on Mondays at 10:30 p.m.

More than two million people, comprising 800,000 acts, have been auditioned for appearances on the "Amateur Hour."

The Lennon Sisters, favorites of the Lawrence Welk Show, received first place honors in the stage, screen and TV category. The awards will be presented on St. Patrick's Day in Los Angeles and San Francisco.

After much tossing around of the late feature they have come up with a name. The original Late Show that changer to Festurette has finally adopted the name Hour Glass.

The Hour Glass is seen over WTVN-TV week-days at 11:15 p.m. Another new show for the enjoyment of the late-arisers is the Morning Show at 9 a.m. Monday through Friday.

Channel 10

On Saturday, Feb. 27 the Ohio Story telecast over WBNS-TV at 4:50 p.m. will bring the story "Sounds from Outer Space." This will be documentary produced by the Ohio State University Research Department. Signs of signals received at OSU from space planets will be shown.

Jack Paar

Also heading up the spotlight on '10' is the Winter Olympics being televised from Squaw Valley, Calif., rounding up the last four days of the international meet. Check the times in the TV log for this thrilling event which is telecast daily. On Sunday, Feb. 28 the final ceremonies will take place at the headquarters from 2 to 5 p.m.

Bing Crosby and Perry Como will combine their talents to bring a full hour broadcast on Monday, Feb. 29. According to reports from the network, the special show will consist of many of America's favorites featured on the program.

Helen Hayes, often acknowledged as the first lady of the American theater, will be hostess for "The Lonely Years," a probing examination of the universal probem of old age, to be presented on "Woman!" at 3 p.m. over WBNS-TV, Tuesday, Mar. 1.

Local Scene

The Columbus Figure Skating Club members last Sunday donned their ice skates and chose their best valentine for

Party. The girls of the club broke balloons with the men's names in them to choose their partners.

The club meets every Sunday from 5:30 to 7:30 p.m. for two hours of fancy blade tricks. Dr. Prebis, president, cordially invites interested persons to watch their Sunday afternoon session at Olentangy Skating Rink. The club is open to persons of all ages who would like to try their hand at ice skating.

Hal Holbrook, the Ohio-born actor, educated at neighboring Denison University, will present his famous characterization of Samuel Langhorne Clemens, known to millions all over the world as Mark Twain, as a special attraction at Mershon Auditorium, Wednesday, Mar. 2 at 8 p.m.

No theatrical production since "My Fair Lady" has received such universal acclaim as has been accorded to Holbrook's "Mark Twain Tonight."

Advance tickets are now on sale at the Mershon Auditorium box office.

OSU To Feature Buckeye Band And Chorus Sunday

Featuring a new choral work by pianist-composer Julia Smith, OSU's Buckeye Band and University Chorus, both under the direction of Jack O. Evans, will present a joint program at Mershon Auditorium at 3 p.m. on Sunday afternoon, Feb. 28. Admission to the concert is free and the public is invited.

George Wilson, assistant professor in the School of Music, conducter of the Columbus Symphony Youth Orchestra, and bassoonist with the Columbus Symphony, will share conducting duties.

The Feb. 28 presentation of "Our Heritage," never before sung in Columbus, also marks the first performance of the work by large chorus and concert band.

Julia Smith's "Our Heritage" was premiered by Guy Fraser Harrison and the Oklahoma City Symphony in 1958.

In its program at Mershon Auditorium on Sunday, Feb. 28 at 3 p.m., the 120-piece Buckeye Band will play the following program: Aufwarts', Bravour-Marsch; Overturne to "Il Ghiarmy;" Good Friday Music from "Parsifal;" Czech Polka; Amparito Roca, Spanish March; Selection from "West Side Story;" March The Voice of Guns; Jubilation, An Overture for Concert Band and Highlights from "Windjammer."

During the second half of the program the 300-voice University Chorus also under the direction of Jack O. Evans, combines with the band to present the following numbers: Our Heritage and Battle Hymn of the Republic.

The program is open to the public without charge and seating is on a "first-come, first-served" basis.

The editor of the magazine received a surprisingly large number of letters criticizing the picture as depicting improper shooting form. This revealed a wide lack of knowledge among the interested but uninitiated.

Shooting with both eyes open comprises one of the most important principles that every novice shooter should follow. It is a fact that two eyes act as windows for one brain. Since your eyes are some distance apart, each eye sees close-up objects differently. Nature has taken care of this difference in viewpoints by giving one eye mastery over the other. Thus, when an object is looked at close at hand, the "master eye" is the one your brain uses. When one eye is stronger, it will be found to be the master.

Finding 'Master Eye' Easy

All shooters have heard the term "master eye," for it means the difference between hitting your target and missing it. To find out if you are shooting properly, put a gun up to your right shoulder and sight with your right eye on a target about 15 feet away. Then open your left eye. If your aim remains clear and your target view unchanged, then your right eye is master and you are shooting properly.

If, however, the target appears to be left of the muzzle when you open your left eye, then it is master. A left master eye is very difficult for a right handed shooter to use. With a lot of practice shooting with his left eye closed, this type of shooter may develop his right eye to be master. Then he can start shooting with both eyes open again.

Changing master eyes is fairly difficult, and it may be easier for a gunner to change shooting positions and shoot with his left shoulder.

In any event, the watchwords of good shooters are, "keep your eyes wide open." By learning to shoot this way, you will have a three-dimensional view of your field of fire. You will be better able to judge distances. Safety afield is improved, for you will be able to see a greater area.

Flickinger Says Ohio's Parks Crowded

At the 14th annual Great Lakes Park Training Institute, Pokagon State Park, Ind., Feb. 22-26, V. W. Flickinger, chief Ohio Division of Parks, will announce that one out of every eight Ohio residents visits state parks.

With the present level of park use in the state, officials are concerned over what might happen if even part of the seven-eights of Ohio's non-park going population suddenly became interested in the great outdoors. "Parks that are now over-crowded would become chaotic," Flickinger believes.

Two important advantages of automation on the farm, say OSU extension agricultural engineers are release of the operator from daily routine tasks for more important duties, and a definite increase in the accuracy of the work performed.

Barbershop Conclave Set For March 6

The Columbus Chapter of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, Inc., will hold its 15th annual Parade of Quartets at Veterans Memorial Auditorium, Sunday, Mar. 6 at 2:15 p.m.

Featured artists in the 1960 parade will be the Buffalo Bills, direct from the Broadway hit, "Music Man." "The Easternaires," winners of the 1959 International Medal; the "Colonials," winners of the 1958 Johnny Appleseed District award and the "Sta-Laters," who received the runner-up award in Johnny Appleseed District award will be the out-of-town professional groups who will appear with many quartets for the afternoon. Some of the units that will be appearing from the Columbus area are the Columbus Chapter Chorus and the Sweet Adeline Chorus.

Tickets may be obtained from any Columbus Chapter Chorus member or at the box office at Summers and Son Music Store.

A Weekly Guide For Things To Be In Your Leisure Hours

Jack Paar To Return To WLW-C Mar. 7

By Roger Swaney
Channel 4

TV personality, Jack Paar, will return to his late hour program on Mar. 7. Paar agreed to return to his program after a lengthy discussion with NBC authorities. At the present time he is vacationing in Hawaii.

According to local WLW-C authorities the network has been flooded with telephone calls since he walked off of his show and several mail bags full of mail for Paar have been received.

Several hundred large buttons which were being distributed to show-goers at Radio City reading "Come Back Jack Paar" have been altered to read "Welcome Back Jack Paar."

Paar told authorities television is the only thing he can do.

Final arrangements have been made by WLW-C to telecast the Ohio State-Indiana basketball game directly from the University of Indiana field house. The game is scheduled for Monday, Feb. 29, beginning at 8:30 p.m.

Jimmy Crum, WLW-C sports director, will telecast the game.

Channel 6

Coming back to Channel 6 on Mar. 7 will be Ted Mack and the Original Amateur Hour. It will be televised on Mondays at 10:30 p.m.

More than two million people, comprising 800,000 acts, have been auditioned for appearances on the "Amateur Hour."

The Lennon Sisters, favorites of the Lawrence Welk Show, received first place honors in the stage, screen and TV category. The awards will be presented on St. Patrick's Day in Los Angeles and San Francisco.

After much tossing around of the late feature they have come up with a name. The original Late Show that changer to Futurette has finally adopted the name Hour Glass.

The Hour Glass is seen over WTVN-TV week-days at 11:15 p.m. Another new show for the enjoyment of the late-arisers is the Morning Show at 9 a.m. Monday through Friday.

Channel 10

On Saturday, Feb. 27 the Ohio Story telecast over WBNS-TV at 4:50 p.m. will bring the story "Sounds from Outer Space." This will be documentary produced by the Ohio State University Research Department. Signs of signals received at OSU from space planets will

Jack Paar

be shown.

Also heading up the spotlight on '10' is the Winter Olympics being televised from Squaw Valley, Calif., rounding up the last four days of the international meet. Check the times in the TV log for this thrilling event which is telecast daily. On Sunday, Feb. 28 the final ceremonies will take place at the headquarters from 2 to 5 p.m.

Bing Crosby and Perry Como will combine their talents to bring a full hour broadcast on Monday, Feb. 29. According to reports from the network, the special show will consist of many of America's favorites featured on the program.

Helen Hayes, often acknowledged as the first lady of the American theater, will be hostess for "The Lonely Years," a probing examination of the universal probem of old age, to be presented on "Woman!" at 3 p.m. over WBNS-TV, Tuesday, Mar. 1.

Local Scene

The Columbus Figure Skating Club members last Sunday donned their ice skates and chose their best valentine for Party. The girls of the club broke balloons with the men's names in them to choose their partners.

The club meets every Sunday from 5:30 to 7:30 p.m. for two hours of fancy blade tricks. Dr. Prebis, president, cordially invites interested persons to watch their Sunday afternoon session at Olentangy Skating Rink. The club is open to persons of all ages who would like to try their hand at ice skating.

Hal Holbrook, the Ohio-born actor, educated at neighboring Denison University, will present his famous characterization of Samuel Langhorne Clemens, known to millions all over the world as Mark Twain, as a special attraction at Mershon Auditorium, Wednesday, Mar. 2 at 8 p.m.

No theatrical production since "My Fair Lady" has received such universal acclaim as has been accorded to Holbrook's "Mark Twain Tonight."

Advance tickets are now on sale at the Mershon Auditorium box office.

OSU To Feature Buckeye Band And Chorus Sunday

Featuring a new choral work by pianist-composer Julia Smith, OSU's Buckeye Band and University Chorus, both under the direction of Jack O. Evans, will present a joint program at Mershon Auditorium at 3 p.m. on Sunday afternoon, Feb. 28. Admission to the concert is free and the public is invited.

George Wilson, assistant professor in the School of Music, conductor of the Columbus Symphony Youth Orchestra, and bassoonist with the Columbus Symphony, will share conducting duties.

The Feb. 28 presentation of "Our Heritage," never before sung in Columbus, also marks the first performance of the work by large chorus and concert band.

Julia Smith's "Our Heritage" was premiered by Guy Fraser Harrison and the Oklahoma City Symphony in 1958.

In its program at Mershon Auditorium on Sunday, Feb. 28 at 3 p.m., the 120-piece Buckeye Band will play the following program: Aufwarts', Bravour-Marsch; Overturne to "Il Gharmy;" Good Friday Music from "Parsifal;" Czech Polka; Amparito Roca, Spanish March; Selection from "West Side Story;" March The Voice of Guns; Jubilation, An Overture for Concert Band and Highlights from "Windjammer."

During the second half of the program the 300-voice University Chorus also under the direction of Jack O. Evans, combines with the band to present the following numbers: Our Heritage and Battle Hymn of the Republic.

The program is open to the public without charge and seating is on a "first-come, first-served" basis.

New car production in the United States in 1959 was 5.5 million cars. This is 30 percent above the 10-year low in 1958, according to OSU extension entomologists.

Local Methodist Church Plans Annual Smorgasbord

The third annual smorgasbord of the Young Women's Circle, Gates-Fourth Methodist Church, will be held tonight from 6 to 7:30 p.m. Entrees will include roast beef, barbecued hot dogs, creamed chicken, ham, turkey, pork and sauerkraut, and salisbury steak. We understand the dessert section will be as varied, with nine kinds of pie, four kinds of cake, and puddings, to choose from. One of the co-chairmen, Jeanne Thompson, told us of an unusual potato recipe given to the groups by a hotel chef, featuring 16 herbs in the stuffed potato, then baked with a cheese and bacon topping. Doesn't it sound scrumptious? Prices of the fast-selling tickets are $1.50 for adults, 75 cents for children. Cochairman with Mrs. Thompson is Elna Schrader.

Two surprise birthday parties were held last weekend, one on Saturday and one on Sunday. Ada Graham, 714 S. 22nd-st, was the honored one on Saturday, Feb. 13. On Feb. 14, another S. 22nd-st resident, Frank Mullen, 867 S. 22nd-st, was surprised by his family. Frank's granddaughter, 10-year-old Patsy Herren, made all the arrangements to earn a Camp Fire Girl honor. Attending the party, in addition to the Mullenses were Mr. and Mrs. George Ballinger, Mr. and Mrs. John Mullen and daughter, Debbie; Mr. and Mrs. Marvin Burkland, Mr. and Mrs. Robert Herren and their two daughters; Mr. and Mrs. Thurman Krivda with their five youngsters.

We understand Mrs. Krivda is to be congratulated for her selection as Queen of the K of C Valentine party on Feb. 13. Queen Corrine won many nice prizes when she "ascended" her throne. Mrs. Krivda's home address is 196 E. Gates-at.

St. Ladislas Altar Rosary Society will hold its monthly meeting tonight at 8 p.m. in the church basement. There will be rosary recitation at 7:30 p.m., preceding the meeting.

Mrs. Walter Hiser, Founder's Day Chairman, has an interesting meeting lined up for the Southwood PTA meeting tonight at 7:30. Past presidents will be honored, also six members of the PTA. Louis Whitacre, president of the Southeast Lions Club, will present a Delineascope and Ken-a-vision to the school. A skit "Father Decides" will be presented. Refreshments will conclude the program.

Late February and early March birthdays will be celebrated by these South Side youngsters: David Moore, Feb 28, Theresa Page, Feb. 28; Sandra Arnold, Feb. 28; Melvin Penrod, Mar. 1; James McKenzie, Feb. 28; Beverly Chattos, Feb. 26; Karen Edinger, Feb. 28; Paula Clark, Mar. 1; Linda Thompson, Feb. 28; Sharon Wells, Mar. 1; Kathleen Ann May, Mar. 1; Larry Edwards, Mar. 2.

Our sympathy to Kurlylock Beauty Shoppe owner Marie Long, whose husband passed away unexpectedly last week from a heart attack.

Unless the snowy weather changed their plans, three central Ohio residents made a trip to Aberdeen, Md., last weekend. Wanda and Irene Clark, 1042 Lockbourne-av were two of the travellers, and a Canal Winchester friend was the third member of the party. Wanda visited her fiance, Tom Suttles, while at Aberdeen. "Mommy" Irene was the chauffeur. Earl Clark, meanwhile, was travelling in the opposite direction from his wife and daughter, to Arizona. He expects to be gone for two weeks.

Colds and the flu seem to be pretty prevalent, almost too many cases to mention, so we will just list one ailing South Sider who is hospitalized at this time. Stella Snyder is in room 109, Mercy Hospital, as we write.

Birthdays or anniversaries for the coming week: Dorothy Hussey, Feb. 26; Feb. 27, the anniversary of Bob and Verna Reuter, 1576 Oakwood-av; Feb. 28, birthdays for Juanita Berger and Sue LaRue; Mar. 1, Lu Davis and Pearl Southall. The Zodiac Club gathered at the Lenox household on Feb. 21 to commiserate with Lorraine Itskin for getting "older."

Apropos of nothing . . . TV commercials showing eight small cavities for sinus and one large brain are misleading. If's the brain that's in eight sections, with the sinuses working overtime in all the space that's left! Don't you agree, Sinus Sufferers?

South High School's final basketball game will be played at Eastmoor, Friday, Feb. 26. Then it will be on to the start of the tournament, and we wish them gobs of luck! Feb. 26 and 27 will see the OAC Tournament get underway, Southern section at Capital University, Northern Section at Akron.

Three South Side Trudeau Guilds attended "Operation Petticoat," showing at the RKO Grand in a theater party last Monday evening. Guilds 10, 12 and 25 were the invited groups. Chairmen are Mrs. Herbert Hampton, Guild 10; Mrs. Donald Ryan, Guild 12 and Mrs. James Whalen, Guild 15.

Ronald and Margie Dunham visited their son and his little family in Pennsylvania not too long ago. Bob Dunham is now a resident of neighboring Pennsylvania.

Roger Brown, 552 Southwood-av, has completed his six months active duty with the Marine Reserve Corps and is once again back in Columbus.

The executive board meeting of the Camp Fire Girls will meet this evening at 7:30, in the meeting room of the Charity Newsies, 718 S. High-st.

On Thursday, Feb. 25, Chapter 206, Women of the Moose, will hold the regular business meeting. Senior Regent, Mabel Gregory will preside. We don't have next Wednesday's menu to pass along, but don't forget the weekly dinner, held from 5 to 7 at the hall, 36 W. Sycamore-st. Adults $1.00, children, 50 cents.

The nationally known gospel-singing quartet, The Blackwood Brothers, will appear at the Youth Center of Ohio State Fairgrounds, Wednesday, Mar. 2 at 8 p.m.

The quartet appeared twice on the Arthur Godfrey Talent Scout TV program, and were winners both times, once in 1954 and again in 1956. They have mode Columbus appearances previously, singing always to capacity crowds. They are under the sponsorship of the Faith Baptist Church, of Columbus, on this engagement, but the general public is cordially invited to attend. No admittance will be charged, but a free-will offering will be taken. A variety of gospel songs will be sung during the approximate hour and forty-five minute program. The group has made records, and these will be available at the Youth Center.

Mrs. Clara E. Smith, of 744 Jaeger-st, a charter member of Schiller Park Golden Age Club, is recuperating at home after being hospitalized for eight days with pneumonia.

Gilson Will Is Challenged By Relatives

A challenge of the will of the late Louis E. Gilson, 923 Berkeley-rd, was presented in Common Pleas Court Friday by two relatives, Mrs. Anna Hammond, 1026 Geers-av, a sister and John F. Gilson, 1258 S. High-st, a brother.

The brother and sister of the deceased man claim the will filed on Oct. 10, the day of Gilson's death is not a valid will. Their claim is that they are the sole heirs to the estate.

Jehovah's Witnesses Plan Weekend Meeting

Angelo Catengero

Services of Jehovah's Witnesses at Kingdom Hall, 1705 S. High-st, will be suspended this week to enable the congregation to attend the circuit convention at the state fairgrounds, Dean G. Bourne, presiding minister of the group announced.

The convention runs Friday, Feb. 26 through Sunday, and it will be held at the Arts and Crafts Building.

Featured speaker will be Angelo A. Catanzaro, Jr., 32, district supervisor from the Watchtower Society's New York headquarters, who is currently on a speaking tour through Ohio, Indiana, and Michigan.

He oversees the work of 20,000 volunteer ministers in over 200 congregations of Jehovah's Witnesses.

Catanzaro will speak twice each day.

High point will be his public address Sunday at 3 p.m., on the subject "Finding Peace In A Troubled World."

About 2,000 are expected from central Ohio. Public is welcome and there is no charge.

Playing key roles during the meet in addition to Bourne, who is assistant convention manager, will be Ray E. Wheeler, 1136 Ellsworth-av, who will lead an orchestra in interlude music and direct a thousand-voice chorus, and John O. Brehmer, 710 Oakwood-av, who will act as news service director.

Record Use Made Of City Recreation

A new record was established by the Columbus Recreation Department in 1959 with a total of 3,672,128 participants, or an increase of 478,944 over the previous record established in 1958, according to a report made to the Recreation Commission by Supt. N. J. Barack.

This increase of almost one-half million participants was due to more playgrounds, better and more experienced leadership and to the additions of Thompson and Windsor-Terrace Recreation Centers, which give the Recreation Department a total of 14 recreation centers for year-round use.

The gymnasium facilities of the Recreation Department have increased from three to 11 in the last three years and provide an extensive physical program for boys and girls.

With Thompson and Windsor Terrace Recreation Centers operating for the entire year in 1960 rather than a total of six months for both in 1959, and by adding additional playgrounds, as now planned, it is very possible that a new participation record may be established in 1960 and a goal of four million, participants reached.

ALTERS HOME

BUILDS FENCE
A building permit was issued to Abe Schustick, 756 Parsons-av to build a concrete block fence. Estimated cost is $1000.

SPECIAL!

COMING — Jimmy Clanton, well known recording star, will appear in a special show at the Rollerland this Thursday evening. Included on the program are Frankie Ford, The Champs, Ray Smith and Johnny Ferguson. This will be the first and only appearance of the group in Columbus this year.

77-Year-Old—

(Continued from Page 1)

Orpheum circuit skater taught him at the Playmore in Kansas City, Mo.

Coming back to his native territory of Columbus and central Ohio, Seeley decided to continue his art on ice. He had started his ice skating in Kansas City being taught by the international pair skater, Mary Jane Halsted. At the present time, Seeley spends at least three days a week at Olentangy Ice Rink working under Mr. Redman, instructor at the studio.

Seeley said he has skated as high as six hours straight. When asked why he takes skating, he said, "It builds me up and keeps me in shape the year round!"

He has taken several dances on the ice that help qualify him for the silver and gold metals, however he accounts for a bronze metal at the present time.

Seeley, recently appeared in an ice show for the benefit of the Crippled Children of Franklin County. He and his partner, a four year old girl appeared in a dance on ice called "A Lady and Her Escort."

Thomas Seeley was born in Milford Center on Apr. 16, 1883. He comes from a family of six.

Restoration—

specifications for architecture and decorating, for appearance in general. Rehabilitated houses are those which have been merely repaired or remodeled to put them safely above the minimum housing standards.

The South Side Business and Industrial Association has waged constant effort to preserve a history. The Council of South Side Organizations has been operating on many fronts. The Southern Kiwanis Club has undertaken efforts to preserve a history.

City planners say that abolishing through traffic on major streets is a definite possibility. They further state that park and playground areas and improved conveniences such as shoppers' malls, parking and new schools are all possible when a community endeavors to reinstate itself.

Urban renewal officials say that they must remain spectators for the purpose to learn how the job can be done by individuals.

There has been no precedent in major cities, nor a plan of the kind talked about by the new German Village Society. Achievements by the group may earn Columbus a national reputation. Membership fees are $12 for individuals, $25 for business firms and $6 for associate memberships (non-residents).

At a meeting last Sunday, Fetch suggested arranging a tour of homes in the South Side this spring and said, "If the membership becomes large enough the society might eventually be able to buy blighted houses and do its own restoration."

A 60-day time limit has been set by Fetch to obtain 500 members for the organization.

Officers of the newly formed society are Frank Fetch, president; Lest Newkirk, vice-president; Mrs. Donna Augustine, secretary, and Mrs. Ralph Fischer, treasurer.

SCHILLER BOASTS GYMNASTICS CLASS

HIGH JUMPER—Schiller Recreation Center has an active gymnastics class being held in the evenings at the center. Shown above in flight on the trampoline is a student in the gymnastics class. Classes are being held for both youths and adults under the guidance of a trained instructor.
